

THE RISING SUN STOVE POLISH.

THE LARGEST FACTORY OF ITS KIND IN THE WORLD.

Beware of paint and paste polish said to be labor saving, self-shining, etc., which stain hands, pit the iron, and fill the house with a poisonous and sickening odor when heated. Do not take any chances of being poisoned or burned to death with inflammable liquid stove polish, paints and enamels in bottles. "The Rising Sun Stove Polish" is safe, odorless, brilliant, the cheapest and best stove polish made, and the consumer pays for no expensive tin or glass package with every purchase.

What is

CASTORIA

Castoria is Dr. Samuel P. Pitcher's description for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paragoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guaranteed thirty years' use by Millions of Mothers. Castoria cures Worms and allays feverishness. Castoria prevents vomiting Sour Curd, teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

Castoria is so well adapted to children that it is recommended as superior to any prescription known to the world.

Dr. J. C. O'Connell, Lowell, Mass.

Castoria is the best remedy for children of which I am acquainted. I hope the day is not distant when mothers will consider the interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves.

A White World.

I never knew the world in white

So beautiful could be

As I have seen it here today

Beside the wintry sea;

A new earth, bride of a new heaven,

Has been revealed to me.

The sunrise bled wave and cloud

Into one broad field of gold,

But touched with rose the world's white robe

In every curve and fold;

While the blue air did over all

Its breath in wonder hold.

Earth was a statue half awake

Beneath her Sculptor's hand.

How the Great Master bends with love

Easy it is, on such a day,

To feel and understand.

—Winslow S. Holmes of Plymouth has a

number, which during the month of

February shelled out 245 eggs.

—The Boston Home Journal says,

"Nine hours' pay for eight hours' work"

is very much like demanding five dollars

for groceries for four dollars in cash.

—Eight years ago the Brockton post-

office had its first duly appointed letter

carriers. It then had five carriers. There

are now 14 carriers, and two more will

be added to the force. The business has

increased in these eight years from \$20,200

in 1884 to \$41,500.

—There is little doubt that the button

shoe for men is returning to favor with

Brockton manufacturers. Buttons some-

times smaller than dog knobs are used in

the new styles. An advantage which

these present is the ease with which they

may be fastened with the fingers after the

shoe has been a few times worn.

—Worcester is in a large and rich

county in which manufactures of all kinds

flourish. It ranks tenth among all the

counties of the United States, in the value

of its agricultural products.—Worcester

Mass. Gazette.

—The superintendent of public buildings

in Boston reports the rents received by the

city for the stalls and cellars in Faneuil

Hall market as \$55,290 per year, and for

the stalls and cellars at Faneuil Hall build-

ings as \$19,212, beside the Quincy Hall

for \$14,068, and other rents received by

the city, which make the total \$100,689 67.

—There are evidently some shrewd milk

swindlers in England. Their latest trick

is to skin off a large percentage of cream

and then add starch and water; and the

mixture is so made that at the trial of an

offender an analyst testified that he had

not made a test especially to find starch

but he would not have run across it, as under

ordinary circumstances it would escape

detection in analysis. The effect of this

was to add to the solids and make poor

milk apparently rich. The offender was

heavily fined.

—A rough estimate of gains in the

Yellowstone Park now would include

40,000 elk, 1500 deer, 400 buffalo, 1,000

black-tailed deer, 300 mountain sheep,

and plenty of caribou, beaver and other

various. The game increases from year

to year, as the law now is, no game can

be killed in the park.

—When compared with the thirty-six

cents per thousand feet paid by Philadelphia

for gas, forty-seven cents paid by New

York, or even with the eighty-three cents

paid by Chicago, the price paid by Boston

seems a trifle high. This becomes

more apparent when it is found that this

sum enables the gas company to pay div-

idends of nearly 10 per cent. upon a capital

which exceeds \$4,500,000 is said by the Mayor

not to be in existence. It is 10 per cent.

dividend can be paid on the capital as it is

represented, what is the rate of divi-

dends paid upon the real capital after de-

ducing the \$4,500,000? This is an interest-

ing problem in mathematics.—Boston

Trade Unions.

The last regular meeting of the present

session of the Quincy Literary Society was

held in Doble's hall Saturday evening, Pres-

ident McKenize in the chair. The business

before the meeting was an essay on "Trade

Unions" by Mr. William Taylor.

During the past months questions con-

cerning labor have held a very conspicuous

place in the deliberations of this society,

and it was perhaps fitting that the closing

evening of the session should be taken in

discussing the relative merits of labor or-

ganizations which have been so much dis-

cussed.

In opening his paper Mr. Taylor gave

some accounts of the earlier attempts at

trade organizations of which we have any

record. This was about the 14th century,

but his history is not a history of the times

for many years nothing is heard of them.

A little over a hundred years ago, however,

the friendly society made its appearance

in England. These clubs were poor men

gathering and paid their dues to the

club in time, and all the while the

Chamber, where, after delivering an ad-

dress which has been described by the

gentleman's biographer as "an effusion

of rhetorical excess, and breathing

boundless philanthropy," he took the

oath of office as President of the United

States. That was the way Thomas

Jefferson was inaugurated. His prede-

cessor, John Adams, had departed from

own early that morning and avoid

the ceremony of attending the ceremony

of inducting his successor into office.

It was different this year.—Patriot

Chronicle.

"They say such things and they do

such things" in other places than "The

Bowery." Out in Waltham they are hav-

ing a high old time over the action of the

trustees of the public library who rule out

Sunday papers, and who would "take the

young," and have ruled in Ainsworth's

"Jack Sheppard."—Dorchester Beacon.

Humming of the Wires.

You have all heard the humming and

singing of telegraph and telephone wires

as you pass the poles along the streets. No

doubt you have concluded that it is caused

by the action of the wind on the wires and

given it no further thought. But it is not

that the singing is caused by the wind

and if you are at all observing you will

notice that often the humming sound is to

be heard these cold winter mornings when

the smoke from the chimneys goes straight

up until it is lost in the clouds and when

the frost on the wires is as fuzzy and soft

as a puff of champagne.

The wind has nothing to do with the

sound, and according to an Austrian

scientist the vibrations are due to the

friction is produced on the supporting

poles, thus the humming sound is in the

poles. When this humming has been

going on for some time the sound of

insects inside the poles, and have been

seen to peck with their bills on the out-

side as they come upon apple and other

trees. The story is told of a bear that mistook

the humming noise as coming from a nest

of bees, and clawed at the pole, and there

away the stones at its base in the hope

of finding the much-coveted honey.—Ulrich

Poetry.
The Man That Never Sleeps.
I've wondered often how he feels
When trouble comes his way,
When everything goes wrong and clouds
Obscure his sunny day.
For instance, when a gust of wind
Takes off the tile he wears,
I wonder what he thinks about
The man that never sleeps.

Or when he makes a business trip,
He hastens through the rain,
And getting a new station not in time
To miss the morning train.
How does he feel in the west?
The express disappears?
I wonder what he thinks about
The man that never sleeps.

The world is full of trying scenes,
No matter where we go.
The truly good are tempted sore
By sin, by pain, by woe.
And when I find him vexed and mad
My sympathy he shares.
For I imagine how he feels—
The man that never sleeps.

Miscellaneous.
Two Sides of an Opportunity.
"Yes, it is very pretty," Bertha Holmes
looked with great satisfaction at the
pictures of a new dress she was
trying on. Satisfied with the result, she
said, "I took a great deal of pains with it. I
am glad you are pleased."

"Oh, I'm always pleased with your
work, Janet," Bertha never failed in
pleasing acknowledgments to the work
she worked for.

The two girls formed a striking contrast
as they stood before a long mirror—Bertha
gazing at her pretty self with a care-free
delectation, and Janet, with a little
frown, the sewing girl taking in each detail
of the dress, setting a fold here, patting down
a ruffle there, with the anxious face belong-
ing to one to whom life has turned its
struggle side.

After satisfying herself with the
result, she said, "I like it very much, but
I wish you would make it a little
shorter, which showed that she found the
pressing of her rights a difficult matter."
"Would it be convenient for you to let me
have the money very soon, Miss Bertha?"

"Oh, I suppose so, Janet. Is there any
great hurry?"

"I haven't been very well," she was
the hesitating reply. No one taking careful
heed of the hollowiness of the large dark
eyes and the lines about the mouth, she
had needed to be told this. "And I have
been trying to arrange to take a little
holiday near the end of the month."

"I am sure you need it," said Bertha
warmly. "Of course I will let you have
what you wish. It's all right. I'll be
glad to see you. I'll be glad to see you."
Yes, that is moderate, I'm sure. Good-
bye. I'm glad you are thinking of an
outing."

Bertha hurried away, fully determined
to go to the mountains for a few days of
rest for the dress. But she was making
preparation for her own summer outing
and soon allowed the matter to escape her
mind. The new dress, representing so
many hours of painstaking work to the
little dressmaker, was but one feature of
the more fortunate girl's outfit.

Ten days later Janet contrived a pretext
for calling at Bertha's home.

"I was coming this way and I thought
I would just stop in and see the pieces
of your dress which I forgot when I brought
it home."

"Yes, thank you," said Bertha. "And
I intended to take that money to you
before this, but I really forgot to
bring it with me. It's all right. I'll be
glad to see you. I'll be glad to see you."

"Oh, I'm not looking at all well," said
Bertha's mother, gazing with sympathy at
the small, pinched figure.

"I've been coughing a good deal lately,"
said Janet. "But the doctor thinks a little
rest and change will set me up for winter's
work."

Mother sighed as she took in the de-
scribed between her own blooming daughter
and the girl to whom so little rest came,
making life smooth to every young girl.
"Be sure you don't delay about paying
her, Bertha," she said, after Janet had
gone.

True to her promise, Bertha, the early
in the morning, set out with the money
for Janet in her pocket. On the way she
was met by a friend who asked, "Are you
all ready for the tennis tournament?"

"The tournament? Oh, I had about
given that up. My tennis dress looks
shabby, and I have so many new things
I thought I'd have to get along with
this."

"You can't give it up. I saw Harry
Lucas yesterday and he said they had put
you on the program for the ladies' doubles.
Helen Marsh had to go away with her sick
mother, and you are in her place."

"I really don't see how I can," said Bertha
in great perplexity. "My dress isn't
fit to be seen in a tournament with the money
I have in my pocket. I don't know what to
do. Only three dollars it's marked."
And there's a dangle for your skirt that
exactly matches it. Just your color,
Bertha."

"But I was not intending to get a new
suit," said Bertha.

"But you say you need it, and I'm sure
that's not high. You can make up the
skirt yourself and the whole thing will
cost so little. If you haven't the money
brought up on you let me have it as well as
not."

"Thank you, it isn't that," said Bertha
undecidedly. Eight dollars was in her
pocket. The tennis dress was most tempt-
ing, but she thought unhesitatingly of
her dressmaker's bill.

"After all," she reasoned with herself,
"there can be no great hurry about paying

The Man That Never Sleeps.
I've wondered often how he feels
When trouble comes his way,
When everything goes wrong and clouds
Obscure his sunny day.
For instance, when a gust of wind
Takes off the tile he wears,
I wonder what he thinks about
The man that never sleeps.

Or when he makes a business trip,
He hastens through the rain,
And getting a new station not in time
To miss the morning train.
How does he feel in the west?
The express disappears?
I wonder what he thinks about
The man that never sleeps.

The world is full of trying scenes,
No matter where we go.
The truly good are tempted sore
By sin, by pain, by woe.
And when I find him vexed and mad
My sympathy he shares.
For I imagine how he feels—
The man that never sleeps.

Miscellaneous.
Two Sides of an Opportunity.
"Yes, it is very pretty," Bertha Holmes
looked with great satisfaction at the
pictures of a new dress she was
trying on. Satisfied with the result, she
said, "I took a great deal of pains with it. I
am glad you are pleased."

Easter Morn.

The fields are waiting in coats of brown, With the first warm breath the winter fled, The buds on the trees bespeak the dawn, The voice of Jehovah calls the dead.
The south wind murmur with cadence low, Voices respond from earth's cold breast, God is speaking and the brown seeds grow, Shooting upward from their place of rest.
The crocus has burst the bonds of death, Smiling with beauty this Easter Morn, Lilies are coming with fragrant breath, Up through the darkness to greet the dawn.
Love eternal is speaking to earth, Softly, silently life doth unfold, The butterfly waken from torpid death, Soaring away on wings of gold.
Symbols of death, in silence they wait, Through the winter in expiring tomb, Symbols of life, eternal they wait, Buds are bursting with beauty and bloom.
Through the coating that covers the plain, Gaily the green grasses are coming again, God's sweet grasses are coming again, Clothed with new beauty, fresh every one.

—By the will of the late James H. Carlton of Haverhill, the Haverhill city hospital will receive \$25,000. The Quincy hospital would like to be remembered in a similar way.

—The experience of the town of Avon, Mass., in building and opening its own water works shows what may be done by small towns to obtain a public water supply. The system has been built three years, and during last year, the third, it paid its running expenses and all the interest on the town water bonds, and more than that, had \$84.17 to its credit. All that the town has to pay direct taxation is the face of the bonds that mature.

—The elaborate carving designed to ornament the bow of the new United States cruiser Marblehead, has just been completed at Loring's shipyard, South Boston, at a cost of about \$300. It runs tapering back from the bow a distance of about 15 feet. The background is painted white, and the scroll work has about \$15 worth of gilding upon it.

—The following anecdote of the late Bishop Brooks is worth repeating as showing one of his adventures among the children whom he dearly loved. It is said that one time at some informal meeting where there were a great many children, he felt a strange sensation about one of his knees—a queer repeated jabbing sensation. And when it came the third time he realized that it was external, and looked down to see a tiny girl gravely sticking a pin. "Well, well, little girl, what are you doing?" he exclaimed; and she replied, "I just wanted to see if you're stuffed!" His great size had impressed her.—*Lowell Journal.*

—It is worthy of note that the venerable Rev. Dr. Briggs of Cambridge, the long-time pastor of the Unitarian Church of Cambridgeport, who only about a year ago was so sick as to be unconscious for many weeks occupied his old pulpit last Sunday. He celebrated at that time the completion of the 26th year of his pastorate over that church. On Saturday, April 8, the venerable clergyman will be 83 years old.

—A peasant ploughing near Porcuna, Spain, recently unearthed some gold and silver coins, all in a good state of preservation. The gold coins are somewhat larger than a 25-cent piece, and the silver ones about the size of a dime. On one side of them is the inscription "Sabina Augusta Hadriana, G. R. A." and on the reverse is the figure of a Roman foot soldier.

Anecdotes.

A boy of thirteen, in a public grammar school, was reproached by his master for slowness.

"When I was thirteen," said the master, "I was two years further advanced than you are. How do you account for that?"

"I've heard my father say," replied the boy a little diffidently, "that they used to have a great deal better teachers than they have nowadays."

She was a frivolous, fashionable young woman with beads galore, but one man with only a small income seemed to be the favorite.

"You'll have to work hard before you win that girl," said his mother.

"And a good deal harder after you win her," answered his father, who knew what he was talking about.

Teacher—"Tommy, what constitutes the difference between a village and a city?"

Tommy—"One's in the East and the other's out West."

Waiter (to grumpy customer)—"Haven't you forgotten something?"

Customer (with asperity)—"Yes, sir; I've forgotten more than you ever knew."

Jimmy—"Why don't you come over here and skate?" The ice is a heap slicker."

Tommy—"There's more fun here. It is to be broken through here, I'd likely down, an' over there th' water ain't a foot deep."

Spring Planting.

The crops that are planted early are, peas, onions, radishes, beets, spinach, kale, cabbage, greens, and lettuce. The rhubarb patch also should be cultivated and forked and the grass and other weeds taken out.

About the middle or twentieth of the month the covering should be taken off the beds of strawberries and winter spinach, and about the last of the month or first of May is the best time to make new strawberry beds.

Gooseberry, currant and raspberry bushes should be planted as early as the land can be worked, for these plants start into growth as soon as the frost is gone.

Asparagus beds should be gone over to take out any weeds and the land thoroughly pulverized with repeated harrowing or cultivating over the rows of the plants; a liberal dressing of fertilizer can be applied now, and is better than manure for this crop, because it contains no seeds of weeds, which are apt to be very troublesome in asparagus fields manured with stable manure. There is nothing better for this purpose than ground bone and hard wood shavings, about 600 pounds per acre of each.—*Massachusetts Ploughman.*

A Knife and its Traces.

A huge knife, said to be over 100 years old and resembling an ancient javelin, was presented to the postmaster at Bangor, Me., just after the election. It was labeled "Adrian's Ax." Across the blade in black letters were the words, "The melancholy days have come." This was a grim joke to play on a Republican postmaster, but he concluded to make the best of it. He tagged it and started it on a journey across the continent. At last accounts it was at Marquette, Mich., all covered with tags and the numerous messages had added as the Democratic gullible passed over his route.—*Exchange.*

The White Squadron.

The White Squadron has sailed from New York and arrived at Hampton roads to take part in the naval maneuvers. Beside the cruisers which started from the yard the squadron will be joined later by the ship Newark, San Francisco, Charleston, Bennington, Concord, Dolphin and Stiletto.

The Philadelphia will lead the squadron, and the Cushing, which will be used as a dispatch boat, will follow.

—There is a report that J. J. Astor is negotiating with the trustees of the synagogue located on the west side of Madison ave., 20 feet south of Sixty-fifth street, New York, for the purchase of the property. Mr. Astor recently took the title to the lot on the corner of Madison ave. and Sixty-fifth street, and the story is that he will purchase the synagogue, remove it from its present site and on the fine corner lot situated erect a beautiful chapel to the memory of his father, William Astor.

—An ash tree was cut down on the farm of Andrew Shaffer, near Bristol, which was over a century old. It took two men a half a day to saw through the tree which measured 10 feet in circumference. Mr. Shaffer has secured 12 cords of wood from the tree and two wagon loads of chips. Several old Indian arrows were found imbedded in the tree.

"It requires brain to have physical energy. Laziness means defect of brain power. Savages are as lazy as they are untutored." There would be very little activity of any sort in this world were it not for the brain.

City Council.

The regular meeting of the City Council was held Monday evening and as was expected it was a very busy one. The members were all present, and the agenda was long as there was a balance.

The motion of Councilman Federhen to substitute the minority report was then taken upon and lost by the following vote: Councilman Moxon being excused from voting.

YEAS—Federhen, Holbrook, Lennon, O'Connell, Rooney, Smith and Williams—7.
NAYS—Adams, Anderson, Badger, Baker, Brown, Drake, Grindell, Holden, Johnson, Owen, Robbins, Shackley, Sherman—12.

The majority report was then accepted the only change in the personnel of the vote being that Councilman Owen voted against adopting it.

YEAS—Adams, Anderson, Badger, Baker, Brown, Drake, Grindell, Holden, Johnson, Owen, Robbins, Shackley, Sherman—12.
NAYS—Federhen, Holbrook, Lennon, O'Connell, Owen, Rooney, Smith, Williams—8.

Abate.—Donahoe.
Excused.—Moxon.
Not voting.—President Bass.

A Question of Privilege.
Councilman Sherman rose to a question of privilege, as Councilman Federhen had made some insinuations about him in the purchase of the land about the Wollaston school.

In August, 1891, he had purchased of Mr. Safford the land bordering on Heale street and between Washington and Arnold streets, and had paid for it \$10,000.

Mr. George W. Taylor furnished the money, and that later in the year the land was purchased by the city. He then offered the following motion. That a committee of one consisting of Herbert M. Federhen, O. T. Rogers, and J. J. Astor, be appointed to investigate the charges of corruption made by Mr. Federhen against Charles R. Sherman and that the hearing be public and at City Hall.

The chair refused to entertain the motion.

WARD TWO HOUSE.
Councilman Moxon offered an order appropriating \$1,100 for the purchase of land for the use of the Washington and Arnold streets for a house and polling place. Referred to Committee on Public Buildings.

HIGH SCHOOL LOT.
Councilman Badger offered an order for the appropriation of \$15,000 for the purchase of eight lots of land, containing 35,349 square feet on the Butler estate. Referred to Committee on Public Buildings.

CALENDAR.
The order granting further location to the Quincy and Boston street railway on Washington street was under suspension of the rules passed to be ordained.

The order establishing a salary for Inspector of Animals was passed to be ordained.

The annual appropriation order was passed to be ordained.

The Committee on Finance reported a slight amendment in the date of payment of notes in the order appropriating \$30,000 for the Water Board. Report accepted and adopted.

Councilman Moxon moved a suspension of the rules. Voted.

Councilman Moxon offered an amendment to the order, striking out \$30,000 and inserting \$50,000.

Mr. Cavanaugh of the Water Board stated that it was supposed the income would amount to \$27,000 and it will not. The Water Commissioners should have \$60,000.

Outside of Hough Neck. It did not believe in putting pipes at Hough Neck when there were many places in the city that needed water.

Councilman Sherman moved the entire matter be laid on the table until such time as a communication is received from the Water Board.

MEAN AND LOVELY WOMEN.
Lovely women can be very mean sometimes. The other day a young, pretty and very well-dressed lady was walking down the avenue, evidently enjoying to the full the delicious spring sunshine. Suddenly she alighted in distress. For a moment she was not obvious, but, as she began to make frantic efforts to reach her mended shoe, the passer-by recognized the source of her discomfort. Before she had succeeded in mending the flapping shoe, she found a ragged little colored boy step forward, removed his tattered hat, knelt in the muddy street and tied the shoe with grace and dexterity. In the woman's hand was a card-case and a chubby little hand held up a tiny slip of paper with merely a "thank you," and that was not very graciously given. The boy looked slightly astonished as he got up and brushed the mud from his ragged trousers.

On the edge of the sidewalk stood an observant man, very plainly but decently dressed. He had watched the entire performance with quiet enjoyment; and as the boy rose he took from his pocket a bit of paper and penciling a word or two on it called to the disappointed young man: "Here, boy, run after that young lady whose shoe you tied and give her this. Here's a quarter for your trouble. There's no need of any more."

The boy went in one direction, the man in the other. I am not curious about the average, but I would have liked to see that bit of paper.—*Kate Field's Looking-Point.*

A REMARKABLE JOURNEY. Mrs. Burgess, the wife of a member of the New-England assembly, has accompanied a first second only to Mrs. Perry. She accompanied her husband to the session at St. John's, walking 220 miles over snow and ice on snow shoes. They had a guide, a lodge nearly three days carrying luggage and provisions. On one occasion it was necessary to cross an arm of the sea, 11 miles wide, in a boat. The boat was leaky. Four rowers, Mr. Burgess and his wife, the guide, dogs and sleds were all in the boat. They had to travel a rope to fill the seams of the boat and prevent her from sinking. They were caught in the running ice and nearly carried off to sea. The men gave themselves up for lost, but they found an isolated rock, and finally got to the main land. The rest of the journey, 127 miles, was through the interior, crossing rivers by means of trees. Mrs. Burgess is the first woman in Newfoundland to make such a journey.

FOR 200 years the paper from which Bank of England notes are made has been manufactured in the town of Darnley, Scotland. The motion of the earth around the sun is 68,305 miles an hour, over 1,900 miles a minute, or 10 miles a second.

Councilman Badger asked the last Councilman to be excused services and merchandise one and the same thing, to which Councilman Holbrook replied that was a narrow crack to crawl out of.

Councilman Holden spoke in support of Councilman Moxon. He understood from the Council to put their hands into their pockets and pay this. We can not do more business for Quincy with all these questions.

Household Receipts.

CHOCOLATE PUDDING. One pint dry cake crumbs browned in the oven; roll after they are dry; one pint of milk or half milk and half water, one egg well beaten, small cup half-filled with grated chocolate, I first mix the mixture, one spoon of sugar if you use all cake crumbs, if part bread crumbs two spoons of sugar; add a dust of salt, and bake half an hour.

FOAM PUDDING SAUCE. Beat the yolk of one egg with butter the size of an egg and one cupful of sugar until light. Add boiling water and stir over a kettle until thick. Put in lemon juice enough to flavor, and beat the white of the egg to a stiff froth and add it the last thing.

SCRAMBLED EGGS. Beat two eggs slightly and add three tablespoonfuls of milk, salt and pepper to taste. Turn into a hot buttered pan and cook quickly stirring all the time until like custard. Serve on toast. If cooked too long or allowed to stand a moment without stirring it will be dry and tough.

CREAM OF RICE SOUP. Wash two tablespoonfuls of rice in cold water. Let it stand in fresh cold water for an hour, and then cook it slowly in a double-boiler an hour and a half, in half a pint of chicken stock, half a pint of milk and a small spoonful of salt. Then rub it through a fine sieve and return it to the fire, bring it to the boiling point again and pour it on the beaten white of one egg, stirring it at the same time. Serve at once.

ICE PUDDING. Beat two eggs with an egg beater until light then add one cup of milk and two cups of sifted flour, stir in slowly and beat until smooth, add three tablespoonfuls of melted butter, a dust of salt, heaping teaspoonful of baking powder, half-pound of choice dried figs, chopped fine; mix well and pour into a pudding dish greased with butter; set in a steamer two hours; serve with hard sauce made by mixing smooth sugar and butter together and grating nutmeg over it.

TEA ROLLS. One quart of flour, one teaspoonful of soda and two of cream tartar, or three heaping teaspoonfuls of baking powder. Moisten with milk sufficient to roll out. Roll half an inch thick; spread with butter and sprinkle with sugar; roll up like jelly cake and cut in slices an inch thick. Bake in a quick oven.

An icing for cake that is popular among French and German cooks and that is economical because it calls for no eggs, is made from a half pound of powdered sugar, a teaspoonful of boiling water, the grated yellow rind of an orange, and enough orange juice to moisten it. Put the sugar in a bowl, then add the rind, then the water, and lastly the juice, and then use at once.

An Open Letter to Women.
Laurel Ave., San Francisco, May 18, 1892.
Dear friend of women:
When my baby was born, five years ago, I got up in six days. Far too soon. Result: falling of the womb. Ever since I've been miserable.

"I tried everything: doctors, medicines, apparatus; but grew worse."

"I could hardly stand; and walking without support was impossible."

"At last I saw an advertisement of Lydia E. Pinkham's Vegetable Compound, and decided to try it. The effect was astonishing. Temperance.

Furnished for publication by the W. C. T. U.

A Cause of Evil.

All social evils largely on drink, dissension, lawlessness, impurity, vice in nearly all its forms are augmented by drink. Drink and the church, drink and sin, drink and the home, drink and the woman, are all prolific causes to be wisely and broadly treated in the temperance work immediately before us. Surely the charges of narrowness and unimportance do not lie against the temperance cause. Every interest in the community is involved in it. It is the broadest reform now urged upon men, and it is so allied with Christianity and its humanities as to be essential to it. Immense is the work that temperance hosts are called to. The closing years of this century ought to ring all over the world with the temperance gospel of salvation. (G. S. Weaver in Providence Outlook).

A MONUMENTAL EVIL.
Workmen must stand up against the evil of intemperance. The manufacture of intoxicating liquor represents but little of productive labor, and its consumption does nothing but clog the wheels of commerce and progress. Remove the cause of drink, and the workmen and all the people are raised to a higher level in which all men are thinkers and workers. The sequel is clear, and prohibition will do more to adjust the difference between labor and capital than all the strikes and conflicts of past years.

TEA ROLLS. One quart of flour, one teaspoonful of soda and two of cream tartar, or three heaping teaspoonfuls of baking powder. Moisten with milk sufficient to roll out. Roll half an inch thick; spread with butter and sprinkle with sugar; roll up like jelly cake and cut in slices an inch thick. Bake in a quick oven.

An icing for cake that is popular among French and German cooks and that is economical because it calls for no eggs, is made from a half pound of powdered sugar, a teaspoonful of boiling water, the grated yellow rind of an orange, and enough orange juice to moisten it. Put the sugar in a bowl, then add the rind, then the water, and lastly the juice, and then use at once.

Dear friend of women:
When my baby was born, five years ago, I got up in six days. Far too soon. Result: falling of the womb. Ever since I've been miserable.

"I tried everything: doctors, medicines, apparatus; but grew worse."

"I could hardly stand; and walking without support was impossible."

The Quincy Patriot.

SATURDAY, APR. 15, 1893.

Thursday Night's Fire.

The alarm from Box 56 at 9:50 o'clock Thursday evening was for a fire in the French roofed house on Grand View avenue, Wollaston, owned by Charles R. Sherman and occupied by B. F. Floyd. The fire originated in the collar of a coat hanging in the closet and by the time an alarm was turned in it had gained considerable headway.

Within twelve minutes after the alarm was sounded at the central station, the steamer had two powerful streams playing. The fire was a difficult one to handle, working its way through the ceilings to the French roof where it was impossible to get a stream directly on it until it broke out. When it did come through the roof there was some burning to west of the house. A fanne's house and stables. The fire burned stubbornly for three hours and was not extinguished until the building was completely gutted.

B. F. Floyd's loss on furniture is estimated by him at \$200; fully insured. Loss on house is estimated by Mr. Sherman at \$500; insured for \$500.

The Central Station apparatus made the run in eight minutes; quickest time yet. Albert Lambert, of the fire engine, received a painful injury to his foot by being struck by an axe. He was removed to the residence of A. A. Lincoln, where the wound was dressed.

House 2, Wollaston, although within 500 feet of the fire, did not put in an appearance until over half an hour after the alarm had been sounded, for the want of a horse to draw the machine. It would take a column full of dashes and exclamations to express what the citizens think of such business. If the fire had been a mile or so away the company would hardly have been expected to run with the apparatus, but when it is within a stone's throw of their house their conduct needs a thorough investigation, and there is little doubt that what Chief Ripley will hand the company over the coals. There has been a time, and not so many years ago, either, when this identical piece of apparatus was always drawn to fire by hand, but it was by a different company.

Y. M. C. Association.

The hall of the Association was well filled Sunday to listen to the agent of the N. E. Watch and Ward Society. Mr. Henry Chase, spoke upon the evils of "gambling."

The address throughout was interesting and exceedingly practical. "Immoral Literature" will be the subject of address at the men's meeting Sunday, by Mr. Henry Chase, agent of the N. E. Watch and Ward Society.

Special mention should have been made of the fine work of Mr. Hardy of the Boston gymnasium, who participated in the exhibition Wednesday night. Mr. Hardy is an expert in gymnastics, as well as an instructor, as his difficult feats on the horizontal and parallel bars have shown.

One of the largest and most interesting meetings of the Women's Auxiliary ever held was that of Monday afternoon. The parlor was filled with ladies, and all were greatly helped by the Bible reading of Miss French, a returned missionary from India, who took for her subject "Self Denial." At the business session which followed committees were appointed and arrangements made for a reception to the junior department, to be given April 26th, and also for an art exhibition to be given May 1st.

The quarterly meeting and reception of the Y. M. C. A. Tuesday evening was the best attended of any similar meeting ever held, about one hundred being present. The reports were brief, and showed good work along all lines. Unfortunately on account of the absence of the treasurer, no report was given of the financial condition of the Association, except a verbal statement of Secretary Colton, who said that nearly \$1,800 had been subscribed and between six and seven hundred received from memberships. One thousand dollars more in subscriptions would be needed before October 1st to pay current expenses.

The Women's Auxiliary is making arrangements for an art exhibition to be given the 1st of May in the rooms. Arrangements have been made to secure a large collection of choice pictures from out of the city. It is expected to make the exhibit the best of the kind ever given in the city.

The gymnastic exhibition in Hancock hall Wednesday evening, by the members of the senior and junior classes of the Y. M. C. A. physical department, was a creditable affair. A great variety of work ranging from the simple calisthenic to the most skillful apparatus work being given in a highly satisfactory manner.

Just before the last performance on the programme, when Mr. Johnson gave the order for the curtain to drop, he was much surprised to have the order disobeyed and to see General Secretary Colton step on to the platform and address the audience, calling their attention to the very efficient work which had been done during the past season in the physical department, and giving the credit to Dr. Johnson. He then called the astonished donor on to the stage and in behalf of the members of the physical department and of members of the board of directors, presented him with a check for \$25.

Musical Entertainment.

The supper at the Universalist vestry Wednesday evening was well attended and many more came to the entertainment. The mandolin and guitar trio, Messrs. Charles White, Virgil Fuller and Frank Bassick, commenced the entertainment promptly at 8 o'clock, and were received with much enthusiasm and responded to the encore. Miss Cornelia Elliott, reader, was quite a favorite, receiving flattering applause after each selection. Mrs. Charles Winsley, soloist, was unable to appear and her place was filled by Mr. Nye, who gave one of his pleasing selections. Mr. Virgil Fuller's guitar solo was so much enjoyed that he kindly gave another selection. All the artists received much applause and the entertainment was apparently very much enjoyed.

DECEASED. The wife of Hon. Samuel B. Noyes died at the home of her son-in-law, Mr. Charles H. Brown in Canton on Monday, April 10. She was 66 years of age. She was the daughter of Mr. James Beaman, an Englishman who came to this country early in the present century and established the first cotton industry in Massachusetts.

Her husband, Samuel B. Noyes, a retired lawyer, Harvard graduate, who until recently was actively engaged in his practice in Boston, where for years he was registrar in bankruptcy and was well known as secretary of the Massachusetts Club survives her, as do her four children, Mrs. Charles H. Brown, Mrs. Fred W. Sumner, Bradley M. and James B. Noyes.

Deceased was respected and beloved by all who knew her, and her kindness extended beyond the limits of her own family.

Annual Meeting.

The Quincy Savings Bank Corporation held its annual meeting Tuesday and elected the following officers:
President—Rupert F. Cladlin.
Vice-President—Edwin W. Marsh.
Trustees—Rupert F. Cladlin, Edwin W. Marsh, Hon. H. B. Spear, George A. Brackett, Charles A. Howard, John Q. Adams, Charles H. Porter, Elias A. Perkins, Walter T. Babcock, John O. Holden, John R. Graham, John Q. Field.

Snakes are thawing out.

Many cyclists were last Sunday. Franklin Jacobs is quite sick with erysipelas.

The LENOIR has been unusually newsy this week.

H. C. Clement, of Quincy, has moved to Atlantic.

The City Council will meet next Monday evening.

Quite a number went to Houghs Neck last Sunday.

The fire hearing is becoming more and more interesting.

Dr. Wm. Everett will preach in First Church tomorrow.

Rev. H. Evan Cotton has received a call to a church at Hagerstown, Md., but has not decided to accept yet.

The initiatory degree was worked upon two candidates by Mt. Wollaston lodge, I. O. O. F., Tuesday evening.

A public long distance telephone station has been established at the waiting room in the street railway building.

Rev. C. Paulson begins his third year with the St. Paul's church on Sunday having been returned by conference.

The sword to be given to the most popular letter carrier in the city, at the City Hall fair is on exhibition at the post office.

The house on the Central fire station lot purchased by W. E. Brown is moved to its new location on Mechanic street.

Dr. Charles W. Garey was on Wednesday elected to membership in the Massachusetts Homoeopathic Medical Society.

The Fragment Society will hold its meetings in the chapel every Wednesday at one o'clock in the afternoon until the sale of May 17.

Our new village Norfolk Downs is booming as will be noticed by the advertisement of Wood, Harmon & Co., in another column.

The residence of Mr. J. H. Emery on Hancock street is being improved by the painting of the house, and he is also having his stable enlarged.

Friday at the meeting of the Board of Assessors resolutions were passed on the death of their late associate, Mr. James Burr of Ward Six.

The Democratic committee of the 7th Congressional district have declined a joint debate between Dr. Everett & John William E. Barrett.

Dr. Everett was among the speakers at the dinner of the New England Association of the Phillips Exeter Academy alumni in Boston, April 14.

Paul Revere Wagon's Relief Corps, No. 103, at its regular meeting was visited by a large delegation from Reynolds Corps, No. 102, of East Weymouth.

Miss Able of Wakefield has been engaged as teacher at the High School, in the position made vacant by the resignation of Miss Stone.

For the first time the Young Men's Congress failed of a quorum Tuesday evening, and an adjournment was made until next Tuesday evening.

The Guild of the Great Teacher will meet in the ladies' parlor of the First Church Sunday evening at 7 o'clock. Subject, "Never cross a bridge till you come to it."

Cards are out for the marriage of Miss M. W. Litchfield and Mr. Edward E. Miller of this city. The marriage will take place April 27, at the Congregational church.

Some of the monuments of the Quincy Granite Manufacturers' exhibit at the World's Fair are being boxed up ready for shipment. There will be something like twenty-five in all together and the exhibit will cost over \$10,000.

Mr. George W. Prescott, editor of the Patriot and Colonist, who said that he was suffering from a severe cold for the past week, and has been confined to the house for the first time in twenty years. Seems like a case of the grip.

There seems to be a great deal of sickness in the city at present. Mr. N. B. Fernald, a little under the weather having a severe cold. Mrs. N. B. Fernald is confined to the house with a very bad swelling of the face about the eyes.

Miss C. G. Souther, secretary of the Board of Examiners, announces an examination of candidates for postal clerks and carriers in the Quincy post office, on Monday, April 24. Clerks must be over 18 years of age, and carriers between 21 and 40.

Mrs. Chesley, Miss Cora M. Chesley and Mr. Irving Chesley, of Concord, N. H., have been visiting at Mr. George W. Prescott's for the past week. The young people returned home Thursday night, and Mrs. Chesley will remain a few days longer.

On July 27th, 1892, Congress passed a law giving pensions to the survivors of the Florida war, and under this act Mrs. Jane W. Smith, widow of Charles McGovern Smith, who died in Quincy on the 10th of August, 1888, receives a pension of \$8.00 a month.

While the loss by fire in this city in 1892 was above the average, it is a fact according to the report of Insurance Commissioner Merrill that only seven of the thirty Massachusetts cities had a smaller loss. In Brockton it was over five times as large. In the small city of Everett over three times as large. Marlboro had the smallest loss of the year, \$6,000; that of Quincy being \$23,211.

A despatch from Brooklyn states that the body of a drowned man found in the Gowanus Canal last week, has been identified as the corpse of that of Martin Powers of Quincy, Mass., who went to Brooklyn recently and obtained employment at the power house of the Brooklyn City Railroad Company. Mr. Powers formerly worked for the Electric Light Co., and lived on Quincy avenue. He was about 30 years of age and leaves a widow and two children who live in this city.

Mr. E. E. Williamson is soon to deliver two lectures in Wollaston, namely his new illustrated lecture "From Calhoun in the Senate to Grant at Appomattox," which is delivering in different sections, and a lecture never heard but once in this vicinity, entitled "England's Greatest Ruler." This lecture is only an hour in length, and the greatest pains have been taken to make it very powerful and attractive. Mr. Williamson is to lecture in Fall River, Providence, Clinton, Hingham, Concord, Taunton, Danvers, and other places, and is engaged for Memorial day evening.

Mr. Robert A. McGinniss of Liverpool, Eng., made a short visit to his relatives, Mrs. Charles Hammond and family of this city. He arrived in Boston last Saturday and found it snowing and a thunder shower must have been quite surprised at the weather on his first visit to the birthplace of his mother. He left Monday intending to make a more extended tour through the country, in the interest of his father's business.

We are pleased to say that the gentleman made us a call, and it was very pleasing to meet him. We would also acknowledge the receipt of a handsome gift from him, which he is a subscriber to the papers published in the city of his birth. We hope she may be tempted to visit her old home at an early date and note the changes of thirty years.

MILTON.

A petition is out asking the Old Colony to put on Sunday trains.

It happened between twelve and one. Nothing was taken, but the burglars left a jimmy and saw behind.

A Free Bed.

The following letter is self explanatory: QUINCY, April 8, 1893.

Treasurer City Hospital, Quincy, Mass.
DEAR SIR—A meeting of the Granite Manufacturers' Association of Quincy, Mass., last night, it was voted that the sum of three hundred dollars be annually donated to the City Hospital of Quincy, for the support of a free bed to be named the "Granite Manufacturers' Association Bed."

If the above is acceptable to your committee, please notify the writer to that effect, and our treasurer will be authorized to pay the amount to you.

Yours truly,
F. L. BADGER, Sec.

WOLLASTON.

A meeting of the Gleaners, K. D., will be held next Monday evening.

Woodlodge Lodge, Knights and Ladies of Honor, Wollaston, observed its thirteenth anniversary on Tuesday evening. After the regular lodge meeting, at which three candidates were initiated, the company passed a pleasant evening in dancing. A supper was served.

The Merry Mount Tennis Club of Wollaston, held its annual meeting Saturday, and elected these officers: President, James F. Emery; Vice President, E. S. Litchfield; Secretary and Treasurer, Anna T. Leavitt; Executive Committee, C. L. McCulloch, Clarence W. Packard, John H. Osborne and H. W. Battison.

Rev. Mr. Allen, of Needham, preached at the Wollaston Unitarian church, Sunday.

The Wollaston Land Company is building three new houses on Old Colony street.

The ladies connected with the Wollaston Methodist Episcopal church received their friends at the regular monthly soiree, on Wednesday evening. There was an excellent supper and entertainment.

By request we correct an error in the City Book which on page 235 did not give the Wollaston school its full credit. As given there the per cent. of daily attendance was the highest in the city, but it was even better, 96.9 instead of 95.9.

Wollaston seems to be the scene of the most serious fires in the county. It had the biggest fire in 1892 and that of Thursday night may be the largest of 1893.

The Wollaston Congregational Society held its annual church supper Thursday evening.

The house of George E. Thomas on Beach street Wollaston park has been sold by W. N. Nash to Charles W. Page who will occupy it May 1.

Living Representation.

All lovers of art and beauty will find both profit and pleasure at the entertainment given at Wollaston Congregational church on the evenings of April 24th and 25th.

Living representations from the "Great Masters" will be given at that time under the charge of the Loyal Circle of King's Daughters, and pains have not been spared to make the representations as exactly like their famous originals as possible. Accompanying each tableau there will be a short account of the artist's life and the history of the picture. Doors will be open at 7.30 p. m. Admission tickets sold by King's Daughters; reserved seats for sale at Miss Nash's millinery store, Perry's block.

Co-operative Bank Earnings.

The annual report of the Wollaston Co-operative Bank, which will be presented to the shareholders at the next meeting, which occurs on April 18, shows that the earnings for the past year have been at the rate of six and one-half per cent.

The assets consist of loans on real estate, \$66,400; loans on shares, \$4,757; cash sold, subject to call, \$3,408.21; other assets, \$339.90; total, \$74,783.11.

The liabilities are, dues on capital, \$67,477; paid up, \$6,862.62; guaranty fund, \$160; surplus, \$184,481; total, \$74,783.11.

Wollaston Club Election.

The annual meeting of the Wollaston Club was held at the club house on Monday evening.

The club voted to buy of Mrs. Mary T. Miller of this city. The marriage will take place April 27, at the Congregational church.

The following officers were elected: President—Frank P. Waterhouse.

First Vice-President—Hon. Henry O. Peabodys.

Second Vice-President—Frederick H. Bishop.

Third Vice-President—Walter E. Simmons.

Secretary—James S. Whiting.

Treasurer—Richard A. Freeman.

Board of Directors—President, Vice-Presidents, Secretary and Treasurer, members ex-officio and Charles H. Brigham, Walter M. Hatch and Amos T. Leavitt.

Social Circle.

The ladies' Social circle of the Baptist church held their annual quilting party at the club house on Wednesday afternoon. Gentlemen were invited to sit at an old fashioned supper of baked beans and brown bread. After supper an entertainment was enjoyed, with the following choice programme.

Piano Solo.

By Miss Florence J. Olney, of Wollaston.

Soprano Solo.

"Come where the Lillies Bloom," Thompson.

"Last Night," Kyrnell.

"My Sorrow," Schellley.

By Miss Annie May Heister, of Hingham.

A Sudden Death.

Captain James Burr, a widely known and highly respected citizen of this city, died at his home in Atlantic street, after a short illness, from pneumonia. He was born in Quincy, Oct. 6, 1837, and received his education in the schools of the town. Early in life he commenced business for himself in the hardware business, and about Boston harbor, and during the late war had large contracts with the United States government for the transportation of heavy guns and from the testing stations.

At the time of his death he was a member of the firm of Charles T. Derry & Co., stone contractors of Boston, of which firm he was the active partner. He was a member of the first city council of the city of Quincy, representing ward six, and at the time of his death was a member of the board of assessors. He was married to Miss Lizzie A. Clapp of Dorchester, January 6, 1864, who survives him, together with two sons and a daughter.

He was widely known among the granite dealers of the country, among whom he had always sustained a reputation for the strictest honor and integrity, and his death will be mourned by a large circle of social and business acquaintances.

WHAT THE WHIST CLUB DID.

The Harmony Whist club closed its third season Monday evening with a dinner at Young's. Around the table were seated Mrs. C. C. Coe, Mrs. D. D. Gurney, Miss C. L. Hight, J. W. Foster, S. E. Day and C. L. Moxon, and Messrs. C. C. Coe, C. H. W. Hight, J. A. Hall, C. E. Weston and C. L. McCulloch. After dinner, whist was enjoyed, and as a result of the last prize night of the season, Miss C. L. Hight carried off the honors for the ladies, while George W. Hight, gracefully accepted them for the gentlemen, replying very neatly to demands for a speech, vowing the hope that its fourth season would be as successful as its previous ones.

THE RISING SUN STOVE POLISH.

THE LARGEST FACTORY OF ITS KIND IN THE WORLD.

10 TONS OF STOVE POLISH

Beware of paint and paste polish said to be labor saving, self-priming, etc., which stain the hands, pit the iron, and fill the house with a poisonous and sickening odor when heated. Do not take any chances of being poisoned or burned to death with inflammable liquid stove polish, paint and paste. The Rising Sun Stove Polish is safe, odorless, brilliant, the cheapest and best stove polish made, and the consumer pays for no expensive tin or glass package with every purchase.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's Prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. C. C. O'Connell,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the result of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

The Quincy Patriot.

SATURDAY, APR. 15, 1893.

For the Patriot.
To A. M.—

Where is the land which in darkest gloom led me safely through the shadows into light? The hand which mine so tenderly caressed, And to my cheek so lovingly pressed. Out of my grasp has lovingly slipped, Leaving me in sorrow's path alone, yea, far from home.

March 12, 1893.

PERSONAL. The following notice of Brother White and his excellent paper, the Mansfield News, we find in the Norwood Review. Having traveled across the continent with him we can vouch for all it says.

"The Mansfield News began its twenty-first year last week. Editor White gets out a good paper, and he ought to, his make-up is just right to run a country paper. He could, with the greatest of ease, preside at funerals, a horse trot, act as end man on the stage, or preside with great dignity at state occasions. A local paper must have a variety of good things in it—Brother White has 'got 'em."

—Mayor Matthews of Boston, has signed a contract with the Jamaica Plain Gas Light Company, which will give the people of West Roxbury cheaper gas. By the terms of the contract gas will be furnished at the rate of \$1.50 per 1000 cubic feet.

—The peculiar photograph that so long appeared upon the bills of the United States made the name of Gen. Spenser familiar everywhere, but the origin of that style of signature was but little known. It was acquired at Amsterdam, N. Y., where he moved at the age of seventeen, to enter a harness shop as an apprentice, and ultimately to become a harness shop proprietor. For the most part he was self-educated, and at Amsterdam he would spend his leisure time in reading, reading that mental exercise by practicing upon the famous autograph which has figured upon so many greenbacks. By assiduous practice he acquired a combination of hieroglyphics with which no forger has ever found rough enough to wrestle.

—A ton of pure silver is worth \$200,739.2 and a ton of gold will cost you only \$37,784.84. If you had a million dollars in gold coin you could haul it in one good wagon load, for it would weigh two tons by something like 300 pounds, but if you had a million dollars in silver coin you would have to charter a couple of freight cars to transport it, for it would weigh nearly thirty tons. A cubic foot of pure gold weighs 1212 pounds, and the same quantity of silver weighs but 655 pounds.

Eyota, Minn., recently voted no license and the liquor men say that without the license there is no money for lighting the street lamps. This argument has lost force, however, by the action of the members of the Young Woman's Christian Temperance Union who agree to provide money for the oil of the lamps, by subscription, and to light the lamps, each member having one light to care for. This is genuine, practical temperance work.

Anecdotes.

Mae—"Well, I had four proposals last night."

Maud—"Indeed! Who were they?"

Mae—"Well, there were Jack and Tom and Ned and that frightful Mr. Pigfoot."

Maud—"Which did you accept?"

Mae—"Mr. Pigfoot."

Maud—"What in the world did you take him for?"

Mae—"Well, you see, he is in the glue business, and I thought he would be the most likely to stick."

The Widow (coldly)—"So you wish to marry that Van Rensselaer girl?"

His Son (timidly)—"Yes, sir, if you have no objection."

The Widow—"Well, I have."

His Son—"She is beautiful."

The Widow—"I know that."

His Son—"She is very rich."

The Widow—"Are you absolutely sure about that?"

His Son (much encouraged)—"Absolutely sure, sir."

The Widow—"Then I'll marry her myself, by jingo!"

Bullfinch—"Have you any indelible ink?"

Clerk—"Oh yes."

Bullfinch—"Warranted absolutely indelible?"

Clerk—"I can guarantee it absolutely. Anything more today?"

Bullfinch—"No."

Clerk—"Wouldn't you like an eraser?"

Bullfinch—"Let me see it. The eraser will erase indelible ink in a second."

Young Nicely—"Oh, I think that Charlie Awamstow is a perfect brute; his hands are as big as a laboring man's."

Young Sapless—"Oh, I detect him; he is the unladylike."

Mrs. Hicks—"It takes me two solid hours to wash and dress Dick for church."

Hicks—"I can get it done in a hurry for ten cents."

Mrs. Hicks—"How, pray?"

Hicks—"Take him down to that place where they clean kids while you wait."

Wife—"Dear, our landlord says he goes to raise the rent."

Husband—"Then we must move."

Wife—"Why?"

Husband—"Because I can't raise the rent, also."

An Old Document.

"Men laugh at us for having senseless notions and doing things for which we can give no reason," said a woman recently.

"I wish some man would explain to me why I carry unimportant papers about with me for months, waiting them out in no doing. I've often watched my husband carefully change the contents of coat or trousers pockets from one set of clothes to another. Soiled, worn envelopes and the same evening. Leaves Sandwhich Monday, Wednesday and Friday mornings; breakfast at Bradford's, Plymouth; dine at Leonard's, Scituate and arrive in Boston the same evening. Passing through Dorchester, Quincy, Weymouth, Hingham, Scituate, Hanover, Pembroke, Duxbury, Kingston, Plymouth to Sandwhich. Fare from Boston to Scituate \$1.25; to Plymouth \$2.50; to Sandwhich \$3.00. At the head of this unique document is a rude wood cut of a coach and four, with a view of Meeting House Hill, Dorchester, in the distance.

"The paper is not far from 75 years old and its companion is preserved in the rooms of the Bostonian society in the old State House.

The Lament of a Gamekeeper.

Dean Hole in his "Memories" mentions an old gamekeeper who sorrowfully surveyed a model farm as if it had been some fair city of the future. He had been a gamekeeper for many years and he had a remarkable fondness for the game. When that farm was as pretty a spot for game as could be found in the country, and now—why, there ain't a place where a partridge can take a nest, or a hare or rabbit can hide.

"What's the good o' the place now?" he went on. "You see that grass field yonder. Well, you'd scarcely believe it, but it was once the best place for jack snipes as ever you laid eyes on. I've pulled three couples of a morning along the meadows and reeds after they spilt it with their droppings."

"Oh, you said that when you must not forget that there is more wheat and more food than before the land was reclaimed."

"Ya, and what's the use of it?" the gamekeeper said. "With a good deal of what which it do not pay to raise when foreigners are a-sending morn'a we want? And more's the shame, the farmers never leave no stubble. No, the place is no good now."

Seventy Thousand Novels a Year.

A publisher of great judgment and experience says that he believes that the number of novels published in this country cannot now be less than 70,000 novels in the publishing firms of London. His own share in this publishing flood reaches to the number of 2,400, and he has reason to know that numerous other houses are four or five times more greatly troubled in the matter than he is. Of all this vast swarm of manuscripts only a few find their way to the publisher's office. A few dozen survive that ordeal. It makes one sick at heart to think of the appalling waste of time and trouble and money that is expended in the production of this vast number of novels. There was always too much of this waste. But surely it has only leaped to these terrible proportions since the trade-union spirit was grafted upon literature, and the idea was sown that every one who was at the pains to write was somehow entitled to be paid something by somebody, and need only join an association to enforce that right.

Water as a Disinfectant.

It is a fact that water is not generally known, perhaps, because it is not generally used, that pure, fresh, cold water is one of the most valuable of disinfectants, inasmuch as it is a powerful absorbent. Every sickness and ailment is caused by clear water, frequently rendered, placed not far from the bed, or even beneath it. This not only absorbs much of the hurtful vapor, but by its evaporation it softens and tempers the atmosphere, doing away with the dryness which is so trying and depressing to an invalid—or even to well persons for that matter. It has frequently been shown, by actual experiment, that troubled sleep and nervous insomnia are corrected by so simple a thing as the placing of an open bowl of water near the sufferer's couch. Of course it hardly need be said, after these matters have been considered for a moment, that water is a most useful agent in a household, and for any length of time in a close room is not proper for drinking purposes.—Good Housekeeping.

Yearly Work of a Watch.

Have you any idea of the extraordinary amount of work performed by your watch during the short period of one year, 365 days? Let us take a look at the figures. It gives 5 vibrations every second, 300 every minute, 18,000 every hour, 432,000 every day, and 147,600,000 during the year! At each vibration it rotates about 1-14 times, or say about 100,000 vibrations a year. In order to better understand the immense amount of labor performed by these delicate little wheels and springs let us go still further with our calculations. Take a moment and consider the fact that wheels as an illustration. Let the stupendous machine be run until its great wheels have made as many revolutions as the wheels of the watch make during the year, and you will find that the engine will make 28 complete circuits of the earth before it has equalled the watch in point of wheel revolution.—St. Louis Republic.

There is a point near the famous Stony Brook, in the Connecticut River, where you may be found on any day in the year. This locality is locally known as the Notch, and is walked on all sides by steep mountains, some of which are more than 3000 feet high.

There is a certain city in the southern part of China where the inhabitants observe the same game in walking that we do, and yet they frequently appear to be as quick as if they were walking upon their heads.

Wasting Valuable Time.

An old farmer died in a little village in the neighborhood of Paris. His fortune, of about 200,000 francs, was invested in a nice compact, little farm. A nephew of the departed, believing himself to be heir, called a few days later on the lawyer, and before saying a word about the succession thought it only right and proper to shed a few tears.

How to Get Rid of Aunts.

A New York Observer correspondent writes to that paper as follows: "Having had years of torment with aunts, both black and red, and, we lighted upon the following remedy, which with us has worked like magic: One spoonful tar emetic, one spoonful sugar, mixed into a thin syrup. As it evaporates or is carried off, and ingredients as noted. A stick of butter would be hard to find. Whether they impart the results to the home fire or whether all are killed, I know not. Certain it is they do not pay a second visit. For aunts on the lawn, a spoonful of Paris green with alcohol and made into syrup with sugar and water can be placed on pieces of glass or crockery—cover from domestic and the slaughter will be satisfactory."

Household Receipts.

EGG CROWDER. Fry slices of pork; cook onions and potatoes as for fish crowder; just before serving, break into it as many eggs as eaters. Boil for a minute and serve.

TEA CAKE. Beat three eggs to a stiff froth, add one cup of sugar and beat; mix one teaspoonful of cream tartar with one cup of flour, add to the eggs and beat; mix three teaspoonfuls of water with one-half teaspoonful of soda and beat all together; lastly beat in one dessertspoonful of good vinegar.

LAYER CAKE. One cup of sugar, two eggs, one and one-half cups of flour, one teaspoonful of cream tartar and one-half teaspoonful of soda, one-half cup of milk. Bake in three round layers, and put custard, whipped cream or jelly between the layers.

FRUIT OYSTERS. Wipe oysters dry and lay in a flat dish; cover with a mixture of melted butter, cayenne pepper and lemon juice. Let them lie ten minutes, turning frequently; then roll in fine bread crumbs, the beaten yolk of an egg, and crumble again. Fry in equal quantities of hot lard and butter.

OYSTER TOAST. Bread twelve oysters and rinse them in their own strained liquor. Chop them fine and mix with about half a cup of bread crumbs, a tablespoonful of butter, some finely-chopped parsley, a grate of lemon rind, a little cayenne pepper, and a pinch of salt. Bind with the yolk of an egg, a few drops of lemon juice, and a few drops of oyster liquor. Stir over the fire until it is thoroughly hot, then serve on golden brown croutons, garnished with parsley.

CHEESE BISCUITS. One level cup of flour, one-half cup of softened butter, two cups of grated cheese. Knead together, roll out thin, cut into small biscuits, bake six to ten minutes in a quick oven.

A Trade for Boys.

If I had my way I would insist that every boy should learn a trade. The man who has a trade is a thousand times better equipped than the man who has none. Let every boy select the trade that best suits his ability and promises the highest honors and remuneration. When he has mastered his trade if he dislikes it or it is not profitable, he can begin to study a profession or enter upon a commercial life. If he should fail in both of these he is still master of a good trade—something that no one can take from him, no matter what exigencies arise. The man who is master of a good trade is as independent as a millionaire. He never needs want; he can find profitable work in any corner of the world. I do not say one word against a professional career. But I do say emphatically that the man who has a trade and a profession as well need have no fear of the future. The boy who wants to earn a trade between the years of sixteen and twenty, and if he dislikes it he will still time to study medicine, the law, or any other of the learned professions. But if he waits until he is twenty or over he may not have an opportunity or feel inclined to either.—Foster Coates in Ladies Home Journal.

Temperance.

Danger of Moderate Drinking.

Sir William Gull, the late honored physician to the queen, gave this warning word: "There is a great deal of injury done to health by the habitual use of wines and alcohol in its various shapes, even in so called moderate quantities. People are injured by drink without being drunkards. There is a point short of drunkenness in which a man may injure his constitution considerably by means of alcohol. A man may drink day by day, and almost kill himself with drink, and even his near friends not know it. I hardly know of any more potent cause of disease than alcohol. There is disease of the liver, which is of very common occurrence, and then from disease of the liver we get disordered conditions of the blood, and consequent upon that we get diseased kidneys, we get a diseased nervous system, we get gout, and we get a diseased heart."

The Minister was Deaf.

A deaf minister's clerk had handed him a written slip which he was requested to make. The new psalmbooks will be used next Sunday. There will be a baptism of infants next Sunday. By some mischance, however, this clerk took it into his head to reverse the order of the intimations. Accordingly he began, "There will be baptism of infants next Sunday." He had got no further when the weak, piping voice of the deaf divine was heard from the pulpit, "And those who have been baptized, let them bring their children to church."

The Woodward Will.

Quincy people were startled Thursday to read in Boston dailies that the city of Quincy had sold the Attorney General of the State and also the Trustees of Dartmouth College for \$300,000.

The papers became a little mixed, and drew from the fact that the city had asked of the Supreme court an interpretation of the will of the late Dr. Ebenezer Woodward.

No suit has been begun in or probable. The facts are outlined below. The bill alleges that the town accepted the provisions of the will and received thereunder the sum of \$30,000.83 in personal property, and further sums which now aggregate \$300,000. The city then alleges that it cannot prudently and safely invest said sum so as to realize interest thereon at the rate of 6 per cent., and cannot guarantee said interest without expressly raising money therefor by taxation; that the time is near at hand when under the provisions of the will there must be established in Quincy a female institute, or under the terms of the will it will go to the Trustees of Dartmouth College, to be used for the promotion of science and literature.

The bill further alleges that a site for buildings have been selected, and the Board of Managers are ready to erect the same, but that various questions have arisen under the will, and the Board of Managers do not feel that they can safely proceed without the instructions of the court. What the city wishes to know is:

1. Whether it can safely invest any part of the whole of the property in the purchase or construction of a suitable building or buildings for the use of the school.

2. Whether it is obliged at all hazards to guarantee the fund shall be so invested as to yield 6 per cent. interest, and whether if it is not guaranteed the town will forfeit its interest in the fund.

3. Whether, if the provision as to the guaranty of interest is binding on this complainant, it requires the city to guarantee interest on such part of the fund as may be reasonably invested in land, buildings and appliances for the use of the school.

4. Has the city authority to raise money by taxation for guaranteeing the interest.

5. Is the provision restricting the use of said institute to the education of females born in Quincy a valid restriction, and will it prevent the attendance at the school of females of residents of Quincy but not born there; and, further, are females born in Quincy, but not resident there, entitled to attend the school, and can girls of proper age who do not reside in Quincy be permitted to attend the school by paying for their tuition.

Hose Two Investigated.

The hearing which was held by Mayor Fairbanks and Chief Ripley at Hose 2's house, Wollaston, on Thursday evening, for the purpose of correcting any defects in the branch of fire service in that ward, was largely attended by representative citizens and members of the Council. Hose 2 during the hearing came under fire and stood the ordeal well. Those who came to the hearing expecting to see a circus went away disappointed.

It was shown that the members of Hose 2 on the night of the fire in question were there and did good service. They did not report at the hose house in a body until roll call, because the regulations state explicitly that when an alarm is sounded in their hall "proceed promptly to the scene of the fire." This rule has always been strictly enforced and on the faithful Thursday night the members, with the exception of Foreman Thomas, who went directly to the hose house, proceeded to the fire and did good work, thinking that they would soon be reinforced by their own line of hose.

Foreman Thomas waited for the hose some fifteen minutes and then, thinking that he was not coming near to the fire and that the Chief that his wagon did not respond for want of a horse. Chief Ripley in the excitement did not understand him. Foreman Thomas did not realize this until some minutes after when he again repeated his story to the Chief, who immediately ordered him to summon such members of his company as he could find to have the wagon to the fire. The foreman testified, that, knowing the left of the fire, he called upon several citizens to assist him and his handful of men (five), and with the exception of one-Councilman Sherman they all refused to render any aid. The wagon was stalled on the hill but had to be abandoned before it was half way up.

Mayor Fairbanks and Chief Ripley, after carefully listening to the testimony, agreed to accept Mr. Geo. Nickerson's proposition and build a stall for his horse in the hose house, and also a sleeping dormitory for the hall. This will give Wollaston a really permanent man and horse expense to the city. When it is so out the question will be asked, "Did Hose 2 make the time?" instead "how long was it before Hose 2 got there?"

Councilman Federhen and Brown were present and took an active part in the discussion.

Graduation at the High School.

The class of '93 has already begun preparations for commencement exercises. The class number is 18, of whom sixteen are young ladies, and two young gentlemen. Three honors, awarded on account of the highest rank for the four years, have been assigned as follows:

First honor, Salutatory: Miss Eva G. Reed.

Second honor, Valedictory: Miss Cassenda Thayer.

Third honor, Miss Annie E. Burns.

The other parts will be assigned to the class of '93, from the fact that it is the first class to complete the four year's course. In this year of "first things" namely: First High School Debating society, first High School Athletic association, first prize speaking contest, first four year's course, first prize essay and translation contest. Why not add the first Quincy High School Alumni association? The time is peculiarly auspicious for the formation of such a society, and an annual business meeting followed by a dinner with speeches and reminiscences would be productive of much pleasure and profit.

Brainstre is fortunate, and it is being illustrated daily that the town made no mistake in establishing an electric light plant. Hereafter only street lighting has been attempted, but the town has voted to extend the system to in-door lighting, and work is progressing, and the lights will soon be turned on. The meter system will be adopted. The usual charge per lamp hour is from one and one-quarter to one and one-half cents, but Manager Watson announces that the rate for the first five hours will be six-tenths of a cent per lamp hour; less than one-half the usual cost. It is hoped to make a still lower rate.

SOME of the members of the Quincy Young Men's Congress were very liberal with public money in advocating \$15,000 salary to each of the three members of a proposed board of emigration.

THE CITY of Malden believes in good sidewalks and it looks as though it was going to have them, an order appropriating \$10,000 for brick sidewalks having passed Tuesday evening.

The lecture on Spirituality to have been given at the Unitarian chapel next Wednesday afternoon by Mrs. Abby Diaz has been postponed one week.

The old vane that was on the W. M. Nichols house, which had been put on the new better fire station. It would look much better if it had been regilded.

Mrs. Olive Baker, the mother of Mr. Charles A. Winslow of this city, and well known by many ladies of Quincy, died in New York Tuesday aged 79 years.

The Legislators comprising the Committee on Public Transit appeared in the Sunday Herald and Representative Graham was among the best looking of the fifteen.

The Managers of Public Burial Places have organized as last year with John Hall as chairman and George L. Gill as secretary. Capt. Spear was re-elected Superintendent of Mt. Wollaston Cemetery.

A party given under the auspices of Frank Hobart, at Faxon hall, Thursday evening, was quite largely attended and a good time was enjoyed. Wilson's orchestra and Caterer Wales the ice cream.

The three days' fair of that excellent organization the Granite City band, opened under favorable auspices at Hancock hall, Thursday evening, and notwithstanding the inclement weather there was a large audience present, who apparently patronized the several tables liberally.

The vacancy in the Board of Assessors caused by the death of James Burr of Ward Six, has been filled by the appointment of Benjamin R. Rodman. There is also a change in the Wollaston ward, the resignation of Quaker A. Farnum having been filled by the appointment of A. G. Olney.

If what the fire department needs in quickness in its members, Mr. Frank A. Belcher should become a member, for up on the night of the fire at Atlantic he says he got out of bed at 12 o'clock, dressed in his nightgown and ran as far as Woodbury's store in one and one-quarter minutes.

In the show window at Wilson's market are two ancient documents, much prized. They are the appointment of Daniel Stetson, a grandfather of the proprietor at his resignation in 1866, and William D. Smith, Mr. Wilson's father-in-law, as quartermaster with rank of lieutenant in 1833.

The Globe says: "The Adams Boys" will race the Harpoon against the Carnita regardless of what Mr. Rogers may do with the Wasp. So, as was intimated a week ago, some racing in the 45-foot class is at hand. The work of fitting out the Harpoon will soon be begun at Lawley's.

The four days' fair of the Swedish Lutheran church, for the benefit of their church building, opened with a large audience at Plummer's hall, Wednesday evening. The interior of the hall was very prettily trimmed with bunting and flags, the American and Swedish flags being suspended across the centre of the hall. In the centre and on the side of the hall were tables covered with the handwork of the ladies and in the side room was a shooting gallery, all of which were well patronized.

The Quincy quartette, Messrs. Simmons, Washington, Pierce and Burnie, and the Banjo, Mandolin and Guitar club contributed to the entertainment of Rising Sun Lodge, I. O. O. F. of Randolph, and their guests from Brockton, Monday evening. The quartette responded to four encores. Mr. F. D. Craig gave a piano solo and a comic song; Mr. Simmons a song, Mr. V. Fuller a guitar solo, Mr. Munroe Perry a banjo solo, and the club several selections. It was a good time for all.

WOLLASTON.

The opera "Cinderella" was played at the Wollaston Unitarian vestry on Wednesday evening.

The insurance companies have decided not to contest the payment of the insurance on the house owned by Charles R. Sherman, and destroyed by fire last week Thursday night. The insurance has been adjusted on a basis of 100 per cent. loss and Charles R. Sherman receives \$2500, and Benj. F. Floyd, et al. \$2500.

Here is a good one on the Street Committee of the City Council and one that will please Councilman Moxon. The order which was introduced at the council Monday night, called for the street paving of Hancock street to Berlin street, Wollaston.

Councilman Moxon opposed this order, he thought Atlantic should be included. It turns out that Berlin street does not intersect Hancock street, but runs parallel to it, therefore the order is defective. Who pays for the cigars this time.

As Water Commissioner, Herbert T. Whitman, was passing through Central avenue, Monday morning, his attention was attracted to an infant's cry and upon investigation discovered that it proceeded from a newly born babe which was wrapped up in a bundle on the steps of an unoccupied house on Cape Ann. The babe was taken to the birth of the infant.

Thatcher's Island lights off Cape Ann were discernible from Wollaston Sunday night.

The incandescent street lights at Wollaston have been giving very poor satisfaction the past ten days. Saturday night the streets were in total darkness.

At the annual meeting of the New England Wheaton Seminary held in Boston Saturday, Mrs. A. A. Lincoln, '96, of Wollaston was elected president. Miss Estelle M. H. Merrill, the retiring president, was thanked for her long and excellent service.

The funeral services over the remains of Mrs. Catherine Polson, widow of the late Alexander Polson, were held from the residence of her son, Mr. Richard Polson, on Warren avenue, Wollaston, Saturday afternoon. The services were conducted by the Rev. William R. Lord of Harrison Square. The floral tributes were magnificent. The interment was at Cedar Grove cemetery.

The deceased was for many years a resident of Wollaston and leaves three sons, five daughters and six grandchildren to mourn her loss.

Mr. H. H. Johnson is to give a dramatic recital at K. of H. hall, Wednesday evening, May 31. He will be assisted by the Wollaston quartette.

The next regular meeting of the Wollaston W. C. T. U. will be held in the chapel of the Baptist Church on Friday April 28, at three o'clock.

Reception to Pastor. Rev. and Mrs. W. W. Wilder were given a warm welcome at the Methodist Episcopal church, Wollaston, Wednesday evening.

Rev. Mr. Wilder has recently closed a successful pastorate of five years duration at Dedham, and has been assigned to Wollaston.

After the reception a lunch was served. Mrs. John S. Emerson and Dr. A. J. Colgan favored the company with vocal solos, and Miss Chandler and Miss Bjorkman with instrumental music.

The reception committee consisted of Mr. and Mrs. John L. Emerson, and Mr. and Mrs. William R. Campbell.

Y. M. C. Association.

Hon. B. B. Johnson, ex-mayor of Wollaston, and one of the most eloquent and thoroughly posted temperance lawyers in the State will speak on "Intemperance" at the men's meeting at 3:30 Sunday.

A reception will be tendered the members of the Junior department next Wednesday afternoon from 4 to 7 o'clock.

The 30th International Convention of the Association of America will be held in Indianapolis May 10 to 14th. Quincy ought to be represented.

The art exhibition will surpass anything of the kind ever given in the city. Almost the entire collection will consist of new pictures. The proceeds will be used to beautify the rooms and assist the young men.

Arrangements are being completed for the art exhibition to be given in the rooms of the Young Men's Christian Association, commencing Monday, May 1st, and lasting three days. There is no doubt but that this will be the finest exhibition ever given in Quincy. The exhibit will be covered principally to etchings, engraving and photographs. Arrangements have been made whereby several thousand dollars worth of pictures, consisting of the best collections in Boston, will constitute the greater part of the exhibit. It will be an opportunity rarely secured for those who are lovers of art.

A slight fire in the ash pit on the Forbes estate, on Adams street, was extinguished without an alarm Tuesday evening.

Mr. George Spear entertained his friends at Washington hall, Thursday evening.

Some great improvements are being made at the East Mill depot. A new baggage room is being built; the depot proper is being painted inside and out and the depot yard is being loaded and graded.

Civil Service Examination. Applicants for police service will be held in Quincy, at an early date. Citizens of the United States who have been residents of Massachusetts for six months past, have a right to apply. Blank applications may be obtained of Christopher A. Spear, Esq. secretary of the Board of Examiners.

Applicants for police service must be between 22 and 40 years of age, 5 feet 8 inches in height, must weigh at least 140 pounds. Those who file applications with Mr. Spear on or before April 27th will be notified to appear for examination.

The limit of age does not apply to persons who served in the army or navy in the time of the rebellion and received an honorable discharge.

Handsome Delivery Wagons. Two of the handsomest delivery wagons seen upon our streets are those of Messrs. George F. Wilson & Co. The wagons have nickel trimmings and are painted in the highest style of art. The balance is the construction of the best as is also the workmanship. One of these wagons was built by Tirrell & Son's and the other by James R. Wild, and the only difference between the two is in the color of the painting and lettering. On one the running part is painted an apple green and the body black, and on the other the running part is vermilion and the body a French green, a color seldom used in this kind of work.

Though altogether the wagons are a credit to the builders and show enterprise on the part of Messrs. Wilson & Co., who believe in patronizing home industries.

Ratner furniture is just the thing for summer use and no better variety can be found than at C. W. Gwyn's.

Dean's Examinations. Fully respectable, well educated students, fully equipped with the latest methods of instruction, are now being prepared for the examinations of the Dean of the University of the South.

QUINCY POINT.

About a week ago the wife of Mr. James M. Harris, who resides at Quincy Neck, while caring a car accidently made a small wound on the joint of her foot. She did not think that it would amount to much and put a piece of court plaster on it which probably poisoned the wound. It became so painful and she grew so sick that a physician, Dr. N. S. Huntington, was called, who found her suffering from blood poisoning. Under his skillful treatment she is convalescing and on Thursday he pronounced her out of danger.

Officer Joseph W. Hayden has been missed from his beat this week, being confined to the house again by illness. All hope to see him soon in the enjoyment of health, and about the city as usual.

A quiet wedding at 16 Canal street, Quincy, on Tuesday evening celebrated the union of Miss Francis Carter of Quincy Point, and Miss Florence Goss of Boston. Rev. W. S. Thompson performed the ceremony in the presence of some fifty guests.

Mr. Fred Goss of Boston was best man and Miss C. Besse Carter maid of honor. The bride was the recipient of many pretty presents.

The baby show, under the auspices of the Ladies' Aid Society on Wednesday afternoon, at the Congregational vestry, Marion Point, was largely attended. Twenty-four babies and children under four years of age made a charming exhibition, and called forth complimentary words from many visitors. Although a novel experience for the little ones, they were kindly to the interested spectators and seemed to enjoy the scene fully as much as the older ones.

The following is a list of those present: Edward Montrose Graham, Elliot Coolidge Johnson, Ralph Shaw Allen, Ralph William Dole, Rev. Melvin Dole, Charles Edward Dole, Robine Annie McNaughton, William Russell French, Minnie Beatrice Lowe, Lauretta Viola Love, Ernest Albert Smith, Harvey Arthur Smith, Irving Newton Hayden, Pearl Marion Hayden, Marion Lee Webb, Cora Francis Webb, Fred Page Beckford, Marion Ethel Weeks, Nellie May Swares, Nellie May Swares, Nellie May Swares.

Ralph William and Roy Melvin Dole, five months' old babies, were awarded prizes for being the only pair of twins on exhibition.

The other prize winners were Irving Newton Hayden, Ralph William Dole, Westley Page Beckford and Elliot Coolidge Johnson.

Atlantic. Mr. Bernard H. Stenzel, of Boston street, had an artery in his left hand cut while assisting at the fire in C. R. Safford's house, Wednesday evening.

Edward H. Richardson has resigned his position with the Old Colony and gone to work for the Cotton Valve Co. of Neponset.

The alarm from box 64 at 9:50 o'clock Wednesday evening was for a fire in the house owned and occupied by William H. Wilson, at Atlantic, caused by a kerosene lamp. It was extinguished with a few buckets of water without the assistance of the department.

Charles Walker of Sarin Hill, has bought the Hartle house on Boston street.

Dennis Sullivan, a well known citizen of Atlantic, died at his residence on Farringham street, Wednesday night, aged 40 years. He has been connected with the Wollaston Foundry as head molder ever since it was established some 18 years ago. He leaves a widow.

In the School Army. The following are the names entered the D primary at the Quincy school, Atlantic this week. The list credited to this school a last week, should have been to the Wollaston school.

Edna Davis, Margaret Foley, James Ago, Sadie McLean, Helen Jenkins, Walter Brown, Horace Carver, Mabel Reed, Helen Curtin, Ralph Reid, Grace Barry, Clara Morton, George Hoyt, Elsa Frolund and Lillian Hoyt.

Funeral of Assessor Burr. The funeral of Mr. James Burr was held last week Friday afternoon from his late residence on Walnut street, and was attended by a large number of his friends and business associates; also, by Mayor Fairbanks, City Clerk C. A. Spear, Treasurer B. H. Adams, City Auditor J. O. Hall, Commissioner Ewell, Councilman Moxon, Owen and Holbrook. Also the remaining member of the Board of Assessors, with the exception of Mr. Kimball, who is sick.

Rev. Mr. Dietz, pastor of the Atlantic Methodist church conducted the services, during which a quartette from Brockton rendered several appropriate selections. The interment was at Mt. Wollaston.

MILTON. J. Bertram Newcomb is recovering from his sickness.

Selection. J. Albert Simpson has appeared out in a new turnout.

Miss Mary Kellison of Quincy, has accepted a position as bookkeeper for T. L. Pearce.

State Board of Health Statistics.

The following statistics have been

compiled by the State Board of

Health for information of the

cities and towns in different parts of

the State, and especially for local boards of

health.

In order to present the statistics in the

most intelligent manner, the mortality

of the whole State is taken as an average, and

in each instance is reduced to a standard of

100.

For example, For each 100 deaths in

Massachusetts from all causes in a given

population, there were in twenty years 93

deaths from all causes in a population of

similar number in the city of Quincy.

With one exception (Franklin) Norfolk

county was the healthiest for the past

twenty years of any county in the State.

They rank as follows, each being below

the average of the State and six above—

Franklin, Norfolk, Plymouth, Berkshire,

Hampshire, Hampshire, Worcester, Dukes,

St. James, Hampshire, Middlesex, Bristol,

Suffolk, Nantucket.

The death rate and mortality rate of

towns in Norfolk county were:

City Council.

Resolutions were in order at the regular

meeting of the City Council Monday eve-

ning, two being offered and passed, calling

for an investigation of the fire department,

and an amendment to the Squantum bill.

A lot was selected for the high school and

other important business transacted. Coun-

cilman Drake was the only absentee.

Traverse Juries.

George A. Bent, Ellsworth M. Harding

and William K. Chubbuck were drawn as

traverse jurors.

A communication was received from the

Mayor appointing Cornelius Moynihan a

Registrar of Voters for three years. Con-

firmed.

Applications for common victuals

licenses were received from Eben Stocker,

and James F. Kane, referred to Commis-

sioner on Licenses.

A petition for auctioneer's license from

James T. French, and for a license to

collect junk from James N. Lyett were

referred to Commission on Licenses.

A petition was received from citizens of

Wollaston Park requesting that a number

of streets in that vicinity be accepted as

public streets. Referred to Commission on

Streets.

Councilman Lennon presented a petition

for the construction of a stone drain on

Centre street at the corner of Granite

street. Referred to Commission on Sewers

and Drains.

Councilman Moxon presented a petition

for the opening and extension of Walker

and Olive streets. Referred to Commission

on Streets.

A petition for increase of State Aid

was received from C. B. Newton.

A petition was received from the Manet

Street Railway for location on Hancock

street, and for a license to operate on

the Quincy & Boston street railway. Re-

ferred to Commission on Streets.

Reports of Commission.

The Commission on Licenses on petition

of C. E. and L. G. Huntington for a

common victuals license reported ought

to be granted.

The same committee also reported in

favor granting a Common Victuals

license to Emma Clark, Robert C. Clark

and Everett S. Kilpatrick; also for a

billiard and pool room license for James

Wash. Accepted.

The Commission on Public Buildings re-

ported an order authorizing the Mayor to

extend \$500 for electric lights, gas fixtures,

etc., for the new central fire station, the

same to be charged to appropriation for

central fire station. Ordered to its second

reading.

The Commission on Public Buildings on

the order appropriating \$15,000 for the

purchase of the Buttrick for a new High

School, reported recommending its passage.

Councilman Shackley offered a minority

report substituting the Spear street lot.

Councilman Shackley moved the acceptance

of the minority report. In support of his

motion he said: High School building

should be where it will accommodate the

most of those who wish to use it. The

Buttrick lot is more than a mile away from

the center. He hoped justice would pre-

vail and the building be located some-
where near the center. The Buttrick lot is on
the most traveled thoroughfare in the city and
is very dusty in the summer months.

Councilman Anderson. Did not believe

it expedient to build a High School build-

ing in a location so far from the center of

the city. We should find out how many

of the girls should attend the school

The Quincy Patriot.

SATURDAY, APR. 29, 1893.

A Great Change.

The old Hancock House, near the Quincy station which was built about seventy years ago, and which was for many years in Mr. Daniel French's, and his son's, Geo. H. French's time, a very popular hotel, but of late years used as the Adams Academy boarding house, is undergoing great changes.

The old building will scarcely be recognized after the work of Mr. Warren D. Higgins, the contractor, has completed his labors upon it; although the center, or main building will be about the same.

Ten large beautiful stores will line the old structure, extending from near Dr. Gilbert's residence on Hancock street, around to the front of the Quincy station. The stores will vary some in size so as to accommodate all kinds of business. They are all to be finished with cypress wood in a very attractive manner, with immense plate glass windows, occupying nearly the entire front of each. The stores are to be lighted by electricity and heated by steam; the cellar to be cemented. In fact, everything is to be done to make the store beautiful and attractive to the public, and its patrons. What a busy life of trade this square will be when these ten stores are filled with the many varieties of goods which a growing city like Quincy will need.

There cannot be any doubt but Quincy center is in a few years to be a great mart of trade not only for our own people but for citizens of North and East Weymouth, Braintree, Milton, and villages miles around. Larger and nicer stores of goods will be kept than in former years, and sold at prices much below what is charged in Boston, where the rents of stores are getting to be enormous.

It has been difficult to find anywhere in the country, a better and more attractive collection of stores than those in Adams Building in this city, since that noble building was erected. Many were in hopes that Mr. Faxon would completely demolish the old Hancock House and erect a new building which would be both worthy of himself and the city.

But, as he looks to the financial success of all his undertakings he could not see the way clear to do it. But we are pleased to know that he is to spend from ten to fifteen thousand dollars on the property and to have some grand stores for our merchants to do business in.

Pretty Church Wedding.

A very pretty social event was the marriage of Mr. Edward Everett Miller son of Mr. and Mrs. George L. Miller, and Miss Minnie Waters Litchfield, daughter of Mr. and Mrs. Edward M. Litchfield, which was solemnized at the Congregational church Thursday evening in the presence of a large number of relatives and friends of the parties, the ceremony being impressively rendered by Rev. Edward Norton, pastor of the church.

Mr. Arthur H. Doble was best man; Miss Alice Litchfield, a sister of the bride, maid of honor; Miss Annie W. Miller and Miss Adeline W. Miller, sisters of the groom, were bridesmaids. The ushers were Mr. Ernest Pitts, Mr. William Isaacs, Mr. Ernest Goodrich, Mr. Theodore King, and Mr. Charles H. Norton. The bride was attired in an empire skirt of light gray broadcloth, ornamented with five rows of the folds of the goods, piped with heliotrope velvet, with the belt fastened under a velvet rosette bow. The waist was a crosswise bodice of the same goods piped with heliotrope velvet, fastened with passementerie and double breasted of the goods also piped with passementerie trimmings, girdle sleeves and light gray gloves. Fastened to the hair were a bunch of orange blossoms and she carried a bouquet of white roses.

The maid of honor wore a light brown ladies cloth, trimmed with velvet and green changeable silk. She carried a bouquet of lilies of the valley. The bridesmaids wore light brown ladies cloth, trimmed with copper-colored changeable silk and carried bouquets of pink roses. Mr. Frank S. Gilbert, presided at the organ, and as the bride party entered the church the organ played four Mendelssohn's wedding march.

The interior of the church was very handsomely trimmed, the work having been done by the members of the Young People's Society of Christian Endeavor. On either side of the altar were many handsome potted tropical plants. Across the front of the altar diagonally was a wide white cloth covered with roses and ferns, and from the center of this cloth a large white streamer reached the floor. Directly in front of the altar was suspended a large marriage bell of evergreen, and pink and white roses. On the front of the bell was a cluster of white calla lilies and from the top were broad white streamers trimmed with evergreen, extending to the sides of the church and to the chandeliers. On the corner of the choir rail was a bunch of lilies also another in the center front of the organ.

A reception and wedding supper, at the residence of the bride's parents, to the immediate families only, followed the marriage ceremony, four generations being represented.

Mr. and Mrs. Miller left immediately after the reception for a brief trip, returning from which they will reside on Independence avenue and will be at home after June 1.

They received many handsome and valuable presents in which solid silver ware predominated and among other things an elegant piano lamp, a gift of the members of the Congregational church choir.

F. M. C. Association.

"Personal Purity" will be the subject considered at the men's meeting at 3.30 Sunday. Mr. Henry Chase of Boston will be the speaker. Boys under fifteen will not be admitted to this meeting, but there will be a special meeting for boys at 2.45. Boys from ten to fifteen admitted.

The art exhibition will open Monday afternoon at 2 o'clock. The collection of etchings, engravings and photographs will occupy the parlor, reading room, recreation room and hall. The collection is valued at \$5,500 and is kindly loaned by one of the best known persons in Boston. The proceeds will be used for the Woman's auxiliary, for furnishing the rooms and otherwise helping the young men. Single admission will be fifteen cents.

Steps will be taken in a few days to organize a bicycle club. A large number have already signified their intention of joining. With the pleasant rooms, bicycle journals, baths, and gymnasium, all complete, a better place can be found in the city. A suitable place will be secured for storing bicycles.

SPRING. The bright sun early yesterday morning, and the warm southerly wind, together with the rain the day before, made all nature look very delightful. The young grass is giving the lawn the bright blue so pleasing in the springtime, and the flowers are beginning to show themselves, while the song birds are making the air vocal with their choral harmonies. The residents are getting their gardens in order, and soon the face of nature will present the loveliness of the vernal season.

CITY BRIEFS.

Arbor day today.

Grass getting green.

Ice Wednesday morning.

Hardly settled weather yet.

Measles continue prevalent.

Two new stores will open today.

The Assessors will start next Monday.

Dr. and Mrs. E. E. Davis are in New York.

Memorial day four weeks from next Tuesday.

Considerable sickness is reported among our citizens.

Mr. James W. Young is quite sick with a severe cold.

Hancock street in the Centre is receiving its annual scraping.

If the pleasant weather continues lawn mowers will soon be in style.

The question people are asking is, "who is the next to be investigated?"

The high school nine defeated the Adams school nine, Saturday, by a score of 22 to 6.

The new central fire station will be occupied about the middle of May.

A 1,500 alternate lamp has been put on exhibition at McGovern Brothers' store.

It seems almost impossible to have more than one pleasant day at a time this spring.

It is reported that seven more Quincy drunks were arrested in Boston Monday night.

Mr. J. & A. B. Gibson announce in another column that they are still doing business at the old stand.

Miss Elizabeth F. Abby of Milford, the new teacher at the High School, commenced her duties Monday.

Ernest Warburton Sharroff of the Pilgrimage church. After a brief wedding trip Mr. and Mrs. Brown will reside in Springfield.

The First Church Literary and Dramatic club gave a pleasing entertainment at the chapel last week when the three act comedy, "The Jack Trust," was given in a pleasing manner. The characters were taken by Mr. Wing, Miss J. Y. Jones, Miss M. F. Jordan, Miss Jordan, Miss Jackson and Miss S. A. Jordan. During the evening there was song by Mrs. Davenport and piano solos by Miss Alice Keating.

Probably the best appointed and largest clothing and men's furnishing store outside of Boston is that of the Granite Clothing Co., of this city who have open the doors of their new store in Durgin & Merrill's block Saturday. Ever since the Quincy One Price Company went out of business, carpenters and painters have been busy at work on the interior and under their hands many changes have taken place. The store space has been lengthened by the addition of 50 feet at the rear so that now the room is 25x75 feet. It is lighted at night by 36 incandescent lights; gas can also be used if necessary.

The alarm from Box 20, at 10.57 Thursday night, was for a slight fire in an electric car at the car house. The fire was extinguished with a salt water stream without assistance of the department. The loss will be what ever it costs to rewind the motor. Hose 2 of Wollaston made remarkably quick time, arriving at the box in about 12 minutes.

Mr. F. J. Perry has at his store, near the Wollaston station, an unusual nice lot of garden tools, which are pleasing to customers greatly. They are of an excellent quality, and still sold so low that no one needs to borrow his neighbor's hoe, shovel or rake; because he can get a nice new one for a few cents. Mr. Perry has also the New Model lawn mower which is giving great satisfaction.

Mr. F. Barnicot of this city has just secured an order for a \$2000 tax from a prominent St. Louis, Mo., firm. It will represent an angel with outstretched wings holding a pair of shears. The figure stands in front of a cross 8 feet 6 inches by 6 feet 6 inches. The base will be 3 feet square. It will be a duplicate of the Pomory figure and will be modeled by Mr. Pausch, the modeler of the original, late of the city of forming a bicycle club. The figure and cross will be cut from one solid piece of Western white granite and will weigh 16 tons in the rough. When completed it will be one of the finest pieces of statuary ever cut in this country.

WOLLASTON.

Miss Benson, who lectures at the Wollaston Unitarian Church next Tuesday evening, has been especially successful in her talks to children. She has travelled much and tells what she has herself seen.

After the entertainment and lunch the company enjoyed a fine and well arranged supper. The table was laid up to a large back board where he drew with chalk a picture of a pig. The most successful artist was awarded a prize.

Several Wollaston citizens do not like it very well because they get wet at the recent fire, but they should remember that water from a fire hose has no respect for person and if they do not wish to take an impromptu bath they should keep out of the way. They will not be bothered again, however as Chief Engineer Ripley informs us that hereafter all fires will be immediately repressed.

There has been a marked improvement of late in the singing at the Wollaston Baptist church.

A Wollaston cat met with a fatal accident in rather an odd way, recently. The cat to the ash box in the furnace at the house of a lady in the neighborhood. The cat was walking in and down and went to sleep, not noticing there was a bright fire in the furnace. Somebody came along and closed the door. In the morning when the ashes were hauled out poor pussy was discovered as dead as a smoked herring. She left four kittens to mourn her loss.

Congressman Everett.

The result of the special election for a Congressman in the Seventh district was not entirely unexpected, and yet was a remarkable victory in a district so strongly Republican. Quincy people, even those differing in politics with the doctor, are pleased at his victory, for it is an honor to the city to be the home of a Congressman, who is a distinguished citizen and will be frequently heard on the floor of the National House. With Congressman Merrick elected from this district, Congressman Moore who still has a deep interest in our welfare, and Congressman Everett, a resident, the interests of Quincy should be safe.

The Congressman-Elect.

The Globe gives the following sketch of the Congressman-elect:
Dr. William Everett was born at Waterbury, Conn., Oct. 10, 1830. He is the third son and second surviving child of the late Edward Everett.

He was educated at the Cambridge high school and Boston Latin school, at Harvard College and Trinity College, Hartford, Conn., and the Dana law school.

He was admitted to the bar in 1860, but has never been employed as a lawyer. In 1870 he was appointed tutor in Latin at Harvard College, and assistant professor in 1872, resigning this last in 1877.

In 1876 he was nominated for the Legislature by the Republicans of ward 1 and 5, in Cambridge, but felt obliged to decline the offer, as the State constitution at that time closed the Legislature to the faculty of Harvard College.

In 1872 he was licensed to preach by the Boston Association of Ministers and has occupied various Unitarian pulpits in recent years.

In 1876 he was appointed Master of Adams Academy in Quincy. He is the author of various publications of which the latest is "School Sermons," published by Roberts Brothers.

He has taken an active part in different political movements since 1864, notably in the campaign of 1884, when he supported Grover Cleveland for the presidency.

He was nominated by the independent Republicans of the 2d district in 1888, opposed John D. Long, and received 9,734 votes as against 15,659 for his opponent, the Democratic nominee, Mr. Dean, received 2,630 votes.

Two years ago he made a gallant run against Henry Lodge for Congress in the 6th district, manifesting the latter's popularity.

Last fall he was again nominated as a candidate against Mr. Lodge in the 7th district, and again he made a most creditable run.

Y. M. C. A. Temperance Meeting.

The announcement that Hon. B. B. Johnson of Waltham, the well-known temperance speaker and worker, would address the Young Men's Christian Association meeting last Sunday, served to fill the hall with young men. Before giving his address Mr. Johnson read the story of the Good Samaritan, and used the story to illustrate the duty of Christians to the condition of affairs today.

He said that there was surely room for temperance work still in Quincy when it is necessary to take forty men, many of them from Quincy, from the Old Colony depot in Boston to the local Saturday night on account of their drunken condition.

Mr. Johnson said that the great lack in our young men today was their failure to use their individuality for the right. Surely no one could say that it was impossible for one man to accomplish anything when they saw the great work which Mr. Faxon had done for Quincy and the State of Massachusetts.

There are 225,000 saloon keepers in the country, and they are organized robbers. They have robbed and chained 56,000 of our people, and have killed 80,000. We are too much like the priest and the Levites. We see the robbers but prefer to pass on the other side. These robbers are bold, insolent, remorseless wreckers of life. Paul wrote that these robbers were soul killers. "No drunkard shall inherit the kingdom of God."

Clerks' Concert and Dance.

The grand concert and dance of Quincy Council No. 2, Independent Order of Clerks which was held at Hancock hall, Wednesday evening, drew the clerks, their ladies and friends out in large numbers, and at 8 o'clock when the curtain went up the first number the program was there were but few vacant seats in the hall.

The opening number was by the orchestra which was followed by the Excelsior quartette, Messrs. W. C. Warrington, J. Simmons, J. Pierce, and A. J. Bishop. This was followed by a recitation by Miss Kelley of Boston, and triple Indian girl singing by Mr. Edward Donovan.

James A. Walsh, who had accepted a position as smasher of baggage for the Quincy Council, was the next speaker. He appeared and gave a comical sketch which was full of local hits, which caused frequent outbursts of applause.

Miss Audrey Rhines, who has already won many laurels by her dancing, appeared in a dainty Spanish dance which called forth an encore. Miss Bertie Turner, the talented reader from West Quincy, followed with a pleasing selection.

The Shawm and Guitars by Mr. Nicholas Mr. White and Mr. F. Bassick gave one of their artistic selections. Mr. John McGowan another of Quincy's well known characters followed the audience with a song, and Danny Healey of West Quincy followed with a recitation by Miss Kelley of Boston, and triple Indian girl singing by Mr. Edward Donovan.

Miss Audrey Rhines, who has already won many laurels by her dancing, appeared in a dainty Spanish dance which called forth an encore. Miss Bertie Turner, the talented reader from West Quincy, followed with a pleasing selection.

The Shawm and Guitars by Mr. Nicholas Mr. White and Mr. F. Bassick gave one of their artistic selections. Mr. John McGowan another of Quincy's well known characters followed the audience with a song, and Danny Healey of West Quincy followed with a recitation by Miss Kelley of Boston, and triple Indian girl singing by Mr. Edward Donovan.

James A. Walsh, who had accepted a position as smasher of baggage for the Quincy Council, was the next speaker. He appeared and gave a comical sketch which was full of local hits, which caused frequent outbursts of applause.

Church Reunion.

A very enjoyable evening was spent by the members of the Congregational church last week Thursday night, they gathered in large numbers at the annual business meeting. A supper has become a prominent feature on these occasions and was much enjoyed this year. It was the 60th annual meeting and these officers were elected:

Scribe, William P. Bailey.
Treasurer, James S. Baxter.
The committee on strangers, the committee on visitation and needy poor, and the deacons were re-elected.

The officers of the Sunday School, senior department, were re-elected. Superintendent, Mr. W. B. Fay. Assistant Superintendent, Mr. A. C. Sampson.

Treasurer, Mr. James S. Baxter. Secretary, Mr. Charles Sampson. Librarian, Miss Helen I. Dineen. Asst. Librarian, Mr. Wm. Patterson.

2d Assistant Librarian, Mr. James Gordon. The election of officers of the primary department, the result of which was as follows:

Superintendent, Miss M. E. Fish. Assistant Superintendent, Mr. Matter laid on the table.

Secretary, Mrs. Mary E. Taber. Treasurer, Mrs. James P. Merrill. The committee on Wobey was rejected. A change in superintendent of the primary department was suggested by all. It was hoped Mrs. Fay would have recovered from her illness that she might resume her position, and Mrs. Shaw, who had admirably filled the position for some months, positively declined to serve further. Much, however, is expected of Miss Fish, the new superintendent, who is an enthusiastic worker.

Brilliant Wedding.

Probably the most fashionable and brilliant wedding ever solemnized in East Weymouth, took place Wednesday evening at the Congregational church, when Miss L. Charlotte Lovell, daughter of Col. B. S. Lovell, and Mr. Henry A. Richards were united in marriage by the full Episcopal service which was performed by Rev. Daniel Evans.

Mr. George H. Richards, a brother of the groom, was best man, and Miss Susan C. Richards, maid of honor. The bridesmaids were Miss Hattie Moore of New York, Miss May Holland of Weymouth, Miss Bessie B. French, Miss Mae Carroll, Miss Jennie Thayer and Miss Annie K. Jones of Weymouth. Miss Helen I. and Miss Grace M. Lovell were flower girls.

The ushers were Mr. L. B. Shier, Philadelphia; Mr. Allen Thorndike, Braintree; Mr. Aubrey Hart, Weymouth; Mr. L. H. Johnson, Boston; Mr. W. W. Churchill, Boston; Mr. Christopher Webb, Weymouth, and the master of ceremonies at the church was Mr. Charles D. Cameron.

The church was very prettily trimmed with palms and calla lilies and illuminated with six piano lamps with pink shades. At 8 o'clock the wedding party, which was preceded over by Prof. W. F. Burrell, held the bride and groom, and the bride's party entered in the following order: Ushers, bridesmaids, maid of honor, flower girls, the bride leading on an arm of her father. Arriving at the altar the bride's party was met by the groom and the best man.

The bride wore an elegant costume of white satin cut decollete, with a broad white silk collar, and a full skirt of white lace. She also wore a white veil fastened with white satin bows, a corsage bouquet of white violets and carried a white bouquet of white roses. The groom wore a black suit, a white shirt and a white bow tie. The bridesmaids wore white dresses with white lace collars and white veils. High School Speaking Contest.

The first prize speaking contest of the pupils of the Quincy High school was held at Hancock hall, Tuesday evening, before a very large and intelligent audience. This contest was the outcome of an offer made by Mr. Wendell G. Corbitt last year, and it certainly was productive of excellent results, for the declamations by all of those who participated were better than the average and showed careful study on the part of the pupils.

The pupils of the school occupied the front seats of the hall, and the declamations were delivered from the platform which was set to represent a parlor scene. The several numbers by the pupils were interspersed with music by the school.

The programme:
Music,—"Gloria," G. A. Vearie, Jr.
By the School.
"The Battle of the Marston," Scott
Ermina Kolb, '93.
"The Light on Deadman's Mountain," Rexford
Helen A. Turner, '93.
"The Ride of the Virgin," McNeil,
Cassandra Thayer, '93.
"The Boy Convict's Story," Carion
Carrie B. Baker, '93.
Selection from "The Merchant of Venice," Scott
Alice Sampson, '93.
Music,—"Hope" (L'Esperance), C. O. Huet.
Violin Obligato by Mr. Walter E. Lord.
Musical numbers by French classes.
Little Orphan Annie, Riley
Daisy Lowe, '93.
"Toussaint L'Ouverture," Phillips
Joseph J. Callahan, '93.
"Little Rocket's Christmas," Brown
Mabel L. Drew, '93.
"Death Makes All Men Brothers," Upham
Margaret L. Boyd, '93.
Music,—"By the School," Webster
"Liberty and Union," Charles Baxter, '93.
"Wounded," Mabel Oxford, '93.

Song by the School.

At the close of the contest the principal, F. A. Tupper, briefly thanked the donors of the prizes, the superintendents, pupils and audience, and introduced Mr. Merton E. Keith, who announced the award of the prizes for essays and translations offered by Joseph M. Sheahan, M.D., which were books valued as follows:

Translations—first prize, \$10, Miss Eva G. Reed; second prize, \$7, Miss Annie E.

City Council.

The regular meeting of the City Council, Monday evening, was a lively one and personalities were freely indulged in on the part of some of the Councilmen who did not hesitate to use hard names.

Councilman Moxon was the only absent member, and it was noted that he had

er over the Mayor's veto, Councilman Feederhen was the only one to vote in the affirmative.

Another Veto.

The Mayor in a communication also returned without his signature the resolution authorizing the Committee on Fire Department to investigate Hose 2 and the fire department, as it undertakes to confer upon the legislative department executive power.

The question came upon passing the order over the Mayor's veto.

Councilman Feederhen spoke at length on the question, but did not think the Mayor has any right to pass a veto on that question, and that veto is not worth the cost which it is written upon. He assured

Section 46, which says that "every officer and employee of the city, other than those mentioned in Section 37, shall, at the request of the Council, appear before it and give such information as it may require." "Do you want to be told by any one man you shall not investigate? Are we waxen

ons for the heads of department? It made him feel sick that the Council can not investigate. The information the committee have already got, shows that if there is any department that needs overhauling and renovating it is this same department. If things are so nice in that department, why don't the Chief come

investigate. "There is something rotten in this department, or the Chief would not oppose," the speaker said he went down to the so-called investigation and the Mayor said he loved the citizens and those of Ward Five in particular. The investigation was a sort of love match between the Mayor and the Chief Engineer. "Haven't I always loved you and haven't you always loved me?" How

Councilman Anderson said that by the charter the duties of the department officials was clearly defined. It seems by Section 46 the Council could not investigate. There is a question whether the Council can investigate as the resolution now reads, "Councilman Anderson: There can be no investigation."

Councilman Anderson. Section 17 says every question, resolution, or vote of the council, shall be presented to the Mayor for his approval, except such as relates to

Councilman Adams. That is just it. This is an internal affair.

Councilman Holbrook. When it comes that the Council is to be opposed in obtaining information it is getting in a bad way. We are here to make rules for the good government of the city and we have a right to investigate anybody, even the Mayor if we

Councilman Johnson thought the mayor was entitled to some respect and it was not right to use sarcasm in the arguments. He believed the Council had a right to investigate. Any man who holds public office should be willing to be investigated.

Councilman Brown said that every man

Councilman Robbins said he supported the resolutions and saw no reason to regret as yet. It may be it is not the resolution itself but the scope of it the Mayor objects to. We may not have proceeded in the right way. Did not believe the Council

on. He would vote for the investigation but did not want to cross the line where the two sides clash.

Councilman Holbrook denied that the investigation interfered with the executive department.

Councilman Anderson was not opposed to an investigation and his only opposition

The resolution was then passed over the mayor's veto by the following vote:

YEAS.—Adams, Baker, Brown, Donahoe, Drake, Federhen, Holbrook, Holden, Johnson, Lennon, O'Connell, Owen, Robbins, Rooney, Shackley, Smith, Williams.—

Railroad Police.
A communication was received from the mayor appointing, at the request of the old Colony Railroad, Charles R. Damon as railroad police. Appointment confirmed.

A communication was received from the mayor announcing the appointment of Osborn Rogers, Benjamin R. Redman, and E. G. Olney as assistant assessors, to fill vacancies.

Petitions.

mark, stating that in 1889, 1890 and 1891 he had been assessed for 6½ acres of land in Bass and Common streets which he had paid, when he was only owner of 1½ acres of said land and that other parties had paid taxes on the same property. He therefore asked for the refunding of \$40.80. Referred to Committee on Claims.

rs. W. H. Ferris, J. L. Harvey, and James Green; to sell gunpowder from William C. Shea; to collect junk from Thomas O'Donnell, John Kelliher and William F. Landers were referred to Committee on licenses.

Street Lights.
Councilman Owen presented a petition from citizens of Ward Six for an arc light on the corner of Botolph and Clive streets, also for a suitable number of incandescent lights on the same street. To Committee on Street Lights.

SAURDAY, MAY 6, 1893.

Inspection.

On Tuesday evening, May 2, the brothers of Camp 27, met for the purpose of holding their annual inspection. After weeks of preparation and drilling the time had arrived when the members were to demonstrate whether the Quincy Sons of Veterans were to rank with the crack camps of this state or take an inferior position. The brothers were determined that the best was none too good for them, and the results proved it.

Promptly at 7 o'clock the members were present and ready to receive their inspection and invited guests. Owing to a previous engagement the regular inspector was unable to attend, but in Inspector G. P. Allen, of Whitman, he had an able substitute. The meeting was opened at 8.30 p. m., and the inspection of 1893 began. For two hours the officers and members labored for the camp and victory and when at last the work was completed and the Inspector Allen arose to announce his decision the sons felt that it would be a satisfactory one.

In his opening remarks he congratulated the brothers on the excellent condition of the camp and said that the inspection of 1893 had been inspected, and that he took great pleasure in being able to mark them 98 per cent. When this announcement was made the members and comrades of the G. A. R. rose in a body and cheered. They realized that Camp 27, had received the same marking as the best camps in Massachusetts and that Quincy had one of the banner organizations of the division.

After spending a few minutes in congratulations the brothers and guests repaired to Hancock hall, where Steward Allen had prepared a sumptuous repast. After partaking of the good things spread before them speeches were listened to.

In response to the call of Captain Houghton nearly all the visiting brothers and comrades were heard from, among whom were Comrades Stoddard, Lord, Penman, Clevary, Gardner, Osborne, Munroe, Holmes, Dunbar, DeForest, Leavitt, Pope, Gouley and Dyer, of Port 85; Commander Gray and comrades Bunker and Holbrook, of Port 87; and Bailey of Port 2. Also brothers Past Captain Tibbets, of Camp 86, Stoneham; Huff, of 106, Charlestown; Donovan, of 38, Weymouth; and Weaver, Hill and Hobart, of 30, Dorchester.

At 11.45 the comrades and visiting brothers departed well pleased with their reception and proud of the camp which represents the city of Quincy.

Y. M. C. Association.

The art exhibition will close Saturday afternoon. All tickets good until that time. Bishop-elect Lawrence, while rector of Grace church, Lawrence, was one of the largest contributors to the association of that city, besides being actively engaged in the work.

Mr. W. F. Cummings, of Atlantic, will address the men's meeting Sunday afternoon.

Yesterday's papers announce that Mrs. Durand, of Fitchburg, has increased her subscription towards the new association building from \$20,000 to \$25,000, and that Mrs. Brown, of New Bedford has given \$1000 to the association of that city to be invested and proceeds to be used for current expenses. The women of New Bedford have many thousand dollars the new building recently erected there.

Every friend of the City Hospital and the association should take an interest in the splendid entertainment to be given next Thursday evening by Kings Daughters of Wollaston, in the Congregational church, Wollaston. The entertainment is of the highest order, and surpasses anything of the kind ever given in the city.

Suicide of L. W. Lovell.

Thursday evening, Mr. Lucius W. Lovell, of Boston, a former resident of Wollaston, took passage on the Steamer Tremont from Boston for Portland. Between 11 and 12, when the boat was off the Isles of Shoals, he jumped overboard and his body was not recovered.

A message to Mrs. C. Andrews, 64 Cortes street, Boston and also the following note, was found in his state room:

May 4, 7.30 p. m.
We are now off, and shall be off far enough in two hours. It seems strange, but I have not the least dread of death. I am sorry, of course, to leave my dear wife and but have to do that every year, and it would soon come at the longest. So good-bye all! expected to go last night, but the weather prevented; shall know the grand secret before long.
L. W. LOVELL.

Fatal accident.

Early Saturday afternoon children on Summer street, were enjoying a boisterous when a fearful accident took place which caused the loss of life. Little Annie Moriarty, aged 12, tried to be brave and attempted to jump across the fire, but her dress took fire and before her mother, Mrs. John Moriarty could extinguish the flames her clothes were burned off and her hands, arms and legs severely burned.

Mrs. Moriarty was also seriously burned about the back and body. Mother and daughter were promptly taken to the Quincy Hospital, where the little girl died Sunday morning. Mrs. Moriarty is almost crazy with grief over her daughter's death. It is feared that Mrs. Moriarty may lose one of her hands from the effects of her burns.

Cooperative Bank Officers.

At the annual meeting of the Quincy Cooperative Bank, Wednesday evening, these officers were elected:

President, Dr. John F. Welch.
Vice-President, George H. Field.
Secretary and Treasurer, Richard D. Chase.

A PROPHET

is not without honor, save in his own country—strange that the very reverse of what naturally should be, usually is!

Upon this accepted theory, it might be supposed that Quincy people would not be alive to the advantages and worth of Norfolk Downs. The facts however are quite the contrary: Norfolk Downs is a clerk. Some knowledge of book-keeping is there, however, none the less and is being recognized more and more every day. Where do you stand?

GREEN & PRESCOTT
Editors and Proprietors.

THE PATRIOT is published in the only city in Norfolk County, and is one of the oldest newspapers in the State, being established in 1837. Its average circulation is over 2200 copies weekly.

TERMS—\$2.50 per year in advance. \$3.00 if not paid before the time of the year. N. ELIZABETH GREEN. GEO. W. PRESCOTT.

Poetry.
Our Birthdays.
Life's milestones—for we've gained the hill-top now.
And turned our faces to the setting sun—
Are pauses in the symphony of years;
Are rests in journeying ere the day be done:
Are but pauses 'neath the waving palm-tree,
Are records "read at night" from Memory's scroll;
Are sheaves of wheat grown heavy for our ears,
While far behind our fields are reaped and bare.
But see the lesson in these speaking things!
For sunset makes another world—a day.
Our music fades but mounts on heavenly wings.
The blessed wave their palms in realms of light:
The records of our love rejoice His sight;
And for the sheaves of wheat our toil hath won,
We meet His hand, we hear His voice,
"Well done!"

Miscellany.
BY THE ALMANAC.
There was a time in Texas when horse-stealing was counted a greater crime than murder. For the latter crime, few, if any, ever suffered death at the hands of the law; for the former, justice was meted out with a vengeance, and as expeditiously as possible.

The Quincy Patriot.

SATURDAY, MAY 20, 1893.

Editorial Correspondence.

CHICAGO, May 16, 1893.

Mr. George W. Prescott and daughter who left Boston on Sunday afternoon arrived in Buffalo on Monday morning about 8 o'clock via the Boston and Albany, and the N. Y. Central. After breakfast they started out to see the city, having five hours stop in Buffalo. To say that they were delighted is to say the least, as Mr. Prescott says it is the prettiest city, except Washington, on this continent.

Delaware avenue is very attractive. A very straight wide street stretching out for miles into the country, with beautiful shade trees on either side; costly houses with beautiful lawns around them. Nearly all the streets in the better portions of the city are concentered, and are kept perfectly clean; being a perfect heaven for bicyclists. All the streets are laid out very regular and straight, and many are lined with several rows of trees, with a grass plot between the sidewalk and the street.

We met in the city Mr. Thomas McDonnell, who is at the head of the big granite firm, McDonnell & Sons of Buffalo. We had also the pleasure of shaking by the hand another Quincy boy, Mr. Charles H. Rogers, who went with us into the city hall, an elegant and costly building. We also saw Mr. William H. Faxon, a nephew of Henry H. Faxon, Esq. His firm, Faxon, Williams & Faxon, has the largest grocery in the city, and is making money very rapidly.

We left Buffalo at 1 o'clock P. M., by the Nickel Plate line for Chicago, arriving about 8 o'clock on Tuesday morning. We went to the World's Fair grounds for several hours today, but were greatly surprised to find the buildings so incomplete; and so many of the exhibits still uncompleted. It will take at least one month more before everything is in apple-of-order.

It is very odd here; a thick overcast was very much needed this morning. I think the wind was more disagreeable than any east wind experienced in Quincy since the first of April.

The hotel accommodations in Chicago appear to be very ample at the present time. The editors have fine rooms with excellent meals at the rate of \$3.00 per day, we would not ask for better accommodations. There appears to be hotels in abundance, and the visitors to the World's Fair are not very plenty. No one needs to worry about hotels or board in our opinion.

Street Improvement.

That hearing on street improvements is a sweeping one, and yet there is not a measure in the city, which the people east of Newbury avenue at Atlantic have been slightly impatient at the delay in opening up Walker street. One object to going backwards to get forward but this is just what these people have had in mind daily or else cross private property. About the prettiest part of West Quincy is Hall place and as the land is soon to be opened up it should have a proper outlet to the depot and street railway, particularly as the expense will be so slight. The entrance to Coddington street is not only a very narrow but blind and dangerous, and safety to the school children and the traveling public demands that the street be widened. It is a thoroughfare to Hough Neck and Germantown and also to Mr. Wollaston cemetery. Adams street is the pride of Quincy in a residential way and the street should be in keeping with the fine residences.

May Festival.

Notwithstanding the unpleasant weather Tuesday evening the annual May festival of the Universalist ladies' association was quite well attended.

The interior of the ladies presented a very pleasing appearance. On the left of the entrance was a long table prettily trimmed with pink and white and on the covers were displayed many fancy articles, which met the eye with delight.

The entertainment was furnished by young people from All-Souls Universalist church, East Boston, and was very commendable and highly entertaining. It consisted of select readings by Miss K. instrumental and vocal solos by Misses Covington, Woods and Stevenson and Messrs. Holmes and Pigeon.

The pleasant weather of Wednesday evening, coupled with the excellent entertainment announced for the second night of the May festival of the ladies of the Universalist church, served to attract a large audience, and those who attended were well repaid for their visit. The supper from 6 to 7 found many patrons, and the entertainment was continued until 10 o'clock the Young People's Club of North Weymouth occupied the attention of the gathering, to the pleasing drama "Messmates."

Water Hearing.

The third hearing to determine what price the City of Quincy shall pay for the property of the Water Company, opened Tuesday at the Old Court House building.

These hearings have been continued all the week, adjourning on Friday until July. They have been reported at length in the DAILY LEDGER.

The Water Company rested on Tuesday and the city opened on the same day. Many prominent citizens have testified.

Real Estate Sales.

In Quincy.

George H. Field to John Robble, 1,500 square feet on Goddard avenue. Dana Smith and wife to Frances E. Wilcox, land and buildings on Bay View avenue, \$1,200.

Adams Real Estate Trust to E. Alice Porter et al., 6,000 square feet on Gilbert street, \$875.00.

George H. Field to William Birnie, 8,775 square feet on Goddard avenue. George Hayward to L. Annie Pierce, 9,000 square feet and buildings on the corner of Arlington and Elmwood avenues; \$4,500.

Manet Land Co. to John V. Scott, 10 lots at Hough Neck.

N. E. Press Association.

The New England Women's Press Association held its last literary meeting and tea of the season, at Parker House, Boston, Wednesday afternoon. Mrs. E. M. H. Merrill, the popular president, called the meeting to order and resigned her chair to Miss Katherine E. Conway, chairman of the afternoon. The essay by Mrs. Erskine Clement Waters, on the works and life of Antoine Joseph Weir was most interesting and instructive.

After tea a novel entertainment was carried out. With the aid of the long distance telephone an opportunity was afforded for an interchange of courtesies with the Chicago associations. At Chicago Mrs. Albert Barker, the gifted songstress of England, read several selections, which were distinctly heard. Her selection, "The Birds Singing Lesson" was wonderfully clear and distinct, so realistic, as to rival the notes of the birds themselves.

The New England Association responded to the greetings from Chicago with piano solos by Miss Charlotte Hawes, and the recitation of poems by Mrs. Louise Chandler Moulton. The scores were distinctly heard. It is truly wonderful how easily one can hear and carry on a conversation at so great a distance.

CITY BRIEFS.

Sunday will be Whit Sunday.

It is hard work to keep the dust down. Five cents to Weymouth; grand opening today.

The Ladies of St. Paul's church will hold a sale this evening.

The Swedish band and orchestra give a concert at Plummer's hall this Saturday evening.

In another column will be found a letter from Chicago, written by Mr. George W. Prescott.

Penman & Son have heard nothing so yet from their team that was taken last week Monday.

The Granite Clothing store has put up its sign at the new location in Durgin & Merrill's block.

George H. Wilson has moved into his new residence on Canal street. It is one of the best in the city.

Congressman elect Dr. William Everett is announced to occupy the pulpit at the First Church S. S. day.

Mr. Joseph F. Berry is having the front walk and sidewalks at his new house on Spear street cemented.

Mrs. Henry Sprague and Mrs. William Johnson of Spear street have returned from a visit to Montpellier, Vt.

Poster Bros. have dissolved, but the business will be continued under the same firm name by J. B. Foster, Jr.

The little ones of Quincy Point gave a very pleasing entertainment at the Universalist vestry Thursday evening.

The Hospital Aid Association will meet in Probate Court Room, Thursday afternoon next May 25, at 3 o'clock.

The N. Y. & B. Dispatch Express company, have removed their wagons etc. to their new quarters on Newcomb street.

The new central fire station will not be occupied by the department before the first of June, although practically completed.

The Hospital Aid Association will meet at Probate Court Rooms, Adams' block, Thursday afternoon next, May 25, at 3 o'clock.

Joshua Quincy wears a tall hat in Washington and a Washington letter says he looks like a typical descendant of the Puritans.

John Shaw of Quincy and Clark Church of the Quincy court were among the speakers at the dinner of the Norfolk club on Saturday.

The only Quincy business at the State court in Dedham, was the allowance of accounts in the estates of Ellen O'Connor and Edward Russell.

Judge Humphrey held an inquest Tuesday on the death of William Gleason, who was killed by the cars at the Dimmock street bridge, Sunday May 9.

The darkness of the night has been dispelled on Spear street by the lighting of two gas lights. They are much appreciated by the progressive of the street.

A first meeting in the case of W. J. Welsh of this city, insolvent debtor, was held at Dedham Wednesday. H. M. Pedersen, Jr., was appointed assignee.

We are more convinced than ever that Dr. E. W. Welch & Co.'s is a city store because of the erection Wednesday of a large copper brass sign at the entrance.

The employees of the Quincy and Boston street railway have received notice that after June 1, all employees now receiving \$1.87 1/2 per day will be paid \$2 per day.

Mrs. O. C. Colton who was in the Ohio valley when the flood occurred recently, is now detained in Pennsylvania, while home-bound, by floods at Erie on Wednesday.

We are very sorry to learn that our friend Mrs. Philip Carver, for many years a resident of Quincy but now living with her son Mr. Geo. E. Newcomb, of Lowell, is quite seriously sick.

The fifth anniversary of the Woman's Relief Corps, No. 103, was observed Friday evening, Mrs. Emily L. Clark, the department President, and others were present. There was an exemplification of the work in the afternoon which was largely attended by delegates.

Arrangements have been made to take members of the Junior department out for a ramble this afternoon. If the plan proves successful similar rambles will be taken every Saturday.

Sunday Rev. K. R. Hartwig, of Rockport, will occupy the pulpit at St. Paul's church. Special services will commence Sunday evening and continue through the week.

Robert Graves' next World's Fair letter to the LEDGER will speak of the beautiful ballroom, towers, domes, spires, minarets, giant roofs, ornamental columns and lofty statuary. Watch for it next Monday or Tuesday.

Postmaster Adams has finally been successful in securing an additional carrier for this city, to be put on June 1. The territory will be extended toward Quincy, Point and Town Hill and other sections of West Quincy will be covered.

It has just come to light that Frank C. Almy, who was hung Tuesday at Concord, N. H., for the murder of Christie Warren, was formerly in the employ of Mr. Warren, G. Conroy of this city, and that his name, written by himself is still to be seen in the stable.

The Park Commissioners have granted the Young Men's Christian Association the use of a part of Merymount Park, east of the ball ground, for athletic purposes, on Wednesday and Saturday afternoons. Basket ball, football, and similar games will be played.

First Presbyterian church, Rev. W. Steel, pastor, Sunday services 10:30 A. M. Subject: "The Sunday question and the World's Fair." 7 P. M. "What should be the World's estimate of the World's Fair?" Sunday School at close of morning services. Young People's Prayer Meeting Tuesday evening. Congregational Prayer Meeting Thursday evening. Come and welcome.

Councilman Adams of this city presided at a meeting of the Young Men's Democratic club held Monday. An amendment to the constitution proposed at the last meeting was unanimously adopted. A vote of thanks was extended to Congressman Everett of Quincy, for a picture of Rt. Hon. William E. Gladstone.

It does seem as if some people go out of their way to find something new to stir up the community. The agitation over the termination of the Manet Street Railway, is a foolish one as the people on the Bay side and Great Hill, will not submit calmly to paying full fare and having to walk half way in the dust and heat. When we have a good thing let us keep it. By good rights the railroad should continue down Bay view avenue, and connect with the main tracks on or near Manet avenue.

The following represented the scene "Liberty" at the Synchronism Thursday night at Mechanics hall, Boston: Misses Mrs. Albert Barker, the gifted songstress of England, read several selections, which were distinctly heard. Her selection, "The Birds Singing Lesson" was wonderfully clear and distinct, so realistic, as to rival the notes of the birds themselves.

The New England Association responded to the greetings from Chicago with piano solos by Miss Charlotte Hawes, and the recitation of poems by Mrs. Louise Chandler Moulton. The scores were distinctly heard. It is truly wonderful how easily one can hear and carry on a conversation at so great a distance.

QUINCY POINT.

Frank Randall is making some improvements in the Leines estate on White street at Quincy Neck and will occupy it.

The verdict of \$2,500 in the case of Wallace Mansel vs. the Quincy and Boston railway having been set aside, it is down for trial at the present term of the Superior court.

Mr. Joseph A. Lapham is paying a great deal of attention to his lobster business this spring, and is being rewarded by a large wholesale and retail trade. Lobsters are sold several times a day at his place of business near the bridge, so patrons may be sure of securing them fresh.

S. of V. Notes.

The brothers of Camp 27 are desirous of making a good appearance on Decoration day and so the officers will meet May 20 for drill and on the evening of May 20 the entire camp including the drum corps will meet at the place for the purpose.

The camp will attend the banquet of the Woman's Relief corp at Hancock hall.

At the last meeting the brothers had as their guests delegations from Post 88 and Camps 92 of Hingham and 100 of West Weymouth.

At inspection 1st Sgt. Foss and Sgt. Wight received a marking of extra, for the excellent condition of the books under their charge.

Brother Henry H. Holmes was mustered in last Tuesday evening.

The camp will attend divine service on Memorial Sunday in the morning at Braintree and at Quincy in the evening. On Memorial day if we do escort duty for Post 87 of Braintree in the forenoon, and for Post 88 of Quincy in the afternoon.

As the camp is to attend service at Braintree on the morning of Memorial Sunday, it has been obliged to decline the kind Mr. Yeomans to attend service at the Congregational church of Atlantic.

As the camp has some excellent material in the musical line, there is a movement on foot to form a quartette. Everything comes up to expectations, the Regule Street quartette will be eclipsed.

Bicycle Club.

Twenty enthusiastic wheelmen gathered at the Young Men's Christian Association Tuesday evening to discuss the desirability of organizing a bicycle club. Mr. H. E. Crane was elected chairman and Mr. W. L. Thomas secretary of the meeting.

After discussing the object and plans for a club, it was unanimously voted to organize, and the following committee was appointed to draft by-laws and present names for nomination at the next meeting which will be held at 8 o'clock Saturday night. W. B. Holden, H. E. Crane and Walter McBride.

As there are between forty and fifty wheelmen who are already members of the Association, and a number of others have signified their intention of joining, the prospects for a first class bicycle club are good. Certainly it would be difficult to find a better place for headquarters than the Association, with its beautiful rooms, athletic papers and books, gymnasium and bath rooms, always open for the accommodation of its members.

Some one hundred lady and gentlemen, friends of Mr. John E. Ford gave him a surprise party Monday evening at his residence, 17 Water street. At 8 o'clock the party adjourned to Doble's hall where dancing was enjoyed until a late hour.

The grand march was led by Mr. Thomas Doyle and Miss Mayhew. The program was in charge of Mr. Doyle. The evening Mr. Michael Hartney presented the host with a handsome bicycle suit. Those in charge of the affair were J. Canfield, J. Dougherty, C. Moynihan and M. Hartney.

Clashed Mins.

One of the saddest events that ever happened in this vicinity occurred on Phillips street shortly before 6 o'clock Wednesday evening.

Eddie Burns, the bright sixteen-year-old son of Mr. Michael Burns of Phillips street, was playing ball on Phillips street when he was struck by a horse and fell helplessly in the street. Willing hands tenderly conveyed the fellow to the place of the accident. The place had just been resurfaced along the walk and a nice deep edge made.

Mr. and Mrs. Burns were completely prostrated and their anguish was pitiable to witness. They lay the spirit of the community in the hour of their bitter bereavement.

The funeral of Edward A. Burns took place from St. John's church at nine o'clock. A very striking contrast to the shiny black faces on either side, the shiny black faces one could by a close look distinguish the well known faces of Congregational Omen, School Committee Chairman, and Messrs. Carver, Curtis, Sargent, Yeomans, Merrick, Cox, French and Thomas; while on the right, the pious dames were Messrs. Waggett and Harry Reed; and on the left, the ladies were Emerson and C. W. Reed.

All were deeply interested in the prevailing styles and were the envy of their brother members in the audience who they had not the opportunity to cultivate their voices when young and charming.

What they lacked in vocal culture, however, they made up in applause and each member received an encore. Some of those who sang were more fortunate than others as they received bouquets from admiring friends and the first to receive such a tribute was C. L. Cox, who out did himself in "Little boy blue." Mr. Omen's selection "Bye to baby, bye" was so pleasing that he received three; while C. W. Reed got a little one for a cent. This did not mean that the play and received much in floral tributes because they were, only the flowers gave out and they were obliged to content themselves with applause.

Between each number the usual quantity of men's jokes were passed about and they were all new and local and they were fully appreciated. To try and repeat any of these jokes would be out of the question as they came too thick and fast.

Of the audience but little can be said except that Atlantic was there and many from other parts of the city.

The "Woman's Christian Temperance Union" will give a concert at the Union church at three o'clock in the Unitarian church.

HOUGH'S NECK.

The cars on the Manet Beach line carried a large number of people to Hough Neck Sunday.

The cottagers of Hough Neck are feeling greatly dissatisfied with the railroad officials who now propose to please a few and discommodate a great many. Those who visit the shore for pleasure would not mind if the cars stopped at Pierce's, or at the present terminus, as they would find a place to get rest and refreshment when they needed them; but the owners of cottages on returning to their homes are indignant to be compelled to walk a half a mile or more through a drearying road, or in the heat of the day, and be generally discommodated.

It seems as if a spirit of contention and unpleasantness is always to reign in this pleasant resort.

The Christian Endeavor Society is to hold a temperance meeting next Sunday evening, at 7:30, in Memorial Church. Special attractions have been prepared and the meeting will be in charge of Rev. E. Norton, who will give a short address.

Rev. Edward Norton will preach at the Memorial Church on Sunday morning, in exchange with Mr. Yeoman.

A Mystery.

Wednesday shortly after seven o'clock as Arthur Morton was waiting on the Neponset bridge for S. O. Moxon, the contractor and human of Ward Six, he recovered a human skull in the water, and immediately he saw bullet holes in it. It was fished out by Constable Moxon, who now has it in his possession.

The skull had evidently been in the water a long time, being perfectly clean. It was well preserved in the upper jaw was a perfect set of teeth. As a skull is difficult to identify it is doubtful if the mystery is ever solved.

The Minister Show.

For the third consecutive year the members of the Atlantic Social Club blackened their faces and entertained their friends Wednesday evening with an old-fashioned minstrel show. The program of favorites appeared in the semi-circle opposite the stage.

In the centre was a gentleman who answered to the name of Safford whose story was a striking contrast to the shiny black faces on either side. This shiny black faces one could by a close look distinguish the well known faces of Congregational Omen, School Committee Chairman, and Messrs. Carver, Curtis, Sargent, Yeomans, Merrick, Cox, French and Thomas; while on the right, the pious dames were Messrs. Waggett and Harry Reed; and on the left, the ladies were Emerson and C. W. Reed.

All were deeply interested in the prevailing styles and were the envy of their brother members in the audience who they had not the opportunity to cultivate their voices when young and charming.

The Quincy Patriot.

SATURDAY, MAY 20, 1893.

A Supposititious Case.

"Suppose," I said, on mischief bent, "You lips a bank to be. Suppose yourself the president, The still a maiden free. Suppose my kisses an amount Of bright and shining gold, Which I, to open an account, Deposit." "Say, sir, hold! I understand that part of trade Quite well enough, indeed; 'We will suppose the money paid Suppose you then proceed.' Again I tried to kiss the rose Red blooming on her lips, She fled and saucy cried, 'Suppose Your bank official skips!'" —By the late S. CONANT FOSTER

A Work of Art.

George W. Glancy, a marble worker at Rutland, Vt., has just completed, after nine years' work, a miniature castle of marble and onyx, which is said to be the most wonderful of its kind in the world.

The castle contains about one hundred kinds of marble from nearly as many countries. A polished slab of "true blue" marble, two feet wide and three feet long, forms the base of the castle. This stands marble, inlaid to represent brick work, and on this rests another base of blue marble. Towers of rock-faced blue marble stand at the end of the castle.

The towers have battlements and windows with carvings of onyx. In one tower is a chime of bells, and in the other clock, the clock alone being valued at \$400.

Between these towers is the main portion of the castle. The windows have colored glass, and springing down onyx, hung on silver hinges, open into the castle.

The second story of the castle is entirely of onyx, with battlements of handsome Spanish-Lisbon marble. Small vases turned out of onyx add to the beauty of the whole. A flight of onyx steps leads up to the castle, and onyx urns on pedestals of Belgian black marble stand on either side of the steps.

The castle will be taken to the World's Fair, and at night will be illuminated with wax candles. It is valued at \$3,000.

Why Raindrops Do Not Kill.

Of course we all know that it would be an utter impossibility for storm clouds to rain and rain to fall were it not for the forty odd miles of atmosphere that rises above our heads.

But suppose it were possible for human beings to exist in an atmosphere that only rose to a level with their mouths, and that storm clouds could form in the region outside of such a low grade atmosphere, then every raindrop would come so fast to earth that it would be a steel bullet fired from a dynamite gun.

All falling bodies, whether they be crystal raindrops or meteorites, fall with what philosophers term "terminal velocity." In other words, if a body be moving at a certain velocity at the expiration of one second from the beginning of its fall, it will be moving with twice that velocity at the expiration of two seconds, gaining in speed at a uniform rate throughout the whole course of its fall.

Careful experiments have shown that the rate per second at which bodies acquire velocity in falling through the air is thirty-two feet per second at the end of the first second from starting.

At the end of the next second it is going at the rate of sixty-four feet per second, and so on through the whole time of falling. Where the velocity is known, the space through which the body has fallen may be ascertained by multiplying the velocity at that period by the number of seconds during which it has been falling and dividing the result by two.

This rule applies, however, only to bodies falling through a vacuum; the resistance of our atmosphere materially retards raindrops, hailstones, aerolites, and all other bodies which fall through it. As a result, every raindrop would be disastrous to the human race, as each drop would fall with a velocity great enough to penetrate the full length of a full-grown man's body. —St. Louis Republic.

Appalling Figures.

Mrs. McSwain—"Billiger, how often do you get shaved?" Mr. McSwain—"About four times a week on an average."

"How much time does it usually require?" "About half an hour."

"Half an hour four times a week? That's two hours a week! four one-third days in a year, and nearly a month and a half in ten years. Think of it, Billiger. If you should let your beard grow you would save time enough in ten years."

"But look here, Lobelia! Great Scott! I don't want half grown. Did you ever see me with a full set of whiskers?" "No, but—"

"Well, let it be the cause of the most heartily joy and gratitude you ever experienced. Lobelia, that you never did! With a full beard, madam, I look like a coconut in a fit of delirium tremens. I tried it once, years ago. Dogs barked at me on the street, children fled from me in terror, footpads who caught a glimpse of me by moonlight, or the pale, flickering rays of a street lamp, dropped their sandbags and slunk tremblingly up the alleys, and I was offered \$50 a week and all expenses by a dime museum man for a year's engagement. My portrait was hawked all over the country as the most hideous!"

"I don't believe any of that stuff, Billiger, and I'm sure!" "Don't interrupt me, madam. My beard grows straight out, up, down, sideways, every bristle for itself, like the spines of the fretful chestnut-burr, and it grows in every shade and color from brindle to vermilion and back again. If you could see me once with a hedge-fence all over my face you would never come to see me any more."

"But think of the time you lose in!" "The time I lose! Look here! How often do you fix your hair?" "Every day of my life of course, but that's different."

"What's different is it, hey! How long does it take you to fix it?" "I think you're just as!" "You needn't answer. I know how long it takes. I've seen you do it often enough. It takes you about half an hour, doesn't it? Half an hour a day, three hours and a half a week, nearly eight days in a year, an entire month in four years, a whole year in forty-eight years, and over two years in a century! Lobelia, you'd better go and look after the baby!" —Chicago Tribune.

What They Say.

Mr. Geo. W. Prescott, editor of the Quincy Patriot is to be congratulated upon the large success which his paper has attained during the last forty years in which he has looked after it. He is very fortunate in having for the editor Mrs. M. Elizabeth Green, who has been connected with the paper since the death of her husband, who was Mr. Prescott's predecessor. The paper is one of the brightest and cleanest that comes to us, and from its general excellent appearance we know it must be of great interest to its many readers. —Janetia Plain News.

It was just forty years last Saturday since Editor G. W. Prescott commenced setting type in the office of the Quincy Patriot, which was then a little paper of small circulation. Since that time, the Quincy Patriot, the then small town of Quincy has become a thriving city with water works, gas, electric lights and electric cars. The Patriot has always advocated that which was for the good of the community and the fact that Quincy is a temperance city is much due to its influence as the labors of Henry Faxon. Brother Prescott is yet in the prime of life. Long may he live to continue his useful labors.

Little Exasperations.

A young lady was once talking with a very young and very smart man, who was inclined to air his knowledge of the languages a little beyond what she felt that modesty required. She therefore said to him, with an air of deference to his superior attainments:

"You are a Latin scholar. I wish you would use the word to pronounce the word 'to-met-me.'"

The youth, with an air of kindly patronage, replied: "I have not met the word in my Latin reading, but I should have no hesitation in saying that it would be pronounced 'so-met-me,' (giving it in four syllables, the accent on the second).

"Thank you for telling me," replied the lady demurely. "I have always heard it pronounced 'sometimes,' but if you say the other way that must be right."

Mind Your Own Business.

When you begin life, make two resolutions, and stick to them. First, to mind your own business. Second, to let the business of other people alone. These people who are always meddling with the affairs of others are a nuisance, and ought to be legally "abated" like any other nuisance.

Temperance.

Furnished for publication by the W. C. T. U. Alcoholism as a Disease. Mark M. Thompson, M. D. says: Disease is a pathological condition of one or more organs of the body which interferes with the performance of their functions. The introduction of a poison or a foreign substance which produces a functional derangement of one or more of the organs may properly be called a disease. Webster says, "Disease is a derangement of any of the vital functions in which their natural action is interrupted or disturbed, and causing or threatening pain or weakness, morbidly unhealthy condition. Malady; distemper; sickness—applied figuratively to the mind and the moral character and habits, to institutions and states, etc."

"Diseases depart from by desperate appliances are relieved"—Shakespeare. As a transitive verb Webster still further defines disease, first, "to cause uneasiness, distress or trouble, to afflict, to disquiet, to disturb, to awaken." "This double burden did him sore disease"—Spenser. Second, "to derange the vital; to afflict with a malady or sickness; to disorder."

"We were diseased in body and mind"—Macaulay. "It is my own disease imagination that taunts me"—Irving. Synonyms—morbid, disorder, malady, ailment, ailment, distemper. Thomas defines disease "disease is any departure from a state of health."

It is hoped that in the discussion of this question the writer may be able to show the thoughtful reader that alcohol produces bodily conditions which are fairly covered by the above definitions. Careful scientific experiment and investigation have proven beyond the shadow of doubt that alcohol cannot be digested by the human stomach. After doing its damaging work upon the mucous membranes of that organ it passes directly into the circulation of the blood, and here it comes in contact with the oxygen which is taken into the blood through the respiration.

The combination of this oxygen with the carbon so largely contained in alcohol produces heat. Heat being the cause of force, the one who receives alcohol in this way is made temporarily to feel strong. Every power of his nature is stimulated to a high pitch.

But the alcohol which was received into the system, and that in such a gradual manner that the carbon which it contains could be consumed in this burning when it is combined with that which is in the blood, comparatively little damage would result from its introduction into the system. The amount of oxygen received into the system during twenty-four hours is said to be capable of consuming the carbon in six ounces of alcohol. In order that this amount of carbon be consumed by oxygen and the other poisonous elements in this substance eliminated from the system it must necessarily be taken in extremely small quantities reaching over the whole period of twenty-four hours. Drinking men do not take alcohol in this way. Large quantities are drunk at a single sitting. After the stimulating influence referred to above has been experienced the next damaging result of this poison upon the system is to coagulate and harden the albuminous substance of the body. In these albuminous substances are the secret forces of life. It destroys them, means disease and death.

Household Receipts.

WHITE ROLLS. Three parts of flour, a scant pint of milk, half a cup of yeast, four tablespoonsful of lard or butter, one egg, a teaspoonful of salt, a tablespoonful of sugar. Sift the flour and add the salt and sugar. Soften the butter and add it to the milk, which should be lukewarm, add the yeast and the egg beaten light, and stir the whole into the flour and beat well with a spoon. Turn on a floured board and knead for twenty minutes. Knead again and let it rise for a second time, then form into rolls. When the rolls are done their original size bake them in a quick oven.

STRAWBERRY SHORT-CAKE. One quart of flour, two tablespoonsful of baking powder, a pinch of salt, a tablespoonful of sugar, three tablespoonsful of butter, and milk to make a soft dough; bake in two layers, one on top of the other, with butter between; when cool, split open with a knife and cover with berries sprinkled with sugar; put other layer of crust on top and cover with berries.

PULLED BREAD. Take the inside of fresh bread, while it is still warm, in pieces three or four inches square; put them in the oven and bake to a crisp delicate brown. To be eaten with cheese.

To sweeten a sour bath sponge, rub a fresh lemon leaf into it until it is impregnated with the juice; then rinse several times in lukewarm water.

To remove oil stains from carpets, put cornmeal at once upon the spots. After a short time sweep it up and repeat until the stains are gone.

To prepare a silver polish, take half a cupful of whiting, the same of water, put it into a bottle and add an ounce of ammonia. Shake well before using and apply with flannel.

Veil Headache.

"A case of veil headache," said the physician as the woman passed out. "Five cases of headache come to me now where there used to be one. And the spotted veil is the cause of it. The headache comes from the eyes, which are sure to be more or less affected by the continual wearing of the dotted veil pulled closely over the eyes, as women wear today. My patients come to me with one of those ridiculous little veils and tell me they have a constant headache with disturbed vision, and that they shall have to wear glasses. But when I tell them they will only have to stop wearing the face veil, they look hurt and tell me they are perfectly sure that the veil doesn't hurt them in the least, and that I don't quite understand the case. But then no physician, as far as a patient is concerned, ever did 'quite understand the case.'" —New York Sun.

Cost of Columbus' Expedition.

The cost of discovering America by Columbus, says Prof. Ruge, in the "Globe," was \$1,140,000 maravedis, or about \$7,200 of our money. The money of Queen Isabella, of course, had a higher purchasing power than the dollar of to-day. Of the sum named, Columbus received and expended \$700,000, and the two captains each \$100,000. Each sailor, in addition to his subsistence, received \$2.45 per month, or one ducat.

Temperance.

Furnished for publication by the W. C. T. U. Alcoholism as a Disease. Mark M. Thompson, M. D. says: Disease is a pathological condition of one or more organs of the body which interferes with the performance of their functions. The introduction of a poison or a foreign substance which produces a functional derangement of one or more of the organs may properly be called a disease. Webster says, "Disease is a derangement of any of the vital functions in which their natural action is interrupted or disturbed, and causing or threatening pain or weakness, morbidly unhealthy condition. Malady; distemper; sickness—applied figuratively to the mind and the moral character and habits, to institutions and states, etc."

"Diseases depart from by desperate appliances are relieved"—Shakespeare. As a transitive verb Webster still further defines disease, first, "to cause uneasiness, distress or trouble, to afflict, to disquiet, to disturb, to awaken." "This double burden did him sore disease"—Spenser. Second, "to derange the vital; to afflict with a malady or sickness; to disorder."

"We were diseased in body and mind"—Macaulay. "It is my own disease imagination that taunts me"—Irving. Synonyms—morbid, disorder, malady, ailment, ailment, distemper. Thomas defines disease "disease is any departure from a state of health."

It is hoped that in the discussion of this question the writer may be able to show the thoughtful reader that alcohol produces bodily conditions which are fairly covered by the above definitions. Careful scientific experiment and investigation have proven beyond the shadow of doubt that alcohol cannot be digested by the human stomach. After doing its damaging work upon the mucous membranes of that organ it passes directly into the circulation of the blood, and here it comes in contact with the oxygen which is taken into the blood through the respiration.

The combination of this oxygen with the carbon so largely contained in alcohol produces heat. Heat being the cause of force, the one who receives alcohol in this way is made temporarily to feel strong. Every power of his nature is stimulated to a high pitch.

But the alcohol which was received into the system, and that in such a gradual manner that the carbon which it contains could be consumed in this burning when it is combined with that which is in the blood, comparatively little damage would result from its introduction into the system. The amount of oxygen received into the system during twenty-four hours is said to be capable of consuming the carbon in six ounces of alcohol. In order that this amount of carbon be consumed by oxygen and the other poisonous elements in this substance eliminated from the system it must necessarily be taken in extremely small quantities reaching over the whole period of twenty-four hours. Drinking men do not take alcohol in this way. Large quantities are drunk at a single sitting. After the stimulating influence referred to above has been experienced the next damaging result of this poison upon the system is to coagulate and harden the albuminous substance of the body. In these albuminous substances are the secret forces of life. It destroys them, means disease and death.

Editorial Correspondence.

CHICAGO, MAY 23, 1893.

Although it was very cold when we arrived here last week Tuesday, we were pleased to say that the weather has been warm and delightful ever since. We have been as busy as bees attending the National Editorial Association Convention in the forenoon, and entertainments, receptions and lectures which have been tendered to us afternoons and evenings.

On Thursday afternoon the editors enjoyed a grand sail on the lake in the new, large white steamboat, Christopher Columbus. It was the first party the steamer had taken. It is very large and all the lower part is rounded, after the form of a whale, and it will carry several thousand passengers. It took us south to the "White City," as the fair grounds are called; then north to Fort Sheridan; then to a grand panoramic view of Chicago. There was music, speeches, etc., aboard the boat.

On Friday evening we were given another sail to the White City, to let the editors and their ladies see how beautiful it is when lighted by electric light.

It is called the White City because all the buildings are painted white. The grounds are very extensive, covering 600 to 700 acres; and the buildings are immense in size, and most beautiful. Many of them are finely decorated with statuary. To tell you that the Manufactures and Liberal Arts building is 1087 feet long, and 787 feet wide gives you but a faint idea of its immense structure. If you attempt to walk around it, you will get very tired, and if you try to examine the exhibits inside you will find more than an all day's job.

On Saturday the National Editorial Association elected officers for the ensuing year and decided to hold its next session at Asbury Park, New Jersey, next year. There was a committee from that summer watering place at the convention, who held out most flattering inducements if the association would decide to visit that city. It is a fashionable watering place a few hours' ride from New York.

Sunday was a quiet day for the editors. Many attended church, while others enjoyed it as a day of rest. The fair grounds have not yet been opened to the public, but the public opinion seems to be favorable to the opening of the gates, providing the machinery, and labor generally is stopped. It will give so many poor people a chance to see the magnificent buildings, which have cost \$1,000,000—several of them from \$400,000 to \$500,000; the beautiful fountains and attractive statuary.

It is truly surprising how much money has been spent for this World's Fair, which will be so short lived itself—only for this season. The buildings alone are worth going many hundreds miles to see.

Yesterday we spent nearly the whole day at the fair. Near the noon hour we had the pleasure of meeting Mr. and Mrs. John Shaw, and Mr. and Mrs. Isaiah G. Whiton of Quincy Point. They urged us quite hard to dine with them, and as we did not think of returning to the Mecca hotel until evening we consented. We went into a large restaurant, where we found the Electric building, where we found hundreds enjoying themselves. Among the number partaking of the tempting food we noticed several from Quincy: Mr. and Mrs. Frank P. Watson, of Wollaston; Mr. and Mrs. Henry Emery and daughter of Hancock street, and Mrs. William A. Rogers of Greenleaf street. The menu was served on the European plan, it was of an excellent quality, and at reasonable prices. Some of the dishes were in common restaurant, but not exorbitant.

We have not as yet had time to examine the grounds and buildings but little, but think the report that has been sent out broadcast by some writers, that extortioners are on every side in the fair, true. There are inside the fair grounds a large number of drinking fountains where the water is free; also, seats, toilets, etc. There are however many chances to spend money if one's pocket is not well stocked. Outside the fair grounds there are thousands of ways to get rid of your surplus funds as there is all large "circuses."

In the midway place, some seventy acres adjoining the fair grounds at one of the principal entrances, there are a lot of amusements and exhibits to attract the money from one's pocket. The editors and their ladies were admitted to the Egyptian, Chinese, Persian, and other theatres and amusements by simply showing their badges; which were as good as gold. At Liberty Prison in the city, where there are on exhibition thousands of relics of the late rebellion, which are well worth seeing; and at the theatre, panorama, and entertainments of various kind the editors were invited and admitted free on showing their badges. c. w. r.

Memorial Day.

The usual programme will be observed by Paul Revere Post, G. A. R., on Memorial day, next Tuesday, as will be noted by the general orders, as will be in the advertising columns on the first page.

Sunday morning the first will be services at the Memorial church, Atlantic, and in the evening will be addressed by Rev. A. F. Roche at Hancock hall.

The usual details will decorate the graves in the cemeteries Tuesday morning. Appropriate services will be held at West Quincy about 10 a. m. and at Mt. Wollaston cemetery at 2 p. m.

All honor the heroes of the civil war by devoting the day to their memory.

Forty Hours' Devotion.

A forty hours' devotion opened at St. John's Church Tuesday with all the solemnity and grandeur which is customary to the Catholic Church. The altar was draped in white satin, while the altar steps were banked with flowers.

Hundreds of candles gleamed resplendently amongst the floral decorations lighting up the interior of the vast edifice.

Solemn high mass was held at 9 o'clock with Rev. Fr. Rossi, of Brighton, as celebrant, Rev. F. A. Cunningham as deacon, and Rev. E. P. Butler as sub-deacon.

A choir of thirty voices under the direction of Miss Margaret A. Garrity rendered Leonard's Mass in a fine manner. After the mass the procession of the blessed sacrament was held while the choir sang the "Psalms."

In the evening at 9 o'clock there was benediction. Thursday morning the forty hours closed with a solemn high mass at 9 o'clock.

SUSPENDED. The Salem Register, a newspaper established in 1800, in Salem, Mass., has, after an honorable career of ninety-three years, suspended publication. The senior editor of the Register was Charles W. Palfrey, who is now in his 80th year, and has been in active service for fifty-five years. The junior editor was Mr. Eben N. Walton, who has been connected with the office since 1855, first in the marine department, and as local reporter and since 1875 as one of the publishers. In making the announcement the publishers say: "It grieves us not to be able to round out the century of its existence, after our life work in it; but times change and men change with them."

A new firm has been formed which will continue the paper.

—The summer time tables on the Old Colony Division of the New Haven take effect June 12, at which time the regular summer service will begin, including the double boat service between Fall River and New York.

CITY BRIEFS.

Wasn't it dusty Sunday.

But a few weeks more of school, before the summer vacation.

Mr. and Mrs. J. Murphy have returned from a lengthy visit to Maine.

Undertaker Brown has moved into his new home on Mechanic street.

Many Quincy bicyclists will attend the races at Waltham next Tuesday.

The Managers of Public Burial Places have a Memorial day notice in this issue.

Guests, if you want a good watch, read the advertisement of John O. Holden.

It is said another of our business men will shortly take unto himself a partner for life.

The Guild of the Great Teacher will meet in the ladies' parlor Sunday evening at 7 o'clock.

Mayor Fairbanks has signed the order appropriating \$30,000 for the extension of water mains.

The guilds of Christ's church will give a sale and entertainment at Faxon hall next Wednesday evening.

The Adams academy has ball team took the Milton academy nine into camp Saturday to the tune of 27 to 16.

It is expected that the School Committee will have the room next to Dr. Gilbert's, in Faxon's new block for their office.

Have you taken an electric car ride to North Weymouth yet? It is a delightful trip this weather as many have found.

The order for the purchase of the Butler lot for the new High schoolhouse has received the approval of Mayor Fairbanks.

James F. Burke, the ex-Councilman and ex-representative, is circulating a petition for his appointment as postmaster of Quincy.

Mr. and Mrs. George H. Fox are receiving congratulations on the arrival of a little son of veteran who arrived last week Friday.

Michael Gay, arrested in this city for larceny, was arraigned at South Framingham on Wednesday for robbery, and held in \$1,000 for examination Thursday.

The meeting to form a bicycle club among the members of the Young Men's Christian Association, to have been held Tuesday evening, was postponed until next week.

Mr. Stillman B. Pratt, of South Weymouth, made a short call at the Union office on Saturday last. He was visiting as though he was in the enjoyment of good health.

Among the stock sales noted Thursday, were \$500 of Quincy Waterbury's 1st 5's, 1897, sold at par; and shares National Mount Wollaston Bank at \$125, \$124 and \$75.

The fourth class ball team of Adams Academy went over to Milton Wednesday to play the second class nine of Milton Academy, and beat them to the tune of 31 to 5.

The pleasant grove is being put into good order for the picnic season and will be opened Memorial day. A bicycle track has been laid out and this road promises to become popular again.

John O. Holden has recently placed in his jewelry store a large burglar and fireproof safe made by the National Safe and Lock Co. It is very handsome and made especially for jewelers.

Mr. George W. Penniman of this city is announced to deliver Memorial Day orations in the three different places May 30. In the morning he delivers his oration at Dover, in the afternoon at Needham and in the evening at Hallowell.

The eight-page DAILY LEDGER on Saturday has received many compliments. It was put together in a hurry, but made a creditable appearance. Although it was not advertised as an edition of 1500 found a ready sale in Quincy and Weymouth.

The last meeting of the "Fragment Society," before the sale of June 1st and 8th will be held in the Union Chapel next Wednesday in the afternoon at 2 o'clock. A full attendance is desired as business of importance will come before the meeting.

The Committee on Fire Department of the City Council held another of their so-called public hearings at City Hall last week. Only two witnesses were examined namely Engineer Packard and Wright. Nothing of importance was brought out.

Memorial day exercises will be held in all the school buildings of the city. Some of the buildings they were held Friday the others will be on Monday. School children are requested to bring flowers for the Grand Army, which will be collected Monday.

In removing some ice Mr. C. H. Spear had stacked near his ice-house, on Tuesday last, he was quite surprised to find a lot of snow, of which some of his men valued themselves of the opportunity of making snow balls. Pleasant enjoyment, snowballing the last of May.

Rev. Mr. Philbrook has received a special request to preach from the words of the Apostle Paul, "The spirit of liberty." He will comply with the request at the Universalist church, Sunday morning. The subject of the sermon will be "Christian Liberty."

Since his appointment as pastor of the West Quincy M. E. Church, Rev. W. W. Baldwin has shown considerable enthusiasm among his parishioners and the outlook for the church is brighter than for many years.

Mr. Baldwin will address the Y. M. C. A. meeting, Sunday afternoon.

Two new handsome open cars for the Quincy and Boston street railway arrived on the cars Thursday night from New Bedford. They are numbered 3 and 4, and differ from the present cars only that there are windows in the front and rear ends of the new cars instead of curtains.

The new life net ordered by Chief Engineer Ripley last February arrived last week and has been placed at the apparatus at the Central station. The members of the department at the central station have been undergoing a drill with the new net so that in case of fire they would be able to use it in the most efficient manner.

Mr. William Gallely, the night operator at the telephone station, met with a painful accident, Thursday afternoon, while riding on his bicycle. As he was turning from Union into Washington street he collided with a team with such force as to throw him off and cut him considerably about the face. The bicycle was also badly damaged.

Judge Humphrey has filed his return of the inquest held on the death of Michael D. Moriarty, who was killed on the tracks of the Old Colony Railroad near the Dimmock street bridge, April 17. He finds that Moriarty came to his death by being run over by the cars, but the evidence did not furnish any basis for an opinion as to why he went upon the tracks or the cause of his falling beneath the wheels. Judge Humphrey attaches no blame to the railroad employees for the accident.

Considerable complaint is made by ladies who are obliged from business or pleasure to be out at night that there are so many bicycles about. It is dangerous to cross the streets as the bicycles come along so silently that people crossing the streets can not see them until they are so near that there is danger of being run over. In many places there is an ordinance that obliges bicyclists to carry lanterns at night and it is understood an order is to be introduced at the next meeting of the Council to that effect.

WEST QUINCY.

There is considerable sickness at West Quincy.

Frank Hart, a West Quincy boy, will be ordained a sub-deacon at the Cathedral, Boston, Saturday.

Mr. George Craig died on Tuesday in his 75th year.

Hiram Campbell has gone to Freeport, Me., on a visit.

Dudley Folson left on Friday for his summer retreat at Deer Isle, Me.

Gustaf Wilander, a blacksmith, had an artery in his right hand cut Tuesday by a piece of steel.

Miss Carrie Heald has returned from Solon, Me., where she has been passing the winter with her parents.

Thomas Graham, aged about 35 years and employed as a teamster, was seriously injured last week Friday at Badger Bros' quarry. He was at work on a derrick and in some unaccountable manner a large block at the top of the derrick got disarranged and fell striking Mr. Graham on the side of the head, causing a serious injury to his spine. The ambulance was called and he was removed to the City Hospital.

George Lark of Brewer's corner, is sick with pneumonia.

The alarm from box 47 at 4:25 Thursday afternoon was for a fire in an out building at the residence of Patrick Ford on Grove street. The fire was extinguished by the hand chemicals carried on Hose 1 carriage.

Hand chemicals with matches was the probable cause and the loss will not exceed \$10.

A great improvement has been made in Clark's variety store at Brewer's Corner. The owner of the property Mr. F. Brewer has caused the building to be raised one story and has put in a new structure with modern show windows. It will be reopened in a few days.

An Excited Woman.

The fire and the crowds attracted to it greatly excited Mrs. Travers of Bates avenue on Thursday afternoon, as she made it hot for the boys with stones. She would fill up her apron with them and then station herself on her piazza and fire away. She was no respecter of persons. She then chased the boys in one direction and then in another.

She also took pleasure in stoning the fire apparatus as it passed, knocking a bicyclist off his wheel and finally chased the crowd as far as Mr. Carey's on Hall place.

Officer Canavan then appeared on the scene, and with difficulty coerced and drove the woman home.

Primitive Methodists.

Preaching on Sunday at Primitive Methodist hall, Hillside street at 10:30 a. m., 2:30 and 7 p. m. Rev. H. H. Perry, Chelmsford, Mass., will conduct the afternoon and evening services. All cordially invited.

MILTON.

The churches of Milton will unite Sunday morning at Milton Center in a Memorial service. Huntington F. Walcott post G. A. R., will attend, and the address will be by Rev. C. C. Vrooman.

A barrel of old waste paper in the cellar of a house occupied by John McKee was the cause of the alarm of fire Wednesday afternoon. The blaze was extinguished without any loss.

The children of Miss Rose L. Byrne's dancing class gave an entertainment at Associates hall Thursday evening for the benefit of the children's ward of the Home for Incubables.

Michael Cross lost a valuable horse Wednesday.

George Enderle has purchased a house of Mr. Brackett on Brackett street.

James Craig has recovered from his illness.

Mrs. W. Q. Baxter and Mrs. James Reed are among those reported sick.

Supt. Wesselock of the Town farm had a stroke of paralysis Wednesday.

A petition which is being circulated among the granite manufacturers' grocers and business men, to be presented to the Old Colony railroad will ask that better freight facilities be given them; also that the railroad purchase the land in the rear of Hall's stable and that a central freight station, with a storehouse, stock sheds, shifting engine, etc. Also, that the railroad officials meet a committee from the Granite Manufacturers' Association and the Quincy Grocers association to consider what can be done.

The business men have been greatly inconvenienced by the want of proper facilities for receiving freight, and that upon many occasions the freight cars have either been side tracked at Braintree or left on the side tracks at Quincy where it could not be reached. The granite manufacturers also claim that daily hundreds of tons of granite are shipped out of the city in teams which, if there were proper freight facilities, would be sent by rail.

One hundred and nineteen firms have signed the petition up to the present time.

Salem Register.

The Salem Register, a newspaper established in 1800, in Salem, Mass., has, after an honorable career of ninety-three years, suspended publication.

The senior editor of the Register was Charles W. Palfrey, who is now in his 80th year, and has been in active service for fifty-five years. The junior editor was Mr. Eben N. Walton, who has been connected with the office since 1855, first in the marine department, and as local reporter and since 1875 as one of the publishers. In making the announcement the publishers say: "It grieves us not to be able to round out the century of its existence, after our life work in it; but times change and men change with them."

A new firm has been formed which will continue the paper.

—The summer time tables on the Old Colony Division of the New Haven take effect June 12, at which time the regular summer service will begin, including the double boat service between Fall River and New York.

The Parson's Wife.

She's a winsome little critter,

But looks kinder tired like,

Just as if she'd got life's bitter

While its sweet was on a strike;

But she hustles 'mong the weemin,

Runs the young folks' circles, too,

Till it sometimes has the seemin'

'Sif she'd all the time to do.

Parson Brown is sorter lazy,

One says she writes his sermons for him,

For when he's sick, them days,

He'd no sooner write him.

When the twins got in their cradle

She had time to help him out;

Then you oughter heard him lade

Red hot truths at sin and dobe.

And she looks and does the moppin',

Keeps six children clean and sweet,

Washes, irons, without stopping,

And looks all the time so neat.

And I says to my Marlar,

That Mrs. Brown'd be real blessed

When she comes ter go higher,

Where the Lord'll let her rest.

—The most extensive and celebrated salt

mine in the world is at Wilkiza, nine

miles from Cracow, in Galicia, a province

of Austria-Hungary. It has been worked

continuously for 600 years. The mass of

salt is calculated to be 500 miles long, 20

miles broad and 1200 feet thick.

—A new \$300,000 hotel is now under

way at Cottage City, to be known as the

Sea View, and will be ready for the coming

season. It is to be constructed on the

north side of Oak Bluffs, overlooking the

ocean, having a frontage of 200 feet. The

building will be four stories high, and the

towers in the front center will be 100 feet

high. The hotel will have about 400

rooms.

—Last July Marcell Holbert of Mount

Vernon, Tex., dug a well to the depth of

fifty-nine feet without striking water. A

few days ago, when he uncovered the well,

some water bubbled out. On examination it

was found that a vein of hot water about six

inches in diameter had burst in through the

bottom, and stands at a depth of sixteen

feet, boiling like a teakettle.

—James Glasgow, the well-known Scotch

meteorologist, asserts, after long investigation,

that the ninth day of the moon is the

most rainy of the whole twenty-eight, and

that in the first and last weeks of the

moon's age the rainfall is less than the average.

The records kept by Mr. Glasgow also indicate four o'clock in the afternoon as the rainiest hour of the day.

—When a Chinese emperor dies the intelligence is announced by despatches to the several provinces, written with blue ink, the mourning color. All persons of rank are required to take red silk ornaments from their caps with the ball or button of rank; all subjects of China, without exception, are called upon to forbear shaving their heads for 100 days, within which period none may marry, play upon musical instruments, or perform any sacrifice.

—Mr. Jules Simon has discovered the secret of old age, and he has formulated the recipe in two words—intellectual work. Nothing, he declares, helps so materially to conserve physical strength as mental employment, and in proof of this theory he points out that the French Institute is a perfect longevity school. The average longevity of its members is 80 years, while that of the Academy of Moral Sciences is only 70 years. The Academy of Moral Sciences is therefore Barthelme, Saint-Blaire, Vacherot, France, Duruy, Laroche, Ravaisson and Bouillier, all living their eighth decade through laborious and productive days.

—The first really legal apportionment of Representatives in the United States Congress was made in 1792. Since then a new apportionment has been made every 10 years. The first apportionment (1792) gave one representative to every 33,000 inhabitants; on that of 1800, the same; on that of 1810, one to 33,000; on that of 1820, one to 40,000; on that of 1830, one to 47,000; on that of 1840, one to 70,000; on that of 1850, one to 93,420; on that of 1860, one to 125,840; on that of 1870, one to 134,400.

—Among the coins to be struck at the United States Mint under the provisions of the act approved April 2, 1792, was a silver dollar of the weight of 48 grains. It was struck at the mint in 1792, and is still in the possession of the United States Treasury. It was struck with a beautiful head of Liberty, which, in execution, has never been surpassed.

Uranus goes around the sun in about 84 years, Venus in 225 days, the earth in 365 days, Mars in 687 days, Jupiter in 4333 days, Saturn in 10,759 days; Uranus takes 30,087 days and Neptune 60,187 days, or rather less than 165 of our years.

—WHAT SHE SHOULD DO. Bertie had been forbidden under severe penalties to play in the rain barrel, but the other day, to relate, his mamma and grandmother found him splashing in it in high glee. His mamma's face hardened, but the grandmother's kind heart led her to make a plea for the offender.

Bertie heard the plea, and when his mamma asked him sternly what she should do to a little boy who did not mind what was told him, he answered promptly: "I think you had better mind your own business."—Youth's Companion.

You may perhaps find fault with this poetry, but what about the sentiment? That's all right—and so is the salt.

All persons having business with the Board are requested to bring their names to the Board on Wednesday of said date, at 10 o'clock in the forenoon, so that they may be present at the meeting.

Herbert T. Whitman, Water Commissioner.

James H. Stevens, Water Commissioner.

Quincy, June 25, 1892.

No Legislation Necessary.

It is by a unanimous vote that the Committee on Railroads reports that no legislation is necessary regarding the operations of the New York, New Haven and Hartford Railroad in this State. Whatever may have been one's opinion as to the relations between this road and its competitors in New England, it must be admitted that the committee has given every opportunity for a thorough investigation of the matter. Hearing after hearing has been held, able advocates have been employed by both sides, and all of the interests which are believed to be involved in the controversy have been discussed. The real issue was whether the New York, New Haven and Hartford had violated its charter in refusing to obey the instructions of certain shippers and, as alleged, in attempting to injure the New York and New England Road. The committee, however, after considering all of the evidence, finds there has been no violation of its charter and suggests that such demands as have arisen from the details of the service be referred to the Railroad Commission.

There seems to be no reason why this report should not be adopted by the Legislature and the matter settled. The members of the Legislature can get no further information than that already possessed by the Committee on Railroads. The whole subject has been thoroughly canvassed. To push the controversy further would be to waste the time of the Legislature and the public.

The New York, New Haven and Hartford has immense interests in Massachusetts. It has already spent large sums in the State, and proposes to get out still more. Its interests must certainly be those of the shippers who it serves, and the shrewd men at its head are not ignorant of that. It would seem the wise course to consider the question, as raised, has been answered by the report of the committee, and there is no useful end to be served by bringing the affairs of the road into litigation.—Boston Journal May 20.

"Accept our Congratulations."

The issue of the staunch old Quincy Patriot of May 6, was an especially interesting one, in that it contained an interesting article of the 40 years' experience of one of its proprietors, G. W. Prescott, in the establishment, which he entered as an apprentice, May, 1853, remaining with it ever since. July 11, 1861, occurred the death of the proprietor, Mr. Green, and in 1869 Mr. Prescott, who on Mr. Green's death had taken charge of the office for the widow, entered into partnership with Mrs. Green, who in the meantime had learned to set type and do other work about the concern, waiting for the paper, etc. This partnership has continued ever since. The business has had a steady growth, until today it is a valuable plant—the result of the deserving efforts of the proprietors, who make friends of all whom they meet. Three or four years ago they established the DAILY LEDGER, which like the old weekly reflects the correct impulses of its publishers. Neither paper any longer has a more excellent record than the DAILY LEDGER. Mr. Green is universally beloved by all who know him. In short, both are "the salt of the earth," and in common with all their wide circle of friends, we extend them our warmest wishes for continued success and prosperity, which they have so deservedly won by social and business merit.—Milford Journal.

Distance Traveled by Orders.

As an illustration of the distance orders are carried it is noteworthy that the fumes and exhalations from the sulphur springs of Colorado, can be distinguished at a distance of 100 miles. The true distance of the Colorado forest of Ceylon, is carried by the wind 25 miles out to sea, while in foggy weather travelers 100 miles from the land have recognized their proximity to the coast. The distance of the coast, and brought them on a breeze from the shore.—Exchange.

Literary Notes.

The New England Magazine for June opens with an interesting paper dealing with the men and times of "The Boston Tea Party." It is fully illustrated with reproductions of old scene engravings and contains a history of "The Old Meeting House in Hingham, Mass." The first church organized in America. Charles Frederick Danforth writes a paper on "Trout Fishing in New England," which is illustrated with a department of useful information for the lovers of the fly and rod. Mrs. Helen Canby's serial, "John Ballantyne, American," is continued. Edith May Norris, the poet and story-writer, contributes a department of Household Science and Art, of interest to the lady readers of the magazine.

Women in the Finland.

In the Finland, above all other countries, do women enter into the business of life. They are clerks, doctors, dentists, builders, managers of small companies and bank owners. They are especially sought after in the last capacity on account of their reputation for honesty.—London Tit-Bits.

WHAT SHE SHOULD DO. Bertie had been forbidden under severe penalties to play in the rain barrel, but the other day, to relate, his mamma and grandmother found him splashing in it in high glee. His mamma's face hardened, but the grandmother's kind heart led her to make a plea for the offender.

Bertie heard the plea, and when his mamma asked him sternly what she should do to a little boy who did not mind what was told him, he answered promptly: "I think you had better mind your own business."—Youth's Companion.

Have you heard of the salt without a fault, So white and dry and clean? If once you try it you'll always buy it— Inquire for Crystalline.

You may perhaps find fault with this poetry, but what about the sentiment? That's all right—and so is the salt.

Did you ever stop to think that salt is big about the old orders about a pound of salt? It's a good deal more, and a good deal sweeter, for instance.

The Quincy Patriot.

SATURDAY, JUNE 3, 1893.

Fashionable Wedding.

The handsome residence of Mr. and Mrs. R. Emerson Morrison at Middle road, Bray tree, was brilliantly illuminated Thursday evening, and it was a joyful occasion for a large circle of relatives and friends, the elder daughter, Miss Mabel Sibley Morrison, and Mr. James D. Ellsworth being united in marriage.

The ceremony, which was private, was performed by Rev. A. A. Ellsworth, the father of the groom. The bride who was gowned in coral silk, was escorted by her father, and the groom was escorted by his father. They were followed by Miss Benie Hillard and Master Joseph Morrison, and a little maid of honor, Miss Morrison.

The house was very prettily decorated with white flowers, white lilies and white lilies. Music was furnished during the evening by J. Howard Richardson's orchestra.

The reception which followed the ceremony was very largely attended by the many friends of the popular young couple, who received in the drawing room. They were assisted by Rev. and Mrs. Ellsworth, parents of the groom; Mr. and Mrs. Morrison, parents of the bride; Mrs. Gray, Miss Beale Morrison and the Misses Ellsworth. The mothers were Mr. Henry M. Faxon, Mr. Alden A. Thordike, Mr. Robert Perry, Mr. Alfred J. Ellsworth, Mr. James B. Noyes, Mr. Samuel W. Ellsworth and Mr. Herbert Stone.

Among the host of friends were the following from Quincy: Mr. and Mrs. Henry C. Rodgers, Mr. and Mrs. Benjamin F. Curtis, Col. W. B. White, Rev. and Mrs. D. M. Wilson, Mr. Arthur Bumpus, Mr. Charles H. Porter, Mr. and Mrs. J. Henry Emery, Mr. James H. Emery, Mr. Henry Rogers, Miss Pratt, Miss Russell, Miss Lane, Miss Harlow, Miss Rice, Miss Faxon, Miss Howland, Miss Dewson, Mrs. Edward Dewson, Jr., Mr. and Mrs. George Pfaffman, Mr. James Harlow, Mr. Schenckberger, Mr. George Dewson, Mr. Harry Rice, Mr. Charles Rice, Mr. Walter B. Holden, Mr. Henry L. Souther, Mr. George Farrington and others.

Doctored Coin.

For the past two months the storekeepers of West Quincy and the conductors on the Quincy & Boston street railway have been complaining to the police that counterfeit and mutilated money has been passed upon them. The money received was silver dollars, halves, quarters and dimes, the light weight stamp of the banks. Besides the coin had been drilled and the holes plugged up with lead but the job had been so poorly done that the deception was immediately apparent upon a casual glance. The police under Chief Langley went to work upon the case in a quiet manner, and soon became convinced that a Portuguese named Joseph Silva, aged about 45 years was the man wanted. A search warrant was obtained and Thursday night Officers Ferguson, Canavan, Garbarino and McLaughlin searched Silva's place on Cross street, West Quincy, where they found six silver dollars, two half dollars and two Canada dollars, also a lot of pieces of lead used in filling the holes. The officers secured the coin which was in a bag and placed Silva under arrest.

Silva is a tailor and has been about Quincy for a number of years, and as he is not known to have any money and did not have much at his trade, it is supposed that he has been working his little game for a long time and passing the coin outside of Quincy. The officers claim that Silva has been in the habit of buying the worthless coin of Boston pawnbrokers, and then filling up the holes and passing the good money upon unsuspecting persons.

Tennyson's Poems.

The tableaux given under the auspices of the Episcopal church choir and guild at Faxon hall, Thursday evening were greatly appreciated by the largest audience that ever filled this hall.

Long before the time for the curtain to rise the hall was crowded to the doors.

The subject was Tennyson's Poems, the scenes were laid in and out of "Merry England."

Enough cannot be said in the praise of the stage settings and general arrangements of the scenes. Mr. George Holden showed himself to be a thoroughly experienced stage manager and property man.

A very serious accident was avoided by the prompt action and presence of mind of the stage manager. In using the flash torch the draperies which were used as part of the stage settings caught fire. The fire was speedily extinguished without the knowledge of the audience.

The tableaux were very much enjoyed and all the credit due should be given to Messrs. Cotton and Hadaway and Miss Flint, who had charge of the entertainment. The costumes were all works of art and were made by the participants in the scenes.

The temple scene was the master-piece of all. Mr. W. W. Osborne as Merlin, and Miss Lizzie Sheppard as Vivien, could hardly have been improved upon. It was in this scene that the curtain caught fire. Mr. Justin Emery of Wollaston, as Lancelot, looked every inch a knight of the olden times.

Miss Cynthia Southern's Cleopatra was a finished picture of the beautiful Queen of Egypt.

A better selection could not have been made for Elaine. Miss Margie Southern fulfilled the description of Tennyson to the letter.

In the waits between the acts, Mr. and Miss Holden rendered some very pleasing vocal selections.

Miss Mabel Oxford, as usual, held the complete attention of her listeners during her reading.

If space would allow, a word would be said in the praise of all who helped to make the evening an enjoyable one.

After the last scene, dancing was announced and continued until midnight.

Rev. Mr. Cotton took this opportunity to bid many of his parishioners good bye. He leaves soon to fill a position in the south. Our only fear is that his services will not be valued as highly as they should. The Quincy parish will always welcome Mr. Cotton with open arms.

Mr. H. S. Kemp of this city left for the summer, to open the Cote & Co. street railroad and look after other interests of the Lagoon Land Company, at Cottage City, Martha's Vineyard, Mass.

The funeral of Mrs. Priscilla Munroe was held from her late residence, Wednesday afternoon, Rev. D. M. Wilson officiating. The services were private and the interment was at Mt. Wollaston.

Mrs. Philip Carver, a well known resident of Quincy, died at her son's residence in Lowell, on Sunday last. Mrs. Carver was well known in this city, being a prominent member of the Universalist church.

Funeral services over the remains of Mrs. Philip Carver, who died at Lowell, were held from the Universalist church this city Wednesday afternoon, Rev. H. A. Philbrook officiating. The interment was at Mt. Wollaston.

As will be noticed by an advertisement in our columns, Mr. Bevins has sold the temple street fish market to Mr. C. L. Prescott, who has restocked the same.

No one has yet been arrested, although a Live lobster will be boiled every day by Mr. Prescott.

Miss S. E. Brasill of this city will speak on the "Work of special director" at the English conference of educational workers at the English High school hall, Boston, today. There will be an exhibit of elementary science.

A close and exciting base ball game of five innings was played on the Greenleaf street grounds last week Friday afternoon between Adams academy nine and a picked nine, resulting in a score of 25 to 24 in favor of the former.

Tennison & Son have recovered the buggy and harness of their team that was stolen some few weeks ago. This part of the turnout was recovered at a stable in Boston where it had been left by Pratt who took the horse with him.

Houghs Neck has a daily paper started on Monday of this week, styled the MAINE BEACH DAILY LEADER, and published by Green & Prescott. All advertisers in the Quincy daily have their "ads" inserted in it without extra charge. Do you want the Houghs Neck trade?

We can truly say that our neighbors across the street are bound to shine. Messrs. A. G. Durgin & Co. have put up an elegant and very attractive illuminated mortar, which serves as a street light and sign for their business. Quincy is fast becoming cityfied, especially the Robertson house and Durgin & Merrill's block.

Representatives Graham, Hammond and Worthen of this district have all recorded in favor of the rapid transit bill which passed to a third reading in the House on Wednesday. Mr. Graham, a member of the rapid transit committee defended the bill, enlarging on the needs of quicker communication, and upon the dangers from electric cars on the surface of the streets.

The Q. Y. C. floats will be moored at last forty feet nearer the channel this summer. This will be very convenient for yachting parties who wish to land on the late ebb or early flood. Many amusing incidents occurred last season when parties of yachting parties and ladies were obliged to wade ashore in order to get the last car for Quincy.

George B. Lark, a well known citizen, died last week Friday at his home on Garfield street, of pneumonia, aged 47 years. He was taken sick Monday, and although everything possible was done for him he failed rapidly. He was a stone cutter by trade, and also carried on a variety store at Brewer's corner. He leaves a widow. He was a member of Merry Mount Lodge, Knights of Honor, which organization met Sunday at 2 o'clock and attended his funeral, which was held from his late residence at 3.30 o'clock.

D. Bamford, the well known custom tailor, is only installed in his new store, in the room formerly occupied by Mr. Pettengill, the jeweler, and opened it on Wednesday. On the side of the building opposite the counter on a frame are displayed the latest styles in gentlemen's clothes. Back of the counter on the shelves are furnishings used in the manufacture of gentlemen's clothing. The show window has been arranged very tastefully with handsome clothes for summer wear. The counter in the main store Mr. Bamford uses to cut his clothes upon and the small room back of the show room is used for the making of clothes.

Henry White, the little six year old son of John White, who lives in Wild's Court, was accidentally run over Memorial day by a carriage occupied by Mrs. John Q. A. Field and her son and daughter. They were driving down Hancock street on their way to the cemetery and when near Wild's court a boy of children ran into the street, among them was this little fellow who in some unaccountable manner fell beneath the carriage unnoticed, one wheel passing over his body. Mr. Field stopped his horse immediately, jumped to the ground and caught the child up and hastened to Dr. Webb's office, where on examination it was found that no bones were broken, and we were pleased to learn that the little fellow is doing well, being able to sit up Friday.

Charles Sampson left Friday for the World's Fair.

It is the intention of the street railway people to pave all of the principal street crossings, and this has been done this week on several of the Quincy Point line. Other improvements are being made on the road.

Another Shocking Murder.

An atrocious murder, rivaling in many respects those of Mr. and Mrs. Borden, was committed on Memorial day, on a farm about four miles from city hall, Fall River, Mass.

Mr. Manchester and two boys went to the city in the morning to deliver milk, and left his daughter, Miss Bertha Manchester, aged 22, at home alone to do the housework.

On their return Bertha was found lying in a pool of blood on the kitchen floor dead. A bloody axe was found near by which probably was used by the fiend.

Robbery is supposed to have been the cause of the awful crime. The girl's bedroom had been rifled of its contents, and a gold watch and other things were taken. No one has yet been arrested, although a Portuguese, who had worked for Mr. Manchester, is suspected.

South Quincy.

Eugene W. O'Connor has been appointed a night watchman in the Boston custom house, and has taken the oath of office.

Weymouth.

The funeral of Dr. Charles C. Tower was held from the South Congregational church Thursday afternoon. Rev. W. H. Bolster officiated and was assisted by Rev. George M. Stanton and Rev. Joseph O. Cohasset. The pastor of the church, Rev. Henry C. Alvord, was unable to be present, but an eulogy which he had prepared was read by Rev. Mr. Bolster. The Temple quartette sang "Come unto me," "Gathering Home" and "Rock of Ages."

Among the many floral tributes were those from Widley Lodge, O. O. F., Golden Cross, Norfolk South District Medical society, and the Wednesday night club.

The book contains thirty-two narrow octavo pages, is beautifully illustrated with twenty-two half-tones and several pen and ink sketches of interiors and exteriors of the various cars, as well as of scenes along the route.

It describes and illustrates the luxury of modern railway travel as presented by the New York Central and its connecting lines in such a delightful manner as to make one long to start upon a journey at once.

The work is from the press of the American Bank Note Company, and so perfectly has it been done that this is easily the most attractive book of its kind yet published.

A copy will be sent free, post-paid, to any address, on receipt of two post-stamps, by George H. Daniels, General Passenger Agent, Grand Central Station, New York.

—Walter Emerson, the cornetist, who has delighted many at Nantasket and elsewhere, died suddenly in Boston, Thursday evening.

About fifty couples participated in the game, the grand march being led by Louis Thompson and Miss Gertrude Tate. The door managers were John Ford, Benjamin Ruderham, James Doherty and Cornelius Morynham. Wilson's orchestra furnished music.

Castle Larkin, the 12-year old daughter of Mr. Richard Larkin, had a narrow escape from a serious accident last week. She was run into by a team driven by Chester S. Ford who did not see her until his horse had jumped over her. In jumping, however, the head of the horse struck her in the face making a deep cut on the forehead and bruising her face quite badly. She was carried home and a physician summoned, who pronounced her case serious but not necessarily dangerous. No blame is attached to Mr. Ford.

Daniel Corbett of South Quincy left Thursday for New York from which port he sails on the American line steamship Paris for Southampton.

The funeral of Dr. Charles C. Tower was held from the South Congregational church Thursday afternoon. Rev. W. H. Bolster officiated and was assisted by Rev. George M. Stanton and Rev. Joseph O. Cohasset. The pastor of the church, Rev. Henry C. Alvord, was unable to be present, but an eulogy which he had prepared was read by Rev. Mr. Bolster. The Temple quartette sang "Come unto me," "Gathering Home" and "Rock of Ages."

Among the many floral tributes were those from Widley Lodge, O. O. F., Golden Cross, Norfolk South District Medical society, and the Wednesday night club.

The book contains thirty-two narrow octavo pages, is beautifully illustrated with twenty-two half-tones and several pen and ink sketches of interiors and exteriors of the various cars, as well as of scenes along the route.

It describes and illustrates the luxury of modern railway travel as presented by the New York Central and its connecting lines in such a delightful manner as to make one long to start upon a journey at once.

The work is from the press of the American Bank Note Company, and so perfectly has it been done that this is easily the most attractive book of its kind yet published.

A copy will be sent free, post-paid, to any address, on receipt of two post-stamps, by George H. Daniels, General Passenger Agent, Grand Central Station, New York.

—Walter Emerson, the cornetist, who has delighted many at Nantasket and elsewhere, died suddenly in Boston, Thursday evening.

WEST QUINCY.

Copeland street is receiving a coat of stone chips and fine dressing, which is being rolled by the street roller.

A little French girl accidentally fell into the vault at the Willard school building Thursday afternoon and came near being smothered to death before she was taken out.

Mr. F. Spencer Baldwin, now studying in the University of Munich, Bavaria, son of Rev. W. W. Baldwin, pastor of the West Quincy M. E. church, has recently declined a professorship in an American college, preferring to remain abroad for another year's study. He is to spend the summer vacation in Switzerland.

At the West Quincy Methodist Episcopal church, on Sunday, the pastor, Rev. W. W. Baldwin will preach at 10.30 A. M. and 7.30 P. M. "For we are saved by hope." All are invited. At the close of the evening service the Epworth League will be called together to elect delegates to the annual district convention, to be held in Westport street church, June 8.

A full attendance of officers and members is desired.

For the past two years there has been working for Fallon & Sons of this city as a tinsmith, a young man who was killed by Harry Manchester, a brother of the murdered Fall River girl. He does not know much about the family at home as he left there at 12 years of age. Yesterday he learned for the first time of his sister's murder and immediately left for Fall River.

The interior of the Methodist parsonage at West Quincy has been greatly improved by the Ladies' Social Union, to make it more comfortable for the ex-communicated family. It is the intention in the future to paint the outside in some pleasant combination of tints and give the whole a neat look. By and by as confidence increases the church building inside and outside will be renovated and become more pleasing to the eye. A forward movement is to be pushed on every line of interest.

Preaching in Froland's hall, Hillside street, Sunday morning at 10.30; Subject, "Patriotism." 7 P. M., morning and evening testimony meeting. All earnestly invited.

Lady—"Can you tell me when she was at home?"

Servant—"As soon as she gets the paraded, mum, she's most through now."

"I am going to have a party on my birthday," said Mollie.

"What kind?" asked Jennie.

"Oh, I don't know. Republican, I guess. That's what my papa is."

"Willie," said that young man's mother, "you were very restless in church."

"Yes'm," was the penitent response.

"You never see papa behaving in that way. Why couldn't you be quiet like him?"

"Why, mamma," he answered frankly, "you see I wasn't a bit sleepy."

Lady—"Those souvenir spoons look like forks."

"Of course, ma'am; you wouldn't have souvenir spoons look like spoons, would you?"

Merchant—"What's the matter with you, writing this morning—new pen?"

Book-keeper—"No, sir."

"New ink?"

"No, sir." "What then?"

"Neuralgia."

Lady—"Have you any references?"

Rail Girl—"What be them, marm?"

Lady—"Why, can you tell me any people who know your character?"

Black Cat (grinning)—"Yes, surely; but I mean't so silly as to say 'ye'."

Little Tommy—"Say, are you engaged to a sister—or not?"

My agent—"I am—am not, Tommy, but I want to be."

The Quincy Patriot.

SAURDAY, JUNE 10, 1893.

Terrible Catastrophe.

A special dispatch to the Quincy Patriot at 2 p. m. Friday announced a terrible catastrophe in Washington, D. C. The old Ford Theatre, occupied by the pension bureau has collapsed and 100 government employees are thought to have been killed. It is said the building had been condemned as unsafe. However this may be, it collapsed while workmen were engaged in excavating for a cellar, and the three floors fell. The Blue Book for 1893 reports \$50 employees in the pension department. The dispatch says that about 100 were down in the ruins. Others jumped from the third story windows only to be fearfully mangled.

The news was not received in time for the Daily Express, which goes to press on Friday, but was promptly bulletined and several inquirers at the office before the Boston dailies arrived in the city.

More Cars.

The Old Colony Company should see that there are more cars on any of the trains between Quincy and Boston. It happens too often that ladies and gentlemen are obliged to stand all the way going to or coming from Boston. To be sure leaving Quincy the trains from Boston are quite empty; but that does not benefit those coming to this city. Many ladies and gentlemen who go to Boston are obliged to be in their feet about all the time they are in the city, therefore they decidedly object to standing, in going or coming from Boston.

Certainly the railroad company should be thankful for the immense patronage it is receiving from Quincy, and should try to encourage and accommodate it. Perhaps some plan might be arranged so that an additional car could be added at Braintree on inward trains and dropped on outward, or what would be better, give Quincy more trains, so that there would never be sixty or eighty passengers waiting to go on any train.

Our citizens are very patient and do not ask for many favors, but it does seem reasonable that the common courtesy of this line—to give its patron a seat—should be granted. There is often such a scarcity of cars that many gentlemen rush for the cars to get a seat, consequently many ladies are obliged to stand.

Handsome Bed of Roses.

Any of our readers, who go to Boston for pleasure or business during the next ten days, should endeavor to see the great exhibit of roses on the Public Garden. Mr. Doogue has made around the equestrian statue of Washington and immediate vicinity large beds, and set out about 4000 hardy hybrid rose trees, which are now blossoming very profusely. Many thousand roses are in bloom, and it is thought there will be the coming week 50,000 of these beautiful flowers to be seen. It is the largest and best rose display ever seen in New England, and it is worth going many miles to enjoy.

Sons of Veterans Notes.

At the meeting on Tuesday evening Camp received three new applications for membership. The brothers were pleased to receive letters of thanks from Posts 87 and 88, for their services on Memorial day. The graves of the three deceased brothers of the camp, and that of Francis L. Souther were suitably marked and decorated with flowers May 30th.

Brother George Howe was present at the last camp meeting and made a very interesting speech. He is a member of Camp 27, and although living in Florida, manages to attend at least a year or two. The drum corps were the recipients of many words of praise for their excellent appearance and music on Memorial day.

First Sergeant Fuss will apply for a special dispensation, that he may muster in his son at the next meeting.

The camp will attend in a body the military and civil parade at Charlestown on the afternoon of the 17th of June. One entire division will be composed of over 100 Sons of Veterans, and it is hoped that representatives propose to make as good an appearance as the best of them. The chief marshal has assured Camp 27 a prominent place in the line.

Man Killed on the Railroad.

Persons walking on the railroad tracks near Capen's bridge Monday night, was identified Tuesday evening as Nelson Hobert of New place, this city. He was a shoemaker and was employed by Messrs. Graham & Co. He leaves a widow to whom he had been married but a short time.

The injuries to the body were a long deep cut on the side of his face near the elbow, his right arm was cut off near the elbow, and the right leg was cut off just above the knee. The lower part of the body was also cut in horrible manner.

The Borden Trial. The trial of Miss Lizette Borden of Fall River, for the murder of her father and step-mother, commenced at New Bedford on Monday last. A jury was obtained the first day, and in half a dozen or more witnesses for the government have been examined. It appears by the evidence given that it has been the custom of a family to keep the doors of the house locked, not only at night, but days, so that it looks very doubtful if any one outside of the household could have done the awful deed.

CITY BRIEFS.

Rain is needed.

Mrs. Horace Felts of Bigelow street, continues quite sick.

The telephone at the District court room has been removed.

The street sprinkling is being done in good shape this year.

The School department advertise for proposals to furnish coal.

Dr. Charles S. French left on Saturday to visit his daughter and family at Athol, Mass.

The Quincy Co-operative Bank sold \$1,800 Wednesday evening, at a good price.

There was little or no business from Quincy at the probate court in Dedham Wednesday.

Mr. Ralph Crane has moved into the house recently purchased by him on Washington street.

Daniel Kenly, who went West for his health is homeward bound and is expected in a few days.

Officer Garbarino, of this city, is assisting Boston officers in their search for Sacco, the murderer.

Founder's day at Thayer Academy, Braintree, Mass., will be a hop in the Town Hall this afternoon.

The new 20-room house being built for Mr. Henry E. Hardwick at the corner of Washington and Canal streets, is coming up.

Rev. H. Evan Cotton left Quincy Thursday for Worcester, Mass., for a few weeks from whence he goes to Hingham, Md.

George W. Starbuck has received his appointment to the railway mail service and is running at present between Boston and New York.

The friends of Mr. John Russell of South street will be pleased to learn that he is recovering from his recent severe illness and will soon be able to be out again.

The finishing touches are being put on to Mr. Bryant N. Adams' new house at the corner of Adams and Bigelow streets. A curbed sidewalk on both streets is an improvement to the estate.

There is some talk of forming a ladies' bicycle club in this city. These are a number of lady riders of wheel and should a club be formed they would compare favorably with any club in the state.

The funeral of Mr. Stephen Talbot, who died Tuesday after a brief illness, was held from St. John's church Thursday. High mass being celebrated by Rev. Fr. Quinn. The interment was at West Quincy.

Daniel Durley, aged ten years, was bit in the lip Wednesday afternoon, by a dog owned by David Roach. The dog was under a team and the boy crawled under, and pinched the dog, who turned and bit him.

The June statement of City Treasurer Adams shows the receipts from water and sewerage to have been \$14,282.33 since Jan. 1. The payments which amount to \$16,823.32 include notes and interest to the amount of \$10,400.

Mr. Frank C. Gilbert, son of our excellent physician, leaves next week for Chicago to visit the World's Fair. He would not but he will have a grand good time, as there is enough there to please and delight all its visitors.

Mr. Fenton Lowe, a PATRIOT compositor was surprised Wednesday to receive a visit from his father, Mr. Charles Lowe, of Quincy, N. Y. He reported a heavy thunder shower in New York city between 4 and 5.30 Tuesday afternoon.

Engineer Packard passed the 41st milestone of his life Tuesday and the occasion was made one of especial interest that evening by the Ramblers. Exalted High Chief Rambler, F. A. Bar, made a number of the ceremonies which were of a pleasing nature.

A very pleasant party assembled at the rooms of the Granite City Club on Wednesday evening. Mr. and Mrs. James Thompson were the successful players of the evening and took both prizes for Franklin street. At the conclusion of twenty-five hands, ice cream and cake were partaken of with pleasure.

Thursday morning Mr. and Mrs. H. B. Brown and Mr. and Miss Dillaway drove into the depot yard, and while the latter gentleman went out Mr. Brown's store, a carriage stood near Mr. Penick's stable. A turnout drove out and in a twinkling the occupants of Mr. Brown's carriage were capsize and both ladies were somewhat injured, but no serious damage caused.

Mrs. Hugh McPhail received a letter Monday evening from her daughter, Miss Mary McPhail from the Hawaiian Islands. She is making good progress in her trip around the world, being now on her way to San Francisco, but wishes as she will be only one week from Quincy, that she should have wings that she might fly home. There is no place like home she says.

Officer Hunt assisted by citizen Rogers, took into custody Tuesday night a drunken woman found in the Hancock cemetery and locked her up. As Mr. Rogers is not an officer, his friends are talking of petitioning to have him appointed a special and then given him with a badge similar to that present Mr. Pettengill a few years ago when he was elected constable.

There will be a hearing in the Supreme court next Tuesday, on the Woodward will, on the points raised by the city of Quincy, published in the Patriot some weeks ago. Dartmouth college will be represented by able counsel, who will doubtless fight for a strict interpretation of the will, which imposes upon the trustees the duty of caring for the city of Quincy. If Quincy is to have the institute it must be opened within a year.

The many friends of Superintendent and Mrs. Herbert W. Lull will be grieved to learn that death entered his home Monday morning and removed his little year old daughter. Mr. Lull was deeply attached to his children and the untimely death is a sad blow to him, and in his great loss he has the heartfelt sympathy of all our citizens.

The first game of outdoor basketball was played by the Young Men's Christian Association boys on Monday night at the West Quincy Methodist church. This was a practice game, but much enthusiasm was aroused, and before many weeks basketball will have many admirers in Quincy.

The injuries to the body were a long deep cut on the side of his face near the elbow, his right arm was cut off near the elbow, and the right leg was cut off just above the knee. The lower part of the body was also cut in horrible manner.

Lemuel Pitts, the nine year old son of Mr. Lemuel Pitts, was accidentally run over on Foster street, Thursday evening, by Mr. N. B. Farnall. A serious gas was cut in his head. He was attended at his home by Dr. Davis.

The Granite shoe store and D. E. Gould of Water street, this city, and Mr. Herbert Emerson Pratt of Brockton, took place Wednesday at Brockton. They will receive friends at Hotel Hamilton.

The members of the fire department at the Central station were called out Tuesday night at 11:30 on a still alarm to extinguish a chimney fire in the house of Robert Courtney on Marsh street. The fire was extinguished with the hand chemicals.

The suit of Amy and Charles M. Gould against the Merry Mount Granite Co., which has been tried in the United States Court has been settled by a verdict for the Merry Mount Granite Co. Messrs. Hanley, Lundy and Grant for the plaintiffs and Messrs. Colter and McManey for the defendant.

Should a person who had been absent from Quincy for a year or two, walk up Franklin street and Independence avenue, he would scarcely find the place so great as he has been the charge, for where there was once but a few houses and waving fields of green grass on the land owned by Mr. George H. Field and the Adams Real Estate Co., the building and the place is now a great many houses with nearly level roads and in fact, a little village has sprung into existence.

Among the houses that have been built on the lot owned by Mr. Field and the Adams Real Estate Co. is a new house which is now being occupied by Mr. J. M. Miller, Charles C. Rich, A. I. Dixon, two houses by Joseph Adams, and a house by the Kendrick farm.

Aside from the new houses, there are a number under way some of which are nearly completed and ready for occupancy. Among the houses that are being built are: Mr. Sherman, Isaac Wright, E. E. Miller, Peter J. Williams, John Leaman, John Robbins, Carl Person, John Roberts and Charles Gibbs.

Dr. R. McLennan has also commenced work on a \$4000 residence.

There are also a number of lots that have been sold and upon which new houses are being built. Mr. Field informs us that there is a growing demand for land in this city and that every lot on Franklin street has been sold. This being the case it is understood that the other Census volumes are to be sent as soon as published.

Mr. George J. Jones is repairing and fixing up the lower part of his house. He has had a new floor laid in the south room, and the carpenters in removing the old floor, took up three layers of boards, the lower ones they say are the original floor which was laid some one hundred and fifty years ago.

The venerable Charles Beck of Milton, one of the Patriot's oldest subscribers, made a short call at the office Thursday. We were pleased to see Mr. Beck looking so well, and although in his 96th year he is in his mind and appears as smart as if only 60 summers and winters had passed over his head.

By the courtesy of Hon. J. M. The Seventeenth.

The Seventeenth of June will be generally observed as a holiday in this city. The banks will be closed all day and many of the stores. Provision stores and hardware shops will close at noon. The Squantum yacht club will open the season with a club race off Norfolk Downs. The Madison Grove estate at Atlantic will be sold at auction at 10 A. M. by Auctioneer Adams. Basket ball will be played by the Y. M. C. A. at Merry Mount park. A grand picnic will be held at the same place by the Swedish Lutheran Society. George Nock has planned for next day and the Maine Land Associates expect to sell many lots. In the evening there will be hops at Pierce's, Taber's and Harvey's at Manet Beach. The North Weymouth Land Company will have auction sales in the morning and afternoon with a free clam bake between. There will be a picnic at Lovell's Grove. The North Abingtons and the North Weymouths will cross bats at the latter place.

Dr. Everett's Successor.

It was briefly noted Thursday that Mr. William B. Tyler would succeed Dr. Everett, as master of the Adams Academy. The Herald has a kind word for the new master. It says: Mr. Tyler is the son of the late Major William B. Tyler, nephew of General John S. Tyler and grandson of the late Hon. Royall Tyler, formerly chief justice of Vermont. He was born in Boston, Dec. 12, 1852. He was educated at the Boston Latin school and Harvard College, where he graduated in the class of 1874, among his classmates being Hon. Robert A. Southworth, Hon. Frederick L. Harding, Dr. C. M. Green, E. F. Fenelon and others who have become quite well known in the community. Mr. Tyler took a very high rank in scholarship and had a brilliant social and athletic record, being president of the Athenaeum and O. K. societies, and of the board of editors of the Harvard Advocate. He was appointed assistant master of Adams Academy by the late Dr. William B. Dimmock, and has continued under Dr. Everett, twice acting as head master during the sickness of those gentlemen. He has succeeded in gaining the respect and affection of his pupils to a marked degree, and is one of the most accomplished teachers in New England of classics, French history and English literature. It is confidently expected that the academy will now nothing by the change of its head master.

Contrary to general opinion, the academy is not wealthy, and must rely largely for support on the attendance of pupils. Those best acquainted with the school are confident that Mr. Tyler will maintain the reputation it has acquired under its former principals, and that no parent need hesitate to put his son under his care. The closing exercises of the academy will take place on the 27th inst., and Mr. Tyler will begin his term of service next September.

Foster-Osborne.

A quiet family wedding ceremony was performed by Rev. H. Evan Cotton at No. 2 Bigelow street, Wednesday evening, Miss Fannie W. Osborne of this city, and Mr. John B. Foster, one of our new business men, being united in marriage. The affair was entirely informal but still very impressive. Immediately after the rites had been performed lunch was served and the couple departed for a short trip.

Three Teams in a Runaway.

There was an exciting runaway in the Square, Thursday about ten o'clock. Mr. Patrick McDonnell, Jr., was at the Mount Wollaston bank, when his horse started to a light open buggy, ran across the street starting a horse of Dr. Gordon which stood at Holden's jewelry store. The doctor's horse ran down Chestnut street and was stopped without damage near Faxon hall. The McDonnell horse kept up Hancock street barely escaping several teams.

In the front of the Patriot office there is in collision with a horse of Dr. Chase standing there, causing a wreck of both vehicles. The McDonnell horse continuing up the street alone. A wheel of Mr. Chase's buggy was demolished, and Mr. McDonnell will have to have a new shaft, cross bar, harness, etc. The carriages in the runaway were occupied and no person was injured.

Triangle Club.

The Y. M. C. A. club took its second run last evening, going over to Weymouth and Braintree. On returning, light refreshments were served in the rooms. A short business session was held. President W. B. Holden in the chair. It was voted to adopt the name, "Triangle Club," the triangle being the national emblem of the Association. Walter McBurnie was elected first lieutenant, and Alexander Black second lieutenant. Light blue and gold were adopted as club colors. A number of matters relative to the success of the club were discussed.

The members are most interested and the club promises to be a successful one. The club is intended for the members of the Young Men's Christian Association, and others who care to join. The aim is to have a club which any young man of good moral character can enter, and which shall be free from all objectionable features. One of the most attractive features of the club is the small expense. The association had decided to give all two dollar members of the association who join the club the use of the bath rooms, until October 1st. As the club membership is still very small, it will be seen that the privileges are within the means of all. There will be no regular uniforms. Next Thursday the club expects to visit the Hyde Park Association.

North Weymouth Land Sales.

The North Weymouth Land Co. report recent sales of house lots to Geo. W. Kimball, J. P. Squires and R. C. Downing of Boston; J. L. Goss and J. E. Drake of Quincy; J. H. Penman of Wollaston; Alex. W. Cormack and Hamilton N. Cormack, of Cambridge; Mrs. Kate Quigley of Haverhill; Frank N. Miller of North Weymouth.

Mr. Kimball and Mr. Squire have built two very fine cottages and will occupy them at once. Mr. Downing will build on his return from Europe. Messrs. Graham and Drake have plans drawn for cottages which they expect to build this summer. Messrs. Cormack will build in the fall for permanent homes.

The company offer very liberal inducements to parties to buy and build, and expect to dispose of a large number of lots at their sale on June 17. The class of people that have bought being in itself a sufficient recommendation for the future prosperity of North Weymouth.

The Wide Throat bill did not pass the Legislature.

It was killed in the Senate during the last days of the Great and General Court.

Francis Hayward is treasurer of the Cable Rubber Co., of Boston, and has succeeded in gaining the respect and affection of his pupils to a marked degree, and is one of the most accomplished teachers in New England of classics, French history and English literature. It is confidently expected that the academy will now nothing by the change of its head master.

The banks of the city will be closed the Seventeenth and some of the stores, other stores will open a few hours in the morning. Mrs. Frank Pollock, nee Brown, of New York, who has spent a few days with her husband's family here, left Tuesday for Down East. The residents of Hancock street express themselves as most pleased with the way in which the street is watered Sunday.

Senator Merrill of this city is a member of the Senate committee to represent the State at the unveiling of the Farragut monument. The sun will not rise any earlier than it does. The longest days of the year are next week, Friday and "summer begins" next Wednesday.

Francis P. Lout was a delegate of the Quincy letter carriers at a convention of letter carriers of Massachusetts, held in Boston on Saturday. At the drive with party on Wednesday evening, at the Granite City Club rooms, the prizes were taken by Messrs. Clarence Burgh and Warren H. Kidout.

The Guild of the Great Teacher will meet in the ladies' parlors First Church, Sunday evening at 7 o'clock. Subject "Lessons from Christ's boyhood." Mr. W. G. Lotze, Assistant State Secretary, Y. M. C. A., will conduct a song and praise service at Y. M. C. A. rooms, Sunday, at 3.30 o'clock. All men are invited.

Arrangements have been made for the members and friends of the Young Men's Christian Association to take a moonlight excursion down Boston harbor on the steamer Longfellow.

Caterer Nash furnishes a clam bake for 200 at North Weymouth, and also cater for the St. Anne Temperance picnic of Neponset, at Lovell's grove, Saturday. They are assured of a good dinner.

Miss S. H. Hussey left Monday for New York with a brother and his wife. She is in collision with a horse of Dr. Chase standing there, causing a wreck of both vehicles. The McDonnell horse continuing up the street alone. A wheel of Mr. Chase's buggy was demolished, and Mr. McDonnell will have to have a new shaft, cross bar, harness, etc. The carriages in the runaway were occupied and no person was injured.

The Committee on Fire Department held another of their investigations Wednesday evening, at the Central Fire Station, those to be drilled in the catechism of these reformers being the permanent men.

The bazaar of St. John's church, held for ten days, came to a successful end last week Friday evening. There was a brief entertainment consisting of the farce, "Razor Jim," which was followed by a dance.

In last issue where we spoke of a new floor being laid in the house of Mr. George J. Jones and stated that the carpenters found three floors and claim that the first one was the original, we gave the figures incorrectly, it should read two hundred and fifty years ago.

A letter written from the Hawaii islands, by Miss May McPhail to her parents in this city, will be found on the first page of this issue. It will be read with great interest, as the young lady has host of friends here, and the description of her visit in Honolulu is very interesting. Her next trip is to San Francisco.

First Presbyterian church, 10-10 A. M., subject, "A tried man." T. P. M. Subject: "A Fool's logic." Sunday school at close of the morning service. Young People's Prayer meeting, Tuesday evening. Congregational Prayer meeting, Thursday evening. Come and welcome.

Rev. Dr. E. P. Thwing is reported to have died in Canton, China, on May 9. He was pastor of the Congregational church in this city for five years in the 80s, and has since contributed many articles to the PATRIOT, one appearing from him in the last issue, although he died three weeks previous to its publication.

Mr. Eben Stanwood, the young broker who has been critically ill at his home, Beachfield terrace, for some months, is slowly convalescing, although it will be a long time before he can take up active business again. He was able to be moved to his summer home in Quincy late in the week, where the family will be for the summer.

Mr. William E. Barrows, of Milford, came to this city Tuesday looking for his daughter who ran away from home four weeks ago with Bert Smith of Quincy. The girl is 15 years of age and her father said that while Smith was at Milford on a visit to his mother, he got her into trouble and that four weeks ago the couple ran away. Some two weeks ago the young man's mother moved to Quincy, and he learned that his daughter was living with her. The police have not located the couple as yet.

ATLANTIC.

The fish market will be open till noon on Saturday, and all desirable salmon and lobsters can be supplied. Cards are out for the church wedding of Miss Zeda Pierce Zeigler and Mr. Emory Locke Crane, to take place in Christ's church, Quincy, Thursday evening, June 23. Mr. Crane is chairman of the School Committee. Children's Sunday will be observed at the Universalist church tomorrow. At the morning service an appropriate sermon will be preached by the pastor, followed by the christening of children. The usual Sunday school service is to be given in the church at 4 o'clock P. M. Among the several thousands present at "Pious Day" of Wesley College, Saturday afternoon were: Mr. and Mrs. C. Frank Hardwick, Miss Julia M. Little, Mrs. George W. Prescott, Miss Annie L. Prescott, Miss Lillian T. Harlow, Miss Margaret M. Smith, Miss Theodore M. Smith, Mr. Charles H. Porter, Jr., of Quincy. West Quincy Entertainment. The entertainment of the Ladies' society connected with the Methodist Episcopal church at West Quincy, held Thursday evening and a most excellent entertainment it was, although the audience was not as large as could have been desired. But what the audience lacked in numbers it made up in enthusiasm for each number was enjoyed and the artists graciously responded. The programme opened with a selection by the Norfolk Brook and Guitler club of Boston, which was followed by a vocal solo by Mrs. Emma Wallace, of Fitchburg, and a reading by Miss Gertrude Loving of Boston. Miss Charlotte Day of Boston then gave a pleasing selection with a guitar accompaniment. These same numbers were repeated on the second day of the programme with the addition of a solo on organ by Mr. Leon Baldwin and select readings by Mr. John Rose.

SOUTH QUINCY.

George Garden made a safe voyage on the Servia, which passed Brow Head, Ire., on Wednesday. Barber shops and fruit stands about on Water street. Two new lumber shops having been opened between Franklin street and the depot. A boy on a bicycle and a carriage driven by a young lady came into collision on Franklin street early Thursday evening. Fortunately all escaped injury. Mrs. John Summers and family, Mrs. William E. Ross and family and Mrs. Arthur Collins and child sailed from Boston last Saturday on the "Bohemia" for Liverpool. South Quincy people are finding fault with the new time table on the Old Colony, the 1.24 P. M. inward train from Boston has been taken off and there will be no inward train from Quincy Adams between 12.30 and 3 o'clock P. M. Edward Hardwick of North Eastham, is in town for a few days. It was a little surprising that the unfavorable report on the petition of the Quincy and Boston Street Railway for a location in School and Pleasant streets should have been adopted without debate after the lengthy hearing given, but it has borne good fruit and it would not be surprising if there was a more determined effort to abolish the Water street grade crossing. It is said that was the prime object of the petition, and now that the movement is under full head, it is pushed until the dangerous crossing is abolished.

DEATHS.

Mr. Daniel J. Deasy, one of Quincy's well known young men, was united in marriage Wednesday at St. John's church to Miss Eva Bigelow of the Quincy branch at the Boston Branch store in this city. The ceremony was performed by Rev. F. A. Friguellet. Mr. and Mrs. Deasy will make their home at 100 Commercial street, where they will reside on Edwards street.

MILTON.

James Smith is building a large new house on Granite place. C. E. Whittemore is building a house on Eaton street. The E. B. Andrews estate on Adams street has been sold to Boston prices. A. A. Brackett is building a house on Brackett street. James Crawford has sold his estate to Boston prices.

The Sunday School of the Congregational church will give a concert Sunday evening. Wednesday was the birthday anniversary of Mr. James Wigley, junior of the East Milton school, and the teachers of the building appreciating his faithful services took the opportunity to present him with a silk umbrella.

BRAINTREE.

The body of Jennie Shaw, the domestic employed by the family of Mrs. Hollingsworth, was found Monday in river at Cart bridge. The woman retired as usual Saturday night and Sunday morning she was found in the river. The body had been occupied but its occupant had gone. Nothing had been heard from her until the finding of the body.

Medical Examiner Gilbert viewed the remains and decided that it was a case of suicide. The family say that she had acted strangely of late and the opinion seems to be that she was demented. She was about 40 years of age.

The City Council of Everett has passed an ordinance requiring all bicycles to be equipped with bells, and also prohibiting fast riding.

Quincy High School.

Ex cetera scholae in scholam vitae.

The graduating exercises of the Quincy High School were held in Hancock Hall, on Thursday evening. It rained hard all day and also in the evening, and the hall was not crowded as it is apt to be on these occasions, although a good attendance was in attendance.

Suspended over the platform on a corn colored banner was the motto in daisies, "Ex cetera scholae in scholam vitae," and there were a few floral decorations.

The graduating class occupied chairs on the platform and the other classes the entire front of the hall.

The Programme

Was a pleasing one and is given in full below:

Music, Heaven and the Earth Display. Arr. by G. A. Vearie, Jr. By the school.

Salutatory. Cassandara Thayer.

Translation from Virgil. Nellie M. Murphy.

Address to undergraduates. Catharine A. Chisham.

Prophecy. Mabel E. Oxford.

Class Will. Erynalia Koli.

Music, "Hark! Apollo Strides the Lyre." Arr. by O. B. Brown.

By the School.

Valedictory. Eva G. Reed.

Presentation of Diplomas.

By Joseph M. Sheahan, M. D.

Music, Class Ode. D. Dutton.

(Words by Catherine T. O'Brien.)

By the class of '93.

Abstracts of the literary parts appeared in the DAILY LEDGER of Friday. Each member received hearty applause, particularly Mr. Callahan's declamation. There was a marked absence of essays and notes, all the parts being committed to memory, and given in an easy manner without hesitancy.

Miss Eva G. Reed, the valedictory, was prevented by illness from being present. The music was very good, and it is a fact that the boys were heard in "The Sailor's Glee." The violin obligato and solos of Mr. Walter E. Lord were much admired and he responded to an encore.

Presentation of Diplomas.

As noted above illness of the valedictory prevented her being present. Dr. Joseph M. Sheahan of the School Committee in presenting the diplomas paid Miss Reed a high tribute and spoke of her high percentage. He regretted that there were not more young men in the class that he might direct their thoughts to the duty of citizenship. The female portion of the class carried off the honors and he regretted they could not be considered the equals unless under supervision referring indirectly to Miss Lizzie Borden. He desired the graduates to continue their studies. The same conditions for success in life as in the school. Be honest and reap the reward. Establish a standard of right, that when disappointments and bereavements come, the consolation will be perfect. He congratulated the graduates on their achievements, and the teachers for their work.

The class ode, written by Miss Catherine O'Brien, was sung, completing the programme.

It is the intention of the DAILY LEDGER to publish in full in a few days the essay, "Quincy as an Historical Centre," also "The Class Will" and others.

Live Stock Insurance Co.

There appears to be no good reason why our citizens who have valuable horses should not have them insured, if we can judge by the large number that are constantly dying. We notice by a circular received from the Security Live Stock Insurance Company of Massachusetts, of which our townsman, Thomas H. McDonald, is president, that this company paid out, last year over \$15,000 to persons and firms who had lost their horses; from Jan. 1, to June 15, this year, \$1,058. This shows that there are many gentlemen who believe it is a wise policy to keep their horses insured.

The Insurance Commissioner gives this company the best report of any Live Stock Insurance company in the United States, which is very creditable to its officers, and particularly to James J. Clare, our townsman, who is the general manager of the company. May this company continue to prosper and insure the good work it is doing be better understood and appreciated by the public generally.

Sudden Death.

U. S. Senator, Leland Stanford, was found dead in his bed at his residence at Menlo Park, Cal., on Tuesday last. Cause, apoplexy. The day before he rode across his stock farm and seemed as well as ever. He was 60 years old and estimated to be worth seventy-five million. He gave a few years since twenty million in memory of his beloved son, to establish the Leland Stanford, Jr., University at Menlo Park, which the editor of the Quincy Patriot had the pleasure of visiting while traveling in California, with other editors, last season.

Senator Stanford was born in New York and when a young man went to California, where by untiring energy, wise speculations and profitable investments, he became one of the wealthiest men in the country.

BERTHA MANCHESTER. The preliminary hearing in the case of Jose Corrojo, for murdering Bertha Manchester, was opened in Fall River on Thursday. Harry Manchester, who has worked with Jose for two years was present with his brother and married sister. His father, who was the first witness, has grown very old looking since the tragedy, and the depth of his affection for the deceased girl was manifested in many striking ways.

After a short examination of Mr. Manchester, a consultation was held between the government and the counsel for defense, the latter waived further examination and the prisoner was adjudged probably guilty of homicide, and held for his appearance before the grand jury without bail.

CYCLONE. A fearful cyclone passed over eastern Kansas on Wednesday afternoon, it took in a scope of country had a mile wide and about six miles long. Not a house, barn or tree was left standing in its path. Some 15 to 20 persons were killed and many wounded. It is said that Mrs. John Hutchinson's arm and limbs were found in a tree a mile from the house.

CITY BRIEFS.

City Hall will be closed on Saturdays at 12 M.

The Hospital Aid will meet June 20 at 3 P. M.

Schools closed Friday for the summer vacation.

Dr. C. O. Young has returned from his trip to the World's Fair.

The exercises of the pupils of the Adams Academy, for the Adams gold medal and other prizes, will be held on Tuesday next, June 27, in the Stone Temple at 10:45 A. M.

How about the widening of Coddingdon street. Don't the City Council think it is necessary as the extension of Walker street and Hall place or the widening of Adams street.

Chief Engineer Ripley informs us that the new fire station will be completed today, and he desires to see among those who have become accustomed to their new quarters.

Rev. J. J. Lewis, well known to the Universalists of this city, preached his farewell sermon on Sunday at the Broadway church, South Boston, where he has ministered for 20 years.

Miss S. H. Hussey has returned from a pleasant trip in New York, where she enjoyed the company of her brothers and sisters for a short time, rehearsing scenes of childhood days.

Messrs. R. G. Sears and Percy Sears and others from this city attended the 15th wedding anniversary of Mr. and Mrs. S. L. Powers at Newtonville, Wednesday evening. It was a brilliant social event of the city.

Miss Carrie T. Hardwick of this city, daughter of Mr. and Mrs. Franklin Hardwick of Spear street, among those who graduated from Wellesley college, Tuesday. She received the degree of Bachelor of Arts.

Rev. H. E. Cotton preached his farewell sermon on Sunday. It was unannounced and came unexpectedly. Bishop Jagger, of Southern Ohio, will administer confirmation on Sunday. Sermon by Rev. R. Reed of Concord at 7 P. M.

The route for today relay bicycle race from Boston to Brockton for the Enterprise cup will be through Adams, Hancock, School and Franklin street and Independence avenue in this city. Changes however are made in East Milton and North Braintree. There are six relays for the 22 1/2 miles.

Miss Lottie B. Spear and Mr. E. W. Henry Bass took the silver spoons at the whist contest, on Wednesday evening by the members of the Granite City Club and their ladies. At the conclusion of the game the company indulged in ice cream and cake furnished by Caterer Wales of Chestnut street.

Among the new laws passed in the closing days of the Legislature was an act to authorize the establishment of a building lot on public ways. Where a city has a lot of widening a street in the near future, it would seem desirable to avail itself of its provisions, and we commend it to the Quincy city council.

Miss Alice K. Prescott of Spear street is spending a week at Hull with Miss Florentia Vining. Miss Vining has one of the largest and also the coolest house at Hull. Already this popular house is full of guests and rooms engaged for the whole season. Several Quincy young ladies have engaged rooms for part of August, and a lively time may be expected during their stay.

Friday last week Mr. Abel Nutting, the assessor, hitched his horse in front of Southern's periodical store, but had hardly got inside when a horse belonging to Mr. Harrison O. Southern came dashing by. In avoiding two children he collided with Mr. Nutting's open buggy, and over it went in the twink of an eye, and the horse was plunging in the water while Southern's horse continued on and was stopped without further damage. He had started from Foster street. Mr. Nutting's horse was slightly injured, his shafts broken and harness damaged.

Sons of Veterans Notes.

On the afternoon of June 17th, Camp 27 participated in the military and patriotic parade in Charlestown, twenty-six members being in line, including the S. of V. Drum Corps. The camp was given a prominent position, that of escort duty to the visiting delegation and received many compliments on its fine appearance.

At the State Convention held in New Bedford on June 14th, Lieut. Col. Blaisdell was unanimously elected as Colonel of the Mass. Division. Brother Blaisdell is a son of Judge Eliel of Lowell, a man of sound business judgment and a hard worker for the order, and the Sons of Veterans of this Division are to be congratulated on having so valuable a man as their representative.

State Normal School.

The catalogue and circular of the State Normal School at Bridgewater have been received, and in glancing over the pages we find that it was one of the first three Normal Schools on this continent. It offers excellent advantages to young ladies and gentlemen who desire to prepare for teaching in the public schools of the State. The first class was received in 1840, and the whole number of students who have been members since that time is 3,005, of whom 1,157 were men, and 2,748 women. The prisoners who have received diplomas is 2,249-1,623 of whom were women. Sixty per cent. of the students admitted have graduated. We are proud to say that Quincy has had quite a number of pupils who graduated from its classic halls. New students belonging to this city are now pupils of the institution.

The plant of the Hood & Reynolds dental manufactory at Hyde Park, was damaged about \$20,000 by fire on Tuesday.

The attendance at the World's Fair grows handsomely. The paid admissions on Tuesday last exceeded 90,000.

WOLLASTON.

The Sunday morning prayer at St. Chrysostom church will be conducted by Charles Lyon of Cambridge.

A hearing on the change of grade on Winthrop avenue, will be given by the City Council on Monday evening.

A bad accident occurred at the Prison Point yard of the Boston & Maine on Tuesday. Mr. George Nash, eldest son of Mr. L. W. Nash, of Wollaston, while at work shifting freight cars had one of his feet caught in a switch fork and before he could release it a train backed down on him, passing over his body, instantly killing him. The body was terribly mangled.

Mr. Nash was twenty-five years old and was well known in Wollaston, where his parents have resided for many years.

Mrs. Charles F. Wilde has returned from a visit to New York.

At a meeting of the Wollaston Co-operative bank held on Tuesday evening \$4000 was sold at a premium from 10 to 30 cents.

Miss Marion Sherman of Wollaston is at Chicago.

Miss Lord gave a delightful reception at her home on Hancock street, on Tuesday evening, to her guest, Miss Church of Connecticut. A large number of Wollaston's society young people were present.

The Rev. J. H. Weeks preached at the Wollaston Unitarian church on Sunday. The Wollaston Tramp club had a success to Saturday's tramp and will hold its next today.

Children's Sunday will be observed at the Wollaston Unitarian church on Sunday at 10:45. The Rev. H. L. Wheeler will preach.

The Wollaston Methodist society, which was to have held a social at the park on the seventeenth was forced by the storm to give up the plan and the social was held at Perry's hall, instead.

Mission Work in Japan.

The Young People's Society of Christian Endeavor, held a Missionary meeting at the Wollaston Congregational church on Sunday evening.

Japan and the work done by the American Board of Foreign Missions was discussed at considerable length by different members of the society.

Mrs. Fred K. Bolcher opened the discussion and was followed by Mr. Frank J. Stowe, who gave a brief geographical picture of the country; Mr. William J. Thompson outlined its religious and political history and touched briefly upon its literature; Mr. Edward A. Robinson gave an account of the missionary work done there since the first mission was founded; Mr. Ralph F. Alvord described the rapid strides civilization has made since Commodore Perry opened it to the outside world; Mrs. W. M. Wright told in an interesting manner where the principal missions are located; Miss Mamie Sayward described the kindergarten schools; Miss Elizabeth Jones spoke of the college at Tokyo, and Miss Maudie Thompson of the girls school at Kobe.

SOUTH QUINCY.

Miss Jessie MacMillan left Tuesday for San Francisco, California, where she intends to make her home with her sister, Mrs. Davidson. Miss MacMillan was a very popular and useful member of the Presbyterian church and her departure was much regretted by all who know her, especially the young people.

Prayer Meeting Tuesday evenings. Congregational Prayer Meeting on Thursday evenings. Come and welcome.

Rev. F. Cuffe leaves for Europe today. The prizes for the races July 1 will be on exhibition at Willard's drug store on and after next Tuesday evening.

Mr. Fred Hardwick has given the use of his store for a dressing room for those who enter the races July 1.

William Cruickshank and James Pratt of South Quincy left Saturday on the Pavoia for Glasgow.

Druggist Willard is entitled to many thanks for trying to stir up a little enthusiasm on the Fourth of July. He announces several bicycle races and other sports which should draw a crowd as they did on a former occasion.

The Massaud of the R. N. line on which Richard E. Brooks of Quincy sailed, passed Scilly islands on Monday.

Work commenced this week moving back the edge stones on the north side of Water street, between Franklin street and the depot.

A safe voyage was made on the Bothnia of the Cunard line by Mrs. William Ross and family. Mrs. James W. Ross and Mrs. Arthur Collins and child. They arrived at Queenstown last Saturday.

Graduates of Public Schools.

Friday the public schools of the city closed for the long summer vacation, and from the grammar schools there were graduated 215 young ladies and gentlemen. This is the largest number in the history of Quincy, and is a gain of 38 over last year. By the table below it will be seen that the total is increasing rapidly. From less than 100 in 1887 it is now in 1893 over 200, a gain of 115 or more than double in six years.

The John Hancock is for the first year a full graded school, having previously been only a primary, and there is also a new Lincoln. The former graduates 9.

The Adams heads the list with the largest class ever graduated from a Quincy school. The classes at the Quincy, Washington and Wollaston are larger than in any previous year, while the Coddingdon and Willard are not up to high water mark. Here is a summary for seven years:

1887 1888 1889 1890 1891 1892 1893

Adams 22 25 20 27 34 40 42

"Not Guilty." This is the verdict of the jury in the trial of the murderer of the New Bedford for the murder of her father and mother at Fall River. The jury were good and honest men, and did their work faithfully, but so skillfully was the murder done planned, and so carefully carried out, that the government was unable to produce evidence sufficient to convict it. It is reported that Miss Lizzie and her sister, and the servant, Miss Sullivan, will soon leave for Europe.

GOLD COMING BACK.

Under the influence of a stringency money market in this country, have fallen so low that bankers have found it profitable to transfer gold from Europe. An engagement of \$600,000 in American eagles was made at the Bank of England yesterday for shipment by the steamship Columbia from Southampton.

WEST QUINCY.

Mrs. Jeremiah Lyons attempted to commit suicide Wednesday at her home by shooting herself. The ball entered the left breast, fortunately did not injure any vital spot. A physician was summoned who succeeded in extracting the ball. The wound is not a dangerous one and she will probably recover. She is about fifty years of age, and is supposed to have been married.
